Proceedings of the Board of Revenue

(Land Revenue),

Dated 26. October 1892

No. 6873 Mes.

3367

Read— Again B. O. no. ⁴⁵⁶⁶ ~~27.7.92~~ Mes., returning countersigned an estimate for Rs. 3590 on account of the annual repairs to the Rev. Board Office forwarded by the Consulting Architect to Govt. and requesting him to make provision in a supplementary estimate for carrying out the same.

Read also the following letter from the Consulting Architect to Government, to the Secretary, to the Commissioners of Land Revenue, dated 28. September 1892, No. 1981:—

With reference to the Board's Resolution No. 4566 Mes. dated 27. July 1892, I have the honor to state that works referred to come under the head of new works and will probably cost about Rs. 1300, and the flooring of the Members' rooms with mintons tiles and painting ^{walls} ~~work~~ referred to in your D. O. letter dated 21. July 1892 will cost between Rs. 4600 to 4700 Rs.

As I am precluded from preparing Estimates for new works at the request

of

of heads of Departments I request that you will be so good as to obtain the necessary orders of Government for the preparation of the Estimate for the works referred to.

Resolution

The Board begs to request the sanction of Government to the preparation by the Consulting Architect of an estimate for the following works to be carried out in its office building.

1. Painting Members' rooms and flooring them with Minton tiles in lieu of the present matting which is constantly requiring repairs and is, moreover, nearly worn out.

2. Fixing a hydrant in the verandah of the upper story for supplying the Survey Department with water for their photograph Chamber and also for supplying water for fountains. The erection of the hydrant will effect a saving in the
hire

hire of Coolies. The employment of the latter is objectionable as they dirty the stair cases &c.

3367
✓

3. Replacing the wooden roof of the verandah of the South wing by a tiled roof as the present roof leaks considerably.

4. Fitting wooden battens in the archways between the Settlement Department record room and the Forest office and removing the present screen which entirely obstructs the ventilation of the record room.

5. Fixing iron straps to a fall pipe in the Northern Verandah.

6. Unfixing and refixing iron hold fasts of punkahs.

7. Repairing fringes of 3 punkahs.

8. Repairing iron rods of the new ventilators near the Salt Deputy Commissioners' office.

9. Replacing a pane of glass, broken, in the arch of the doorway.

Deputy

Deputy Commissioners office.

10. Supplying 25 yds. $1\frac{1}{2}$ in. rope for
punkahs.

The Consulting Architect states
that these works will probably cost
about Rs 6000.

H.E. No 5082 of 22.10.92

The Consulting
 Architect is authorised
 to prepare the requisite
 estimates, items 2 & 3
 being separately
 treated. The other
 items seem to be
 petty repairs which
 the Cons. Architect
 can deal with
 himself. ~~except~~ the

provision of Minton
tiles for members' ^{rooms}
rooms, ^{which} cannot,
in the present state
of the finances, be
approved.
