READ—the following paper:—

G.O., dated 8th February 1892, No. 90, Public.

Read—the following paper:—

From the Surgeon-General, Madras, dated 25th January 1892, No. 62.

With reference to G.O., No. 1027, Public, dated the 12th December 1891, I have the honour to submit a revised estimate, amounting to Rs. 5,460, for constructing new quarters for native nurses at the Lying-in Hospital and converting present quarters into store-rooms.

2. Under the circumstances explained in para. 2 of the Superintendent's letter herewith enclosed, I would strongly recommend that the original estimate, which amounts to Rs. 6,393, be approved, as the small saving of Rs. 1,000 only accrues from the new buildings being constructed in an inferior way.

Order—dated 8th February 1892, No. 90, Public.

The revised estimate is approved and will be transferred to the Public Works Department.

(True Extract.)

As requested in your letter No. 586
of 18th December 1891 I have the honor to
forward herewith revised Estimate
amounting to Rs. 5,460 for constructing
new quarters & Bathroom for eight
Native Nurses in Lying-in Hospital
and conversion of the present quarters
into rooms for stores & provisions
These plans & Estimate provides for
constructing the quarters with brick
in mud plastered.

I also forward the Estimates
returned with your letter under
reply, these Estimates provided
for brick masonry.

I recommend the more

permanent work being carried

No. 26

GOVERNMENT LYING-IN HOSPITAL,
Madras, 21st January 1892.

From

THE SUPERINTENDENT,

GOVERNMENT LYING-IN HOSPITAL,

MADRAS,

To

THE Secretary to Surgeon General
with the Govt of Madras.
Nungambakam.

SIR,

I have the honor to forward
herewith letter No 3676 dated 19th inst from
the Consulting Architect to Government with two
sets of estimates amounting to Rs 5460 and
Rs 6393. respectively for erecting new Native
Nurse pupil quarters and converting the present
quarters into store rooms.

2. It will be seen that the revised
estimates are about Rs 1000 less than the original
and that this saving has been effected by
providing for the construction of the buildings
with brick and mud plastered, instead of
with brick and Chumam. As all the Hospital
buildings are of the latter material, it appears
to me a pity that these new buildings
should be built in an inferior way, and
as the difference in cost is not very large,
I would strongly urge that the Government
may be moved to sanction the original
estimates.

As

TECHNICAL NOTE.

Constructing new quarters and
bath room for 8 Native nurses
and converting the present quar-
ters into store rooms in the lying-in
Hospital at Madras.
Amount of Estimate Rs 5400

In the report accompanying the
estimate it is stated that the
existing quarters are inconvenient
for the Native nurses. It is there-
fore proposed to erect new quar-
ters together with a bath room
and to convert the present
nurses quarters into store rooms
for the storage of provisions.

The proposed accommodation
for each nurse is to be a room
12 x 10' with front and rear
verandahs 6 ft. wide. The rear
verandah being utilized for
cooking

Cooking purposes with 3 fire places,
as per plan, and a detached
General bath room for the mess
with interior dimensions 10' x 8'.

The Consulting Architect to Govt.
originally submitted estimate
amounting to Rs 6,393 for the work.
These estimates provided for erecting
the quarters with brick in chumam
the present revised estimate as:
amounts to Rs 5,460 it provides for
constructing the quarters with
country brick in clay instead of
chumam.

The foundations are to be carried
to a depth of 3 feet, the lower 2 ft.
of concrete. The foundations, basement
& superstructure walls are proposed
to be built of country bricks in
clay, plastered inside with 2 coats
of chumam & outside with 2 coats
of colored chumam with the ex-
ception of the plinth which is to
be of cement plaster. The flooring
to be of concrete & the roof with
transverse tiles laid on timber rafters
& rafters.

The scantlings of roof timbers
as noted on the plan, are correct.

The rates are fair.

No flooring is provided for the
bath

bath room but under the end
head of construction of the existing
quarters into store rooms. The
description of flooring is provided.
It is thought that the item of
flooring with Cuddalore slabs may
be intended for the bath room
& not for the Store room.

The plinth area of the mess
quarters is 2,628 sq ft to the end
with be Rs 1.8.9 per superficial ft.

The amount of the estimate
made up as follows:-
New quarters for 8 messes - Rs 4,065
Bath room 420
Constructing present quarters 975
Total estimate 5,460

The plans & estimate are correct
signed by the Surgeon General & the
revised estimate is appended in the
Public Dept.
