Executive Engineer of Bellona

Sir,

I have the honor to acknowledge receipt of your letter of 8th 898 dated 30 July enclosing copies of the estimates in both detail & abstract forms with report for Rs 600 for the improvement of the American Baptist Mission Cemetery at Angola.

I further beg to state that I have read para 5th of the letter of D^r. Blough dated March 9th, 1891, in which he agrees to pay one half of the cost of keeping the said Cemetery in proper order. In accordance with this promise I remitted at the request of the Sub Collector of Bellona Rs 15 for work which was executed in February

February last to the Angole Taluk Treasury
on July 1st and have also agreed to pay the
share of the Mission for repairs just now needed
as determined by the Thasildar of Angole &
myself on a recent inspection.

I am surprised, therefore that
I am now again called upon to pay Rs 300/-
for still further repairs & improvement.

I learn that Dr. Clough bought an
iron gate last year for Rs 87/- constructed
two gate-posts on the eastern side of the
Cemetery and had some more work done
which is now included in the said estimate
at a further cost of Rs 150/-. As I am acting
only temporarily for Dr. Clough, I hardly feel
at liberty to support such radical changes
as described in your Memorandum. And
since the Cemetery is now in substantial
repairs I would prefer to wait with the
execution of the work until Dr. Clough's
return to Angole in March next.

But should Government
insist on doing the work now, then I would
ask that you would kindly have the
estimate revised and the expense
reduced since the Mission has already

supplied some of the material contained
in the estimate.

I am &c

the repairs are now considered unnecessary, owing to a greater
