PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:—

From the Presidency Port Officer Madras,
dated 28th January 1892 N^o: 690 G.
33

I have the honor to acquaint you, for the information of Government, that at the request of the Government Architect I have permitted a portion of the railing round the Madras Lighthouse to be removed in order to enable him to construct a road on the South side of the new High Court Building. This road will take up ground adjoining the Lighthouse latrine, and though the latrine will not be interfered with at present, I am informed that it will have to be demolished when the Court is occupied and the new Light is placed on the Tower of the Court Buildings. The construction of a new latrine will thus become necessary and I submit the matter for consideration in the Public Works Department.

2. While on this subject I think it necessary to point out to Government the desirability of providing free quarters to the Superintendent,
and

and Lightkeepers in the near vicinity of the Lighthouse. At present the Lightkeepers reside at distances varying from 2 to 3 miles and the Superintendent, who is paid Rs 25 per mensem on account of House rent, resides about 1/4 mile away from the Lighthouse. For the more efficient management of the Madras Light it would no doubt be better to provide the staff with quarters within reasonable distance from the Lighthouse, and a suitable spot could, I think, be found on the extensive vacant area in the neighbourhood of the Court House. I therefore recommend the matter for early consideration and necessary action in the Public Works Department.

3. Should free quarters be decided upon the Superintendent's allowance of Rs 25 per mensem might be discontinued on the provision of quarters. The buildings then should be so designed as to obviate the necessity for a separate latrine.

The quarters for the Superintendent should be detached from those of the Lightkeepers and should be suitable for a European or Eurasian with family, and the accommodation for Lightkeepers (4 in No) should be suitable for Hindus

with families.

27/2

Order: 5th February 1892 No. 52

Communicated to the Public Works Department.

2. The proposal to quarter the Superintendent and Lightkeepers on the esplanade cannot be entertained whatever the inconvenience of the present arrangement.
