15TH FEBRUARY 1892, No. 467 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper:—

From H. IRWIN, Esq., C.I.E., Consulting Architect to the Government of Madras, to the Chief Engineer, Public Works Department, dated Chepāk, 19th January 1892, No. 3665.

I have the honour to report that several instances have come under the notice of this office, in which, through the neglect of the provisions of paras. 971 and 972 of the Public Works Code, the fixtures and fittings of Government buildings have not been attended to, resulting in increased expense to Government when the general repairs to buildings are undertaken. For instance, the dust is not brushed off doors and windows and bolts and hinges allowed to rust, when a little brushing and oiling would prevent the renewal of the painting and iron fittings which have to be frequently done, especially in buildings situated on the beach.

2. I beg to suggest that a circular be issued to all heads of offices, schools, hospitals &c., calling attention to the paragraphs above quoted, which apparently they are not aware of.

ORDER—dated 15th February 1892, No. 467 W., Public Works.

The foregoing letter from the Consulting Architect will be communicated to the departments under the Chief Secretary and to the Revenue Department in view to the attention of all heads of offices being drawn to the provisions of paras. 971 and 972, Public Works Code, a copy of which is attached to these Proceedings.

FEBRUARY.

Government Buildings

Letter from the Consulting Architect reporting the neglect in observing the provisions of paras. 971 and 972, Public Works Code, with regard to — occupied as offices, residences, &c., communicated to departments concerned.

487/2
Annexure to G.O., No. 467 W., dated 15th February 1892.

[Extract from the Madras Public Works Code.]

Para. 971.—Every new building constructed by the Executive Engineer and not intended as a residence for a public officer will be provided with all necessary fixtures, including record-racks, shelves, punkahs, &c. ; but the repair of these fixtures and all petty repairs of doors and windows, including the replacement of broken glass, will be provided for by the officers occupying the buildings, except when required as part of a general repair.

Para. 972.—The officer in charge of each building will make some person of his establishment answerable for its general condition, including the glass in each room and fixtures, as also for keeping a watch on the attacks of white-ants, giving strict attention to the cleanliness of the interior and neatness of the exterior and surroundings, &c. Charges for such items will be made by the officer concerned in his contingent bill.

P. W. D.

Office of the Consulting Architect to Govt.,
Chepauk, Madras,
19th December 1892.

No. 3665

From

Henry Swin, Esq., C.I.E.,

Consulting Architect

to the Government of Madras,

To

The Chief Engineer
Public Works Department.

Sir,

Enclosures.

I have the honor to report that several instances have come under the notice of this office, in which through the neglect of the provisions of paragraphs 971 & 972 of the P. W. Code, the fixtures & fittings of Government buildings have not been attended to, resulting in increased expense to Government, when the general repairs to buildings are undertaken. For instance the dust is not brushed off doors and windows and bolts & hinges allowed to rust, when a little brushing & oiling would prevent the removal of the painting & iron fittings which have to be frequently done, especially in buildings situated on the beach.

I beg to suggest that a circular be issued to all heads of offices, & schools

schools, Hospitals &c calling attention to the
paragraphs above quoted which apparently
they are not aware of.

I have the honor to be
Sir

Your most obedient Servant

Henry James

Consulting Architect
to Government.
