GOVERNMENT OF MADRAS.

MARINE DEPARTMENT.

3493
1

READ—the following papers:—

From W. A. WILLOCK, Esq., Collector, Vizagapatam District, to the Chief Secretary to Government (through the Presidency Port Officer), dated Vizagapatam, 14th November 1892, No. 3338.

With reference to G.O., dated 7th October 1892, No. 210 R., I have the honour to inform Government that Mr. Brown reported himself for duty here on the 5th instant.

2. At the end of October last we had a very heavy fresh out of the backwater, the water flowing at a rate estimated by Mr. Spring, Chief Engineer, East Coast Railway, at 8.7 knots per hour. This has effected a very great improvement in the state of the mouth of the harbour, but not so much as I should have expected. This seems to have been due to a strong southerly current which was running at the time at sea and which diverted the course of the flood against the eastern instead of the southern end of the bar, where its force seems to have been much broken up and dispersed by the surf. The conditions which now prevail are, however, very different from those of Mr. Thorowgood's examination, and the re-survey on his lines will give very valuable information.

3. Mr. Brown will need some establishment to aid him in this work, which will take about two months. I propose the following:—

	Total per mensem.
	RS.
1 Tide-gauge reader at Rs. 15 per mensem	15
1 Leadsman at Rs. 15 per mensem	15
3 Lascars at Rs. 6 each per mensem	18
1 Tindal at Rs. 8 per mensem	8
6 Boatmen at Rs. 7 each per mensem	42
1 Draftsman at Rs. 20 per mensem	20
Total	118

These rates are somewhat lower than those paid last year. The draftsman might perhaps be lent by the Department of Public Works. The cost of establishment will be Rs. 236 for two months.

4. Last year a boat was borrowed from the Madras Harbour Trust, as a masula boat is not suitable for such work. I can lend Mr. Brown a large one of my own which I have just fitted up and which is well suited for work in the sea at Vizagapatam at this time of year. I think, however, that I should not have to do this at my own risk. Contingent expenses may be set at Rs. 134, making a total of Rs. 370.

5. Mr. Brown will have to live in Waltair, and as his work will take him a long way from his house and as his stay will not be such as to admit of his providing himself with a carriage and horse, I trust that Government will allow him the usual conveyance allowance, in addition to such deputation allowance as it may think fit. Rs. 100 per mensem was allowed last year, and his duties on the present occasion will be much more responsible.

6. I trust that the copies of Mr. Thorowgood's charts which I asked for by wire on the 24th ultimo will be supplied at a very early date, as the season is admirably suited for pushing on the survey.

10TH DECEMBER 1892, No. 455, MARINE.

No. 1066—424-G.

Forwarded to Government, observing that the establishment proposed is not excessive and will be necessary should the Government decide that the re-survey in question is to be undertaken, in which case the other proposal of Mr. Willock might be sanctioned to the extent of Rs. 100 per mensem.

MADRAS,
22nd November 1892.

(Signed) H. A. STREET, Commander, R.I.M.,
Presidency Port Officer.

No. 1851.

Transferred to the Public Works Department for orders in regard to the proposed re-survey.

24th November 1892.

(Signed) J. F. PRICE,
Chief Secretary.

No. 5074-C.

Transferred to the Marine Department.

2. In the opinion of the undersigned the re-survey suggested by Mr. Willock is advisable, and the establishment and cost proposed in paragraphs 3 and 4 of his letter are reasonable.

1st December 1892.

(Signed) G. T. WALCH,
Ag. Chief Engineer and
Secy. to Govt., P.W.D.

Telegram from the Chief Secretary to Government, to the Collector of Vizagapatam, dated 3rd December 1892.

673. Your 3338, fourteenth November. Re-survey approved and expenditure rupees three hundred seventy sanctioned. Further orders will follow.

ORDER—dated 10th December 1892, No. 455, Marine.

As the Chief Engineer is of opinion that the re-survey suggested by Mr. Willock is advisable, the Government sanctions its being carried out by Mr. H. S. Brown, the Reserve Port Officer, whose services have already been placed at Mr. Willock's disposal.

2. The establishment enumerated in paragraph 3 and the contingent expenditure mentioned in paragraph 4 of the Collector's letter have already been approved by telegraph. A proposition statement should be submitted.

3. Orders on paragraph 5 will issue in the Financial Department, with reference to G.O., dated 25th February 1892, No. 247, Financial.

4. The charts referred to in paragraph 6 were forwarded by the Public Works Department to the Collector on the 8th November last.

5. Orders in regard to the draftsman will issue in the Public Works Department.
