26TH FEBRUARY 1892, No. 638 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper :—

From H. B. GRIGG, Esq., M.A., C.I.E., Director of Public Instruction, Madras,
to the Chief Secretary to Government, dated 9th February 1892, No. 1537.

I have the honour to submit, for very early sanction, the enclosed plans and estimate for constructing a building for the Muhammadan Branch Training School, Triplicane, on the site recently purchased for Rs. 4,088 on the authority of G.O., No. 313, dated 29th April 1891. The estimate is slightly in excess of the sum originally contemplated. Provision is made for accommodating 60 students and 150 practising pupils besides a latrine. As the school is in urgent need of proper accommodation, I beg to request that the necessary funds may be provided and arrangements made for speedy execution of the work, as the school at present is being worked under considerable disadvantages owing to want of proper accommodation.

No. 23 R.

Approved and transferred to the Public Works Department.
(By Order.)

(Signed) A. BUTTERWORTH,
Ag. Under-Secretary.

19th February 1892.

ORDER—dated 26th February 1892, No. 638 W., Public Works.

The estimate, amounting to Rs. 6,640, for constructing a Muhammadan Branch Normal School at Triplicane, Madras, is sanctioned for execution when funds are available.

2. This sanction has been registered as Provincial No. 118 W. of 1891-92 and classified as Civil Buildings, Original Works.

OFFICE OF THE DIRECTOR OF

PUBLIC INSTRUCTION,

Madras, 7th February 1892.

No. 1537.

From

H. B. GRIGG, Esq., M.A., C.I.E.,

DIRECTOR OF PUBLIC INSTRUCTION,

Madras,

To
The Honble the Chief Secretary
to Government
Fort St. George.

SIR,

I have the honour to
submit for very early sanction
the enclosed Plans & Estimate
for constructing a building
for the Muhammedan
Branch Training School,
Triplicane on the site recently
purchased for Rupees 4,088/- on
the authority of G.O. No. 313,
dated 29th April 1891. The

Estimate is slightly in excess
of the sum originally contemplated.
Provision is made for ac-
commodating 60 students
and 150 Practising pupils
besides a latrine. As the
School is in urgent need
of proper accommodation,
I beg to request that the
necessary funds may be
provided and arrangements
made for speedy execution
of the work, as the School
at present is being worked
under considerable disad-
vantage owing to want of
proper accommodation.

I have the honor to be,

Sir,
Yours most obedient servant

H. B. Pigg

Director
Public Instruction.

TECHNICAL NOTE.

Constructing a Muhammedan
branch normal school at
Triplicane, Madras.

Amount of Estimate Rs. 6640

In letter W. 1537 dated 9th inst
from the Director of Public In-
struction, it is stated that the
present school is being worked
under considerable disad-
vantage owing to the want of
proper accommodation, it is
therefore proposed to erect two
chests and a latrine, as per plan,
one chest to contain 2 compart-
ments 30' 10" x 20' 0" each, to
accommodate 150 pupils and
the other 30' 0" x 20' 0" with side
rooms each 14' x 20' to accom-
modate 60 normal pupils,
a general latrine to accommo-
date both the pupils & teachers

is also provided.

Particulars of Construction

The nature of soil is not noted on the plans but the foundations are proposed to be sunk 3' 6" deep, the lower 2 feet being built of concrete for the sheds and 1 1/2 ft. for the latrine. The basement of the sheds to be raised 1' 6" high.

The foundations, basement & superstructure walls are to be built of stock bricks in chunam pointed to the interior & exterior with tar & asphaltum except the interior of the side rooms of the small shed which is to be plastered with 2 coats of chunam. The exterior face of the latrine & the plinth of the sheds to be plastered with cement plaster, the latrine walls are to be embellished with V shaped trellis work. The floors of the sheds are to be of Cuddapah slates laid on 4" of concrete and neatly pointed & that of the latrine of concrete & plastered with Madras cement. The roof is to be of division tiles laid on teak rafters & rafters, rafters placed 2 1/2 ft. apart & supported on trusses. Doors are to be battens and the windows glazed with

rich iron bars for the small shed and reinforced with iron bars for the large shed & painted with 3 coats of lead color.

The scantlings of the roof timbers are correct.

The rates are fair.

The plinth area of the sheds & latrine, less steps are as follows:

Large shed	—	sq. ft. 1744	—	Rs. 1.10.7
Small shed	—	" 1418	—	" 2.0.3
Latrine	—	" 389	—	" 2.4.2

The area & cubic contents per student is as follows:

Large shed for 150 pupils	—	9.83 sq. ft.	127.83 cu. ft.
Small shed for 60 - do	—	19.33 - do	251.33 - do

against 6 sq. ft. & 60 cu. ft. per student for primary schools & 8 sq. ft. & 80 cu. ft. for other schools, as per rules of the Educational Dept.

No provision is made in the estimate for compensation for land, in G.O. No. 2375 dated 5th Sept. 1891 Rs. 4.088 appears to have been paid for the land. This amount should be included in the estimate, vide paras 926 & 1274 of the Code.

The sheds appear to be too open, giving little protection from the rays of the sun & the heating

The land has already been purchased under sanction of Govt. and the cost need not therefore be entered in the estimate.

~~There is not a project~~
Other buildings on the land
probably be erected
within land —

leading in of the rain, a light
temporary verandah of endgum
leaves may be erected around
the large shed and in front
of the small shed at the
entrance.

The plans herewith have been
counter-signed by the Director
of Public Instruction & approved
in the Educational Dept.
