Rushikulya D^o office
Dogam 5th July 1892

From

W. C. de Llorca Esq:
Executive Engineer
Rushikulya D^o

To

The Superintending Engineer
First Circle

Sir

I have the honor with reference to your N^o 201 G. N. dated 13th May 1892, to forward a statement showing the distribution of Work establishment in the Aska and Russellkonda Sub-Divisions, and under the detached offices, and the quantity of stationery required.

2. The indents of stationery made by the Sub-Division officers, are invariably in excess of the quantity actually supplied them; the difference being on account of the temporary Work Establishment, and the supply of stationery in my experience is never sufficient. Masters and Gunastaks therefore have to supply stationery at their own expense, which does not appear to me fair and which certainly leads to their committing as little

as possible to paper.

3. I have therefore the honor to request that you will be good enough to approve the indent and forward it to the Chief Engineer for Irrigation.

I have the honor
to W. C. de Morgan
Executive Engineer
Rushikulya D^o

EXECUTIVE ENGINEER'S OFFICE,

GODAVARI EASTERN DIVISION.

Dowlaisheram 29th October 1892

Desp 1. 11. 92.

From

C. Mitford Smith Esq. M.A. I.C.E.
The Executive Engineer,

Godavari Eastern Division.

To

The Superintending Engineer
First Circle.

Sir,

Enclosures.

In reference to your endorsement No 421 G.L. dated the 24th Instant on G.O. No 2741 W of 3. 10. 92 circulating Rules for regulating the supply and consumption of stationery and printed forms, I have the honor to bring to your notice that in rule 23 of the pamphlet, it is stated that the establishment given in the distribution statement attached to the indent shall be a counter-part of the annual establishment list submitted to the Accountant General (Examiner P.W. Accounts as regards the P.W.D.) in April and as it is the only check in the hands of the Superintendent of stationery for regulating the supply of articles issued on a fixed scale accuracy.

is essential.

(2) In this Division there are some temporary clerks and gunmasts whose pay is charged to works (as detailed in the margin) and who are not included in the annual statement of establishment sent to the Examiner.

2 clerks in the
boat office
1 Bill writer
1 Assistant
4 Loading Gunmasts
7 temporary gunmasts

3. It was hitherto usual to include some of these men in the Distribution statement attached to the Stationery indent and to supply them with the stationery articles as they cannot do their work without supply of stationery.

4. Rule 3 of the pamphlet shows that no articles whatever of stationery should be purchased locally without the sanction of Government obtained through the Superintendent of Stationery.

5. Under these circumstances I have the honor to request that sanction of Government be obtained for the temporary men referred to above being supplied with stationery as the quantity to be issued to them according

SIR,

I have the honor to submit herewith a supplemental indent of stationery received from the Executive Engineer, Rushikulya Division, and to request that you will be good enough to pass it on to the Stationery Superintendent, for early compliance.

2. The Executive Engineer reported in April last, that the stationery already supplied for the current year is inadequate to meet also the requirements of the work establishment. I have pointed out to him that the supply of stationery in previous years was sufficient for the work establishment also in the Division and there appears to be no apparent reason why the stationery now supplied

Enclosure, 1
Copy of ol. officer's letter
No. 495 S.
29-10-92

SIR,

I have the honor to submit herewith copy of a letter No. 495 S. dated the 29 ultimo received from the Ex Engineer Godavari Eastern Division in the matter of supply of stationery articles to work Establishment. I have the honor to request that, under the circumstances therein mentioned, you will be so good as to obtain the sanction of Government if it appears to you to be necessary, to the Superintendent of Stationery supplying stationery articles also to the work establishment employed in the Division.

I have the honor to be,
Sir,
Your most obedient servant,

would not also be sufficient for the work establishment also in the current year. I beg to enclose herewith copy of his reply No. 50 C dated 5th July 1892 from which it would appear that the supply of stationery is not sufficient and that the Maistries and Gummastalis have therefore to supply it at their own cost.

2. I then requested the Executive Engineer to provide the work establishment with stationery from his stock, and to submit a supplemental indent, when necessary, which he has now forwarded.

I have the honor to be,
Sir,
Your most obedient servant,

G. D. Wybrow
Supg. Engineer 1st Circle
