Sir.

With reference to your
Telegram, informing me that
you have no stock of Europe
Mamookies as that you can
spare those of Bengal Patron
and brown Bars of 24 lbs.

I have the honor to inform
you that Mamookies country
as per sketch in margin will
do better. The Bengal Patron
are of no use.

Please despatch brown
of 24 lbs and all the balance
of articles indented for
sometime ago. The remaining
quantity of axes are yet
required.

I have

I have the honor to be to

Sir,

With reference to your endorsement
no. 37 P.W.S. dated 22nd January 1892 I have the
honor to forward herewith Copy of letter no. 5035
dated 23rd January 1892, from the Exe. Engineer
Bellary Division. He says that Bengal Pattern
Mamookies are of no use; I also submit a state-
ment tabulated from replies of several firms
with reference to my enquiry regarding the tools
available for immediate supply.

2. The 300 crow bars of 2 1/4 lbs in stock
are being despatched to Bellary, a further quantity
of 2100 Crow bars of 1 1/4 lbs having been manu-
factured by P.W. Workshops as per statement
and estimate submitted with my letter no. 1757.8
dated 12th January 1892 I request that sanction
may be given for their adjustment, and out
of this 2100 now manufactured, 500 will be
supplied

Supplied to the Bellary Division to Complete
the present demand

3. If it is found that a large quantity^④
is required I should advise putting an^⑤
advertisement in the Gazette as I believe that
it would be found that the large shipping
firms would take up a contract of this
description. This I believe would be the
cheapest way unless they were obtained
through the India Office which would
probably take half as long again.

4. All private firms say
that the manufacturers do not keep a
stock and if this is the case the shipping
firms would do the work quicker and
I do not think it would be found much
dearer than if done through the India
Office

I leave you

With reference to your
Memorandum No. 456 C dated
29 January 1892, I have the
honour to forward copy of letter
from the General Superin-
tendent P.W. Stores No. 1856 S
dated 28 January 1892 and of
its two Enclosures and also
a Statement made in this
office showing how the de-
mands of the Bellary Division
have been met and the
balance of Tools in the P.W.
Stores and the Stock with
private firms. This latter
is so unsatisfactory that
it

It appears advisable per-
sistent should be made
on England for additional
tools, as recommended by the
General Superintendent, unless
the Shipping Firms who, the
General Superintendent, considers
would be able to meet
our requirements sooner
are resorted to.

READ the following

It would appear that the following are required to replace the reserve stock of famine tools in the Public Works stores:—

Hammers, hand	4 ^{ths}	16,300
Axes	4 ^{ths}	500
do —	3 ^{ths}	500
Crow bars . . .	1 1/4 ^{ths}	500
Mamooties		17,250
Bill hooks	6 ^{ths}	100
Pick axes	7 ^{ths}	50

2. The immediate requirements of the Bellang Division have been met, and the following are still available in Cotes for transfer to vaccine relief works:—

Belief Lines	13,612
Hammers	76
Axes	23,069
Crowbars	42,077
Mamooties	

Bill hooks 2
 Pick Axes 58397
 Iron bars or jimpers 724
 Hammers, sledge . . . 5
 Iron hammers 400
 Picks 184
 Hooks 884
 Shovels 99
 Forks 93
 Buckets 8

3. Except Pick axes,
 the stock seems very
 small to meet possible
 demands. A telegram
 will accordingly be
 sent to the Secretary
 of State requesting that
 the tools required to
 complete the stock of
 the P. W. Stores as shown
 in para 1 above, be
 despatched to Madras
 as early as possible.
