15TH FEBRUARY 1892, No. 471 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following paper:—

From H. IRWIN, Esq., C.I.E., Consulting Architect to the Government of Madras, to the Chief Engineer, Public Works Department (through the Examiner of Public Works Accounts), dated Chepāk, 9th January 1892, No. 3576.

In forwarding, herewith, the transfer debit advice No. 96, dated 16th December 1891, received from the Madras Division Military Works, I have the honour to inquire whether I can accept the extra charge of Rs. 9-12-9 made on account of establishment and tools and plant employed on the work, if that can be so called by the Military Works Department. I am of opinion that such extra percentages should not be charged on all lump sum payments, such as payments on account of pay of watchman, compensation for sittings in churches and cemeteries to civil officers, as they (the payments) do not devolve upon the Military Department any trouble of supervision or the entertainment of additional establishment.

2. Under the recent orders the additional percentage has been reduced from 24½ to 10 per cent. on all issues to Military Department of manufactured articles from this division, although the major portion of the services of one Sub-Engineer, one Sub-Overseer and a portion of my office establishment is at present employed upon those manufactures, and, if the same rule is applied to this case, I should think that no centages should be charged on the outlay referred to in the transfer debit advice, or it should be fixed at a much lower rate than that fixed for the stock issues from this division.

Office-note from the Examiner, Public Works Accounts, dated 9th Feb. 1892, No. 212 S.A.

ORDER—dated 15th February 1892, No. 471 W., Public Works.

The Government considers that no percentages for establishment and tools and plant should be charged on expenditure of this character which is excepted from such contributions under para. 1485 of the Public Works Code.

Ordering that no percentages for establishment and tools and plant should be charged on expenditure of the character incurred by the Military Works Department on account of the employment of a watchman on —.

No. 1.

P. W. D.

Office of the Consulting Architect to Govt.,
Chepauk, Madras.

9th January 1891.

No. 3576

From

Henry Swin, Esq., C.I.C.,

Consulting Architect

to the Government of Madras.

To

The Chief Engineer

Public Department

Also the Examiners of P.W. accounts

Madras

Sir,

5 Enclosures.

In forwarding herewith the Transfer Debit Advice No 96 of 16th Decy received from the Public Division Military Quarter, I have the honor to enquire, whether I can accept the extra charge of Rs 9-12-9 made on account of Establishment and Tools and Plant employed on the work, if that can be so called by the Military works Department. I am of opinion that such extra percentages should not be charged on all lump sum payments, such as payments on account of pay of watchmen, compensation for sittings in charges and commissaries to civil officers as they

(the payments) do not devolve upon
the Military Department any trouble
of supervision or the entertainment
of additional establishment.

Under the recent orders the
additional percentage has been reduced
from 24 1/2 to 10 percent. on all issues
to Military Department of manufactured
articles from this Division although
the major portion of the services of one
Sub Engineer, one Sub Quartermaster and
a portion of my Office Establishment
is at present employed upon those
manufactures, and if the same
rule is applied to this case I
should think that no enlargements should
be charged on the outlay referred
to in the Transfer Debit Advice.
or it should be fixed at a much
lower rate than that fixed for
the stock issues from this Division.

I have the honor to be

Sir

Your Most Obedt Servt.
