Statement

SIR,

Referring to your circular me-
-morandum No. 4734 C dated 15th
November 1892 asking to surrender
at once all such sums as cannot
be utilised before the close of the
official year, I have the honor
to submit herewith a statement
showing modification of allotment
under Provincial and Incorporated
Local for the current year, and
to request the favor of your ob-
-taining sanction of Government
to the same.

2. From the modifications
under "Provincial" it will be
observed that the Executive En-
-gineer Godavari Eastern District
for a net increase of Rs. 1650 under

Original' while the Executive Engineer of Vizagapatam surrenders a sum of Rs. 2,000, under "Minor Originals and Repairs". I would, under this circumstance, recommend that the former amount be sanctioned, by a transfer of equal amount from the latter surrender.

3. The net amount of surrender available for resumption by Government is therefore Rs. 350, only.

It is not improbable that there may be a few surrenders from the grants in Ganjam and Godavari Western Divisions from which replies have not yet been received. A further report will be made, directly get the information.

Under "Incorporated Local" the net increase of allotment viz. Rs. 650 is, it appears, absolutely required, by the Executive Engineer Eastern D., to cover the excess outlay already incurred, and meet the liabilities to be paid for dredging & closing breaches &c. on Kourinjair Junction Canal.

SIR,

In continuation of my letter No. 5109 dated 9th instant I have the honor to inform you that the Executive Engineer Godavari Western Division is doubtful as to the utilization of the grants for the following works during the remaining 3 months of the current official year, for the reasons noted opposite to each.

Talag Cutcherry at Ellore. Grant Rs. 6000

The estimate for this work was submitted for sanction of Government, through the Collector, in June last; & up to date sanction has not been received. There is no room to object and stack more material until the construction

Transmission of the estimate will be inquired into in the Revenue Dept. Pending the result of such inquiry, the surrender of the existing grant for Rs. 6000 the building will be held in abeyance.

3. The demands on account of the undermentioned works cannot be complied with pending receipt of the revised estimates. ~~Therefor~~ *in preparation*

1. Improvements to the Central Jail, Rajahmundry.
2. Additions to the Provincial College, — do —

4. The sum of Rs. 150 surrendered from the grant for repairing the ferry boats on the Kovur-Munjan Junction Canal will be replaced at the disposal of the local and Munpl. Dept.

5. That Dept. will be requested to provide the additional allotment of Rs. 800 or Rs. 996 inclusive of contingencies for Establishment and Tools and Plant, required for the maintenance of the Kovur-Munjan Junction Canal.

ences; nor is it wise to order
the preparation of the wood work
so long a time before it will be required.
I would, under these circumstances,
recommend the surrender of this grant,
unless there is a prospect of imme-
diate sanction of the estimate.

Police station House at Tallapudi
Grant Rs. 2360. The construction of
this station House has not hitherto
been put in hand, pending settlement
of the question of moving the head
quarters of Gurnagudem Taluq from
Tallapudi. This question has how-
ever been since settled in G.O. No.
2474 W dated 5th Sept. 1892 fixing Hovur as the
head quarters. The Superintendent
of Police who was asked on the subject
of selection of a site, informs me
that the removal of the Tahsildar's
cutcherry to Hovur will not obviate
the necessity of a station at Talla-
pudi and promises to let me
know the result of his reference
to the Inspector General, on the
subject. As it will not unlikely
take some time before it can all
be settled, I would beg to recommend

the surrender of Rs. 860 from
existing grant.

To end of October 1892 is Rs. 2653 against an allotment of Rs. 5000. The Engr. reports that there are in sufficient estimate to meet out the whole allotment hence a remainder of Rs. 1500

The increased allotment is considered necessary owing to the closing of a branch which resumed in the canal during August 1892 & partly to the land comprised in survey previous years having been paid by the Revenue Dept. this year

The Engr. reports that only Rs. 100 have been put on this item against the grant allotted in the Budget suggests that the sum of Rs. 150 available, be transferred to Repair of the River. Mangalagiri Junction canal to meet part of the sum of Rs. 800, above applied for
