REVENUE DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following papers: 548/9

Letter from the Government Botanist and Director of Government Cinchona Plantations, Malgiris dated 15th January 1892. No. 9.

With reference to G. O. No. 5435 dated the 2nd December 1891 Public Works Department, referred to me for remarks, under your endorsement, No. 6279 of 9th December 1891, Revenue, I have the honor to inform you that I went up to the Army Head Quarters office to look at the trees, which it is proposed to fell on account of their obstructing the light from some of the rooms.

I cannot say that it struck me that any of the trees did much harm in this respect, and therefore I think that it would be a pity to cut them down, but there are some half dozen, which stand rather close to the buildings, and these might be pollarded at about the height of six feet.

When at the office, I was told that there was an intention to extend the buildings, and then no doubt it will be necessary to remove a good many more of the trees, but I would advise that as few as possible should be taken down, as the Army Head Quarters office on Mount Street are not striking, either for their grandeur or picturesqueness, and the trees at present serve to hide them from view.

(2.) O. M. dated 25th January 1892, No 13 requesting the Government Botanist to return the copy of the letter from the Executive Engineer, Bombaloe Division proposing to cut the fields near the Army Head Quarter office, Mount Stuart Buildings.

(3) Replied letter from the Government Botanist dated 28th January 1892, No 14.

With reference to your official memorandum, No 13 dated the 25th January 1892, Revenue I have the honor to return the copy of the letter from the Executive Engineer, Bombaloe Division which accompanied by S.O. 6299 dated the 9th December 1891 Revenue.

Order Hutton, 15th January 1892, No 908.

The Government concurs in the views expressed in the first of the papers read above. The pollarding therein suggested should be done by the Officers of the Public Works Department in consultation with Mr Lawson.
