have spent considerable sums in planting up Bombay Hill and the removal of the trees in question would it is considered be a step in the wrong direction - again, on a recent inspection of the hill the trees were specially inspected no tree is nearer, than thirty feet to the building and in the opinion of the undersigned they do not obstruct light in any way, an opinion confirmed to a great extent by the fact that, since the occupation of the buildings by the Military offices their removal has never before been thought of.

MEMORANDUM.

THE *Executive Engineer,*
Coimbatore Division.

With reference to his No. 183 dated 18th January 1892, has the honor to state that the Superintending Engineer IVth Circle on inspecting the trees on Mount Stuart yesterday, was of opinion that at least 8 could with advantage be removed from the clump near the Adjutant General's Office, it is accordingly requested that they may be felled at an early date. One of these trees may be old, but none of them can be classed as among the "most beautiful in Ootacamund".
