No. 276 B.C.

Submitted to the Chief Engineer, Public Works Department, for favour of obtaining the necessary sanction of Government to the Executive Engineer's proposal under para. 20, chapter XI, volume I, of the Government of India Public Works Department Code.

29th November 1892.

(Signed) J. W. MARTIN,
Superintending Engineer, II Circle.

ORDER—dated 10th December 1892, No. 3389 W., Public Works.

The sale of the building and land by the Revenue Department is sanctioned, a reserved price of Rs. 1,000 being put on the property.

(True Extract.)

Koratur Bungalow

Sale by the Revenue department of the
— and land attached to it in the Buck-
ingham canal division, sanctioned.

C. No. 11959

The land with the
trees growing on it,
is probably more
valuable now than
when purchased.

It is thought that should
be a better price
for the bungalow
& land, and so
it is thought that
Rs 1500 would be
a good price.

W

From A. S. Russell Esquire, ²⁷⁸⁹ Executive
Engineer, Buckingham Canal to the
Superintending Engineer, II Circle, dated
Ramanapattinam, 19th November 1892, No. 1684.

I have the honor to request sanction
to sell by public auction the partially
ruined bungalow at Honatur with
the land attached. The accompanying
memo gives particulars regarding the
building and land adjoining.

2. The bungalow was bought in
1897 at a cost of Rs. 1,500 for the use of
officers who were then employed in the
construction of the Canal. Vide L.O. No.
2431 of 13th September 1896. It is half a
mile away from the Canal, but a branch
Channel from the Canal to the bungalow
formerly existed. This Channel having
since been closed and there being no
road to the Bungalow, the building
may now be said to be of no use to
the Canal and has not been occupied
for a long time past. If sold, together
with the land adjoining, which is suitable
for grazing purposes and for forming
Casuarina plantations, it would
probably attract bidders. At present

a watchman at a cost of Rs 60 per annum, is maintained to guard the property, and there is absolutely no return for this outlay.

3. The bungalow is partially in ruins, and is in a remote and inaccessible position by the sea shore, so that it would, in all probability, be of no use to any Government department.

Memo. dated 19-11-1892, accompanying the above.

Korater Bungalow and ground attached.

Situation. The property is situated about half a mile to the East of mile 107 of the Buckingham Canal, and is in immediate proximity to the sea, the Korater Village lying to the West on opposite side of the Canal.

Bungalow. The bungalow consists of one large room and a verandah all round, the western verandah being enclosed. The roof is tiled.

Ground. The ground is enclosed with the bungalow measures about 22 acres, and is planted chiefly with Casuarina trees, from 3 to 20 years old and about 3000 in

3389

number. There are about 200 full and half sized palmyrah trees and plants to the number of 1,000. There are also a few mangoes and other trees. The ground is also valuable for grazing purposes.

Sheds &c. There are two small sheds now used by the gardeners, and two pot wells.

No 2768C dated 29th Nov. 1892

Submitted to the Chief Engineer, Public Works Department for favor of obtaining the necessary sanction of Government to the Executive Engineer's proposal, under para 20 Chapter VI Vol I of the Government of India, O.P.W. Code.
