No. 13357CTrichinopoly, 2^d December 1892.

From

Lt Col. A. C. Smith P.E.
The Superintending Engineer,

6th CIRCLE.

To

The Chief Engineer,

PUBLIC WORKS DEPARTMENT.

SIR,

ENCLOSURES.

With reference to G.O. No. 2425 W. of 31st August/92, ordering execution by this Department of the repairs required to the drains of the 1st Madras Pioneer Lines at Trichinopoly, I have the honor to state that the estimate prepared for the repairs according to the suggestion of the Officer Commanding the Regiment, and which has been approved by the General Officer Commanding, Southern District, amounts to Rs 3390 or Rs 2580 including Regimental Labour available for the work.

2. I have sanctioned the estimate (which provides for entirely replastering the drains with Portland Cement which will certainly be

more substantial than ordinary
Chunam plaster and which will
be found the cheapest in the long
run;) for execution when funds are
available, the current year's grant
under Repairs Military, for the
Trichinopoly Division, having been
already appropriated. In fact,
the amount of estimates sanctioned,
except the one under reference, has
already exceeded the grant.

3. It would appear that the repairs
to the drains are necessary from
a sanitary point of view. I
request therefore that, if possible,
an additional grant of Rs 2,000
may be sanctioned at once under
Repairs Military for the above
division, in order that timely
arrangements may be made for
proceeding with the repairs. If
there is no prospect of the amount
being granted now, I would request
that the amount Rs 5,000 applied
for in the next year's Budget be
increased by Rs 2,000.

4. The Military authorities would
like to have the repairs carried
out this year, if possible.

248/V
I have the honor to be,
Sir,

Yours most obed^t Servant,

Alcuth Lt Col. R.E.
Suptg. Engineer
W. Birch

Read the following

From the S.E. VI Circle No. 1335 J.C. d/2 Decr. 1892

As funds are not
likely to become available
in the current official
year for the work in
question, the necessary
provision will, as
suggested by the Suptg.
Engineer, be made in the
Military Work's Budget
for 1893-94.
