10TH DECEMBER 1892, No. 3390.W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper:—

Note by the Acting Chief Engineer, Public Works Department.

The information afforded by the progress report, form E of G.O., No. 1064 W., dated 23rd April 1881, leaves the Chief Engineer in the dark as to what works are actually in hand and what progress is being made with them; he is at liberty, under the orders quoted, to call for reports on individual works in forms B and C also; this has been seldom done and would, if often resorted to, involve considerable labour on subordinate offices.

2. What is wanted in the central office is a form of report based on the lines of the budget programme, *i.e.*, major works with separate allotments being shown in detail, and the grants for "Minor works" and "Repairs" lumped together, one return being submitted for each circle.

3. The exact form proposed is attached to this note. It is simple in character, and will not take much more time to prepare than the present form E, while the information afforded will be such as will enable the Chief Engineer to watch the progress of outlay against budget allotments.

On, being insufficient certain repairs have not been commenced although some of them are urgent. In this office No. 1118. T.Cd/21st October/92, an additional grant of Rs 605 was applied for, but in L.O. No. 3086 d/10th September/92, it is said that the allotment will, if possible, be made later on in the year. As, however, some more estimates have since been sanctioned, the grant now applied for is necessarily required. The amount now applied for is in addition of Rs 2000 applied for in this office No. 1335⁷⁰ for repairs to the drains of the 1st Pioneer Lines.

Item ii. The work was put in hand & liability incurred to the extent of Rs 91. An allotment is necessarily required, which may be met from the amount surrendered in items 5 & 6.

Item iii. Surrendered as there are no estimates to work on the grant.

Item iv. Work Completed and the balance of grant not required.

Items v & vi are likely to be completed by the 31st March/93, but as the closing of the contractor's accounts might take some time, it is thought that a portion of the current year's allotment might as well be surrendered.

I have the honor to be
