PROCEEDINGS OF THE MADRAS GOVERNMENT.

403/1
Read The following Proceedings

of the Board of Revenue (Revenue Settlement, Land Records and Agriculture) dated 2^d February 1892 No. 1150. Mis. on the following letter from F. D. A. A. Wolfe Murray Esquire, Ag. Collector of Cuddapah, dated 26 January 1892. Ref. No. 2928.
My.

I have the honor to inform you that I have given orders to the Sub-Collector to stop the test work at Mulivada and Kalicherla lately commenced by the Commissioner's order. The Sub-Collector reports that far more stone and gravel than can be made use of for the present has been collected. He proposes therefore to commence the regular repair of the roads in question by the Famine labour now employed on the test works, as far as possible according to estimate. I trust my action has the Commissioner's approval.

Resolution

The proposed employment of the labourers is sanctioned provided suitable

suitable arrangements can be made
for tasking their work.

2. Early arrangements should,
however, be made for the preparation
of suitable estimates for the more
important minor irrigation works
in the sub division, now that a
special D. P. W. officer has been
deputed to the district and work
on them should be commenced at
the earliest possible date.

Order thereon: 6 February 1892 No 789.

Recorded

2. The Board's instructions
in para 2 are approved.
