26TH FEBRUARY 1892, No. 633 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following paper :—

Office-note from the Examiner, Public Works Accounts, dated Madras, 20th February 1892, No. 275 S.A.

With reference to G.O., No. 204 W., dated 21st January 1892, I desire to bring to notice that the account of materials at site (enclosure No. VII to Government of India Public Works Circular No. I. of 1892), the adoption of which is compulsory, is simply a modification of Madras form M. 5, parts II and III, with the addition of separate lines for—

Opening balance.
Total receipts and balance.
Closing balance.

The adoption of this form, therefore, does away with the necessity for maintaining part IV of form M. 6, work abstract.

2. I forward herewith, for approval, corrected copies of forms M. 5 and M. 6 showing the modifications that are necessary and request that Executive Engineers may be instructed to adopt them, the working forms being corrected till such time as revised printed forms can be issued.

ORDER—dated 26th February 1892, No. 633 W., Public Works.

The proposals of the Examiner are approved. Amended copies of the form will be supplied by that officer direct to Executive Engineers.
