From the President, District Board, Tanjore, dated 16th December 1891, No. 341.

With reference to G.O., Mis. No. 3006 L., dated 30th November 1891, I have the honour to report that, with the exception of the marginally noted four items under the Mannárgudi Taluk Board, the rest have been duly provided for in the budget for 1892–93. The provision made by the Mannárgudi Taluk Board for the first three works is Rs. 607 less than the amount entered in the extract received with the Government Order. As regards the fourth item, the Executive Engineer, Negapatam division, applied for Rs. 405 instead of Rs. 190 entered in the Government extract owing to the heavy traffic on the road, but the President, Taluk Board, has allotted Rs. 338.

—	As proposed by the Executive Engineer.	As provided in the Taluk Board budget.	Difference.
	RS.	RS.	RS.
(1) Item No. 15, road No. 51 from Munniyar along the south bank of Harichandranadi (item 33 of the budget)	1,340	1,080	260
(2) Item No. 16, road No. 63 from road No. 26 near Tiruturaipúndi or from Pamani to Kallimodu (item 34 of the budget) ...	1,270	1,058	212
(3) Item No. 17, road No. 51 from road No. 18 to Mulliyar head and joining road No. 35 and thence to Talanayar on the right bank of the Harichandranadi (item 35 of the budget)	675	540	135
(4) Item No. 19, road along the left bank of the Korayar on road No. 23 to Mulliyar head (item 37)	405	338	67

2. At the District Board budget meeting, the President of the Taluk Board adhered to the opinion that the provision made by his Board was adequate and had been made on due consideration. If in the course of the next year further provision is needed, the Taluk Board can then be moved to allot the funds required.

From the President, District Board, Kistna, dated 15th December 1891, No. 185.

ABSTRACT.—Stating that certain amounts have been inserted in the District Board budget for 1892–93.

From the President, District Board, Ganjam, dated 13th December 1891, No. 1680.

ABSTRACT.—Stating that he has no remarks to offer regarding the maintenance of the portion of Aska-Suradá road with the grant specified.

Order—dated 11th January 1892, No. 60 L., Local and Municipal.

The lists, received from the Public Works Department, with the memorandum recorded in the Government Order read above, are approved with the remark that the grants for the four roads specified in para. 1 of the letter from the President, District Board, Tanjore, should, in the circumstances stated by him, be reduced by Rs. 459 or Rs. 460 in round numbers. The total allotment from Local funds for works to be executed by the Public Works Department in 1892–93 will then be Rs. 29,120.

2. The necessary provision will be made by Government in the District Board's budgets for 1892–93 for payment to the Public Works Department of its charges for scrutiny of Local fund plans and estimates and for supervision, including tools and plant.

ORDER—dated 4th February 1892, No. 338 W., Public Works.

In the Proceedings recorded above, a grant of Rs. 29,120 is made by the Local and Municipal Department for expenditure by the Public Works Department during 1892–93 on Local fund works under Act V of 1884 and the budget estimate has accordingly been prepared for that amount.

2. The receipts and charges under Canal and Ferry funds in the Godávari district having been transferred * to Local funds under Act V of 1884, the works brought forward by the Superintending Engineer, I Circle, under Canal and Ferry funds have been reclassed accordingly.

3. The Financial Department having decided † that, as only a single work under Port funds was approved by the Presidency Port officer, it was not worth while to prepare a budget, no provision has been made for works under Excluded Local funds proposed by Superintending Engineers for execution during 1892–93.

4. In Public Works Department memo. No. 5544 C., dated 9th December 1891, the Educational Department was requested to instruct the Registrar of the University of Madras to place a sum of Rs. 1,618 ‡ at the disposal of the Public Works Department for repairs to the Senate House at Madras. No reply has yet been received and the grant has therefore not been included in the preliminary issue of the budget. It will be entered in the final issue if sanctioned in time.

5. The difference between the budget and the revised estimates of charges for 1891–92 under Incorporated and Excluded Local funds is due to allotments made during the year for incomplete works of 1890–91 and for new works subsequently found necessary.

6. With these remarks, the preliminary issue of the Incorporated and Excluded Local fund budget estimates for works to be carried out by the Public Works Department during 1892–93 will be printed and circulated to the officers concerned for information and guidance and four copies will be forwarded to the Government of India, Public Works Department.

The provision made by the Mannargudi Taluk Board for the first 3 works is Rs 607 less than the amount entered in the extract received with the G.O. As regards the 4th item, the Executive Engineer Negapatam Division applied for Rs 405 instead of Rs 190 entered in the Government extract owing to the heavy traffic on the road, but the President Taluk Board has allotted Rs 338.

2. At the District Board Budget meeting, the President of the Taluk Board adhered to the opinion that the provision made by his Board was adequate and had been made on due consideration. If in the course of the next year further provision is needed, the Taluk Board can then be moved to allot the funds required.

3. The Financial Dept. having decided° that as only a single work under Port Funds was ~~brought forward~~ approved by the Presidency Port officer, it was not worth while to prepare a budget, no provision has been made for works under Excluded Local Funds proposed by Suptg. 5. The difference between the budget and the revised estimates of charges for 1891-92 under Incorporated and Excluded Local Funds, is due to allotments made during the year for incomplete works of 1890-91 and for new works subsequently found necessary.
