READ—the following paper :—

From Colonel C. A. PORTEOUS, Inspector-General of Police, to the Chief Secretary to Government (through the Accountant-General), dated Madras, 10th October 1892, No. 6271.

I have the honour to submit the budget estimate of the Police Department for the year 1893-94.

RECEIPTS.

2. The receipts for 1893-94 are estimated at Rs. 92,000 against Rs. 91,000 in the current year, showing an increase of Rs. 1,000, which is arrived at as shown below :—

Heads of Receipts.	Estimate for 1893-94.	Estimate for 1892-93.	Increase.	Decrease.

Net Increase	..	..	1,000	..

Item 1.—An addition of Rs. 20,500 has been made in the revised estimate for the current year under "Police supplied to Railways," the amount being the estimated recovery of seven-tenths cost of police actually employed on the South Indian Railway line since 1st January 1891, after deducting the three-tenths cost of the watch and ward establishment of the railway which Government has to pay: *vide* G.O., dated 9th September 1892, No. 1685, Judicial Department.

The cost of the police employed on the Southern Mahratta Railway and the Bezvada Extension of His Highness the Nizam's Guaranteed State Railway is not treated by the Accountant-General in the manner laid down in Note 116 on page 652 of the Civil Account Code, 2nd Volume, viz., that receipts from the Railway Companies

should not be shown on the credit side of the accounts, but should be deducted from the gross debit. I think, however, that when the scheme for the establishment of a regular Railway Police, which is now under the consideration of Government, is sanctioned, the method of adjustment laid down in the note above quoted will be adopted and I have accordingly shown the *net* Government share of the estimated cost of Railway Police on the charge side in the budget estimate for the next year. Only the figure of Rs. 2,500, the estimated recovery from the Southern Mahratta and His Highness the Nizam's Guaranteed State Railway Companies, is repeated for the next year under the head of Receipts, in accordance with the present practice.

Item 2 (e).—The increase in the actuals over the previous year's figure is found under "Pound fees," Rs. 2,000, and license, &c., fees, Rs. 1,000. The Commissioner of Police explains that in 1890-91 a larger expenditure (Rs. 1,132) was incurred on account of repairs to pounds, &c., while in 1891-92 the expenditure was only Rs. 332, which caused an increase in the net receipts, and that, besides this, a much larger number of animals was impounded during the latter year in B and H Divisions principally. The estimate for the next year has been raised by Rs. 1,000.

Item 4 (a).—The average of three years' actuals being Rs. 822, the estimate has been fixed at Rs. 800.

Item 6 (a).—The estimate for 1892-93 has been repeated for the next year. The value of muzzle-loading smooth-bore carbines to be returned into the Arsenal in exchange for the converted Sniders which are being issued by the Military Department since July 1892, under G.O., dated 17th May 1892, No. 928, Judicial Department, will be credited to this head during the current year and the next.

Item 6 (b).—The average of the past 3 years' actuals is Rs. 2,144. The estimate for the next year has been fixed at Rs. 2,000. The total receipts during 1891-92 under Items 6 (a) and (c) are nearly the same as in 1890-91. The slight changes in the estimate under the other heads of receipts have been made with reference to the actuals.

EXPENDITURE.

3. The estimated expenditure under "Provincial," exclusive of requirements on account of Stationery and Printing, which are given separately, is Rs. 42,37,000, against Rs. 40,62,000, the budget grant of the current year, shewing an increase of Rs. 1,75,000 falling under the following heads:—

	Increase.
	RS.
Presidency Police	5,500
Superintendence	18,000
District Executive Force	1,29,450
Village Police	450
Railway Police	21,600
Total	1,75,000

4. *Presidency Police.*—The increase of Rs. 5,500 in the estimate under this head is arrived at as follows:—

	Increase.
	RS.
1. Superintendence—Local allowance of the Deputy Commissioner of Police	1,200
2. Office contingencies	270
3. Town and Suburban Police—Less deduction on account of probable savings	3,558
4. Rent, Rates and Taxes	200
5. Mounted Police—Cost of feeding horses	272
Total	5,500

Item 1.—Sanctioned in G.O., No. 912, dated 16th May 1892, Judicial, on the revision of the pay of superior Police officers.

Items 2, 4 and 5.—The estimate of the Commissioner of Police provides for the small increase under these heads.

Item 3.—The actuals of 1891-92 under "Rural, Town and Suburban Police" show an increase over the preceding year's figure and it is mainly due to the introduction of District Inspectors and other changes sanctioned in G.O., No. 1563, dated 23rd September 1890, Judicial, which took effect from 1st November 1890. The amount of probable savings has been diminished with reference to the actuals of 1891-92.

Against salaries under "Commissioner of Police" in the actuals of 1891-92, the increase is due to the acting allowance paid to Mr. Simpson, who acted as Commissioner during Colonel Weldon's absence on privilege leave for 20 days in August and September 1891. During this period the pay of the Deputy Commissioner was a saving, which accounts for the decrease in the actuals against "Deputy and Assistant Commissioners of Police."

The increased expenditure on account of clothing during 1891-92 is due partly to the periodical issue of cumbies and partly to a portion of the supplies which should have been made before 31st March 1891 having been issued in April 1891 and charged for in 1891-92.

5. *Superintendence.*—The net increase of Rs. 18,000 in the estimate is accounted for as shown below:—

	Increase.	Decrease.
	RS.	RS.
1. Deputy Inspector-General of Police	18,000	
2. Office establishment		1,140
3. Less deduction on account of probable savings	208	
4. Local allowance of Assistant Inspector-General of Police	1,200	
5. Travelling allowance	1,000	
6. Equipment charges		2,400
7. Postage	300	
8. Telegram	100	
9. Rent, rates and taxes	200	
10. Office expenses and Miscellaneous	482	
	21,540	3,540
	3,540	
Net Increase	18,000	

Item 1.—The appointment of a 3rd Deputy Inspector-General and the revision of the scale of pay sanctioned in G.O., No. 912, dated 16th May 1892, Judicial, account for increase under this head.

Item 2.—The decrease is due to the occurrence of a vacancy in the higher grade, the clerks promoted from the lower grades starting with the minimum pay of their respective grades.

Item 4.—The local allowance has been raised to Rs. 200 per mensem—*vide* G.O., above quoted.

Items 5, 7, 8, 9 and 10.—The increased provision under these heads has been made with reference to past actuals and the contingent charges of the 3rd Deputy Inspector-General of Police.

Item 6.—Two elephants having been bought last year for the Deputy Inspector-General, Northern Range, the provision for purchase of elephants has been eliminated in the next year's estimate. The purchase made in 1891-92 accounts for the increase in actuals.

The increase against Deputy Inspector-General of Police in the actuals of 1891-92 is due to the debit to this head of the salary of Colonel Chrystie, who acted for Colonel Rolland when he went on privilege leave in April 1891. The appointment of Assistant Inspector-General having been held by Colonel Wilton, who drew Rs. 1,132-4-0 per mensem, accounts for the increase against the head "Assistant Inspector-General."

	Increase. RS.	Decrease. RS.
3. The amount of local allowance actually paid for men deputed to quell the Gudem disturbances— <i>Vide</i> G.O., dated 26th January 1892, No. 104, Financial Department	3,600	..
4. The cost of the extra force sanctioned on account of distress in Kurnool, North Arcot and Chingleput	4,500	..
5. Deduct decrease under other items	..	100
	23,100	100
	100	..
Net Increase	23,000	..

Considering the expenditure during 1891-92 and the first four months' expenditure during the current year under total pay of Police force, viz., Rs. 8,85,000, a smaller deduction than that made by the Accountant-General in the current year's estimate for probable savings has been made in the estimate for 1893-94.

Item 9—Platform Constables.—

	Increase. RS.	Decrease. RS.
Pay of 8 constables, 1st class, sanctioned for Anantapur district in G.O., dated 6th May 1892, No. 857, Judicial	768	..
Pay of 7 constables, 1st class, and 5 constables, 2nd class, sanctioned for Cuddapah district in G.Os., dated 26th February, 6th May and 8th June 1892, Nos. 360, 357 and 1074, Judicial respectively, ...	1,344	..
Pay of 2 head constables, 4th grade, 22 constables, 1st class, and 5 constables, 2nd class, sanctioned for North Arcot district in G.Os., dated 26th February and 6th May 1892, Nos. 360 and 857, Judicial, respectively	2,868	..
Pay of 7 constables, 1st class, and 2 constables, 2nd class, sanctioned for South Arcot district in G.Os., dated 8th March and 26th February 1892, Nos. 451 and 360, Judicial, respectively	840	..
Pay of one constable, 2nd class, transferred from Rural to this head	84	..
Total Increase	5,904	..

Item 10—Sub-Jail Guard.—

	Increase. RS.	Decrease. RS.
Pay of one constable, 1st class, and 2 constables, 2nd class, withdrawn owing to the closing of the Berhampore Sub-Jail agreeably to G.O., dated 6th November 1891, No. 2256, Judicial	..	264
Less deduction on account of probable savings	264	..
	264	264
	264	..

Item 11—Treasury Guard.—

	Increase. RS.	Decrease. RS.
Pay of one head constable and six constables sanctioned for Piler Sub-Treasury in G.O., dated 16th March 1891, No. 193, Financial, withdrawn as not required	..	696
Less deduction on account of probable savings	296	..
	296	696
	..	296
Net Decrease	..	400

Item 12—Hospital Charges.—Provision has been made under this head according to the estimate of the Surgeon-General with the Government of Madras, and a larger deduction has been made for savings with reference to past actuals:—

	Increase. RS.	Decrease. RS.
Apothecaries	..	150
Servants	258	..
Contingencies	..	100
Larger deduction on account of savings	..	808
	258	1,058
	..	258
Net Decrease	..	800

Item 13—Travelling Allowance.—The actuals show an increase of Rs. 25,877 over the preceding year's figure which is accounted for as follows:—

	Increase. RS.
(a) Increased expenditure on railway warrants	11,300
(b) " " in other travelling allowances	14,577
	25,877

(a) The increase is due to the extension of Railways (Villupuram, Nellore and Pakala sections) and to the payment of railway fares on account of the police party temporarily employed under Inspector Subbaraya Mudaliyar on Railway Police duty. The increase in Item (a) mainly contributed to the excess in the expenditure over the grant.

(b) The improved rates of travelling allowance to Inspectors which were published in June 1890 increased the expenditure during about 7 months only in 1890-91 and that of the whole year in 1891-92. The disturbance in the Gudem tracts to which 10 Inspectors were deputed on special duty for 3 or 4 months, the addition of a temporary force of about 150 men sanctioned in the districts of Kurnool, North Arcot and Chingleput, caused an increase in travelling allowance. Under Superintendents' and Assistant Superintendents' travelling allowances, there was an increase of Rs. 1,000. Compared with 1888-89, the expenditure in 1891-92 shows an increase of Rs. 43,000, of which Rs. 18,000 are in railway warrants (which has risen from Rs. 34,000 in 1888-89 to Rs. 52,000 in 1891-92), Rs. 16,000 under Inspectors (from Rs. 6,000 in 1888-89 to Rs. 22,000 in 1891-92), and the remainder Rs. 9,000 under head constables and constables, the last two being due to the improved rates of travelling allowances of Inspectors and the men which came into force since 1889-90. The expenditure during the first four months of the current year is Rs. 53,000, and I consider this may be taken as the normal amount of travelling allowance for the present strength of the force at the improved rates. I request, therefore, that the provision of Rs. 1,60,000 in the revised estimate for the current year and in the estimate for the next year may be passed.

Item 14—Way Charges of Escorts.—The estimate has been raised to Rs. 2,000 with reference to past expenditure.

Item 15—Clothing, Arms and Accoutrements.—The expenditure under clothing, arms and accoutrements during 1891-92 shows a large, and to a certain extent un-anticipated, increase over the actuals in 1890-91, which is accounted for as follows:—

	Increase.	Decrease.
	RS.	RS.
Decrease in clothing owing to reduction of the guard		100
.. .. . in contingencies on the same account		60
Larger deduction on account of probable savings		152

With reference to G.O., No. 1290, dated 12th July 1892, passing orders on the scheme for the establishment of a Railway police, an arbitrary sum of Rs. 1,10,000 has been entered in the estimate for the next year. The figure entered by Government in the current year's budget excludes cost of clothing and contingencies and proportionate cost chargeable to Government on account of watch and ward establishment. The revised estimate for the current year has been reduced to an arbitrary figure of Rs. 25,000.

9. *Stationery and Printing.*—The current year's estimate has been repeated. The actuals for 1890-91 included Rs. 900 for printing the revised Police Order Book. The disappearance of this item shows a decrease in the actuals for 1891-92.

No. 3123.

Forwarded to the Chief Secretary to Government, Financial Department, with the actuals verified according to the books of this office. The minor head *Police supplied to Railways* does not exist in the estimates or accounts of this Presidency, where the recoveries effected relate to the pay of the Police guards supplied for the purposes of watch and ward, which is not a Railway Police charge proper, under the note quoted by the Inspector-General of Police; hence such recoveries are, under instructions from the Comptroller-General, taken to the head *Police supplied to Public Departments, &c.*

FORT ST. GEORGE,
22nd October 1892.

(Signed) T. W. RAWLINS,
Accountant-General.

ORDER—dated 26th November 1892, No. 1280, Financial.

The Inspector-General estimates the receipts of the Police Department in 1893-94 at '92. They were taken at '91 for the current year, and the actuals of 1891-92 amounted to '898. These estimates are fair and are accepted.

3342/6

2. On the side of expenditure, Colonel Porteous asks for a sum of 42.37 in 1893-94, against 40.62, the current grant, and 39.25, the actuals of 1891-92. The figures are abstracted below in lakhs of rupees:—

20. Police.	Actuals, 1891-92.	Grants, 1892-93.	Estimate, 1893-94.	Increase in 1893-94 as compared with 1892-93.
	LAKHS.	LAKHS.	LAKHS.	LAKHS.
A. Presidency Police	2.54	2.54	2.59	+.05
B. Superintendence	1.23	1.16	1.34	+.18
C. District Executive Force	35.16	35.86	36.95	+.19
D. Village Police	.06	.10	.11	+.01
E. Special Police	.09	.09	.09	..
F. Railway Police	.14	1.07	1.29	+.22
Total	39.25	40.62	42.37	+ 1.75

3. The increase under A is mainly due to the smaller deductions made by the Inspector-General for probable savings. The Government, however, is not satisfied that a grant of 2.54, agreeing in amount with the actuals in 1891-92 and the current grant, will be insufficient.

That under B is entirely due to the appointment of an additional Deputy Inspector-General and will stand.

Under C the provision of .39 made in gross in the current year for the reorganization of the superior staff has now been distributed under the appropriate heads.

The deduction made for probable savings under Salaries and Rural Police Force amounts only to 1.01, against 1.40 in the current year. As, however, the actuals justify the estimates, no further retrenchments are called for.

Satisfactory grounds for the increase of .21 under Travelling Allowances are stated by the Inspector-General.

Under Clothing, Arms and Accoutrements, the expenditure and estimates of recent years have been as follows:—

	Actuals, 1890-91.	Actuals, 1891-92.	Grant, 1892-93.	Revised Estimate, 1892-93.	Estimate, 1893-94.
	LAKHS.	LAKHS.	LAKHS.	LAKHS.	LAKHS.
Clothing of all kinds	1.22	2.08	1.40	1.63	1.70
Arms and Ammunition	.20	.30	.30	.88	.75
Total	1.42	2.38	1.70	2.50	2.45

A grant of 2.30 will be assigned.

4. The provision of 1.12 made in the current year for strengthening the subordinate Police Force is raised to 1.35 and includes clothing and contingencies; even if the scheme is sanctioned, it may not be in operation throughout the year. The same remarks apply to the cost of the new Railway-Police scheme, which is raised from .87 to 1.10. The Inspector-General's figures will be accepted provisionally, but minus entries for savings of .23 in both cases will be made.

5. The grants will then stand as follows:—

	LAKHS.
A. Presidency Police	2.54
B. Superintendence	1.34
C. District Executive Force	36.57
D. Village Police	.11
E. Special Police	.09
F. Railway Police	1.06
Total	41.71
