Madras
26th March 1891.

To

67
The Secretary to Government
Public Works Department.

Sir

We the Committee appointed under G. O. No. 132 dated 16th January 1891 have the honor to report as follows.

2. We have considered the questions referred to in para 2 of the G. O. quoted above.

3. The approximate cost of a new Secretariat (excluding the Public Works Department) and the offices mentioned by Government - has been taken by us as 6 lakhs. The particulars are given in the accompanying rough estimate.

4. As regards the best means of utilizing the existing Government Office we have ascertained from the Accountant General, who has inspected the building, that it is very well adapted for and will fully accommodate

his

his office, the only outlay which would be necessary being the cost of fitting the old Banquetting Hall as a strong room, which would approximately be Rs 50,000.

5 We are of opinion that the question of constructing a new building for the College of Engineering is one which can be considered independently of that of building a new Secretariat. We understand that the removal of the College has already been mooted by the Director of Public Instruction and we are of opinion that if the proposal of the Educational Department is carried out the site near the School of Arts which has been suggested by Mr. Spigg is a desirable one. We estimate the cost of a new College of Engineering roughly at Rs 3,80,000 which includes Rs 56,000 on account of workshops the erection of which has already been decided upon apart from the question of building a new College. We consider that should the College of Engineering be moved a saving on the estimate of about Rs 20,000 might be effected by utilizing the present

present quarters for married students to accommodate a portion of His Excellency the Governor's band for the housing of which provision has been made in the Budget for the coming year. $\frac{1}{2}$

It would in our opinion be quite feasible to find in the building at present occupied by the College of Engineering sufficient room to provide the additional accommodation required by the Revenue Department or in the event of the proposal to erect a new Secretariat being rejected, for the Surgeon General, the Sanitary Commissioner and the Sanitary Engineers.

We do not think that the construction of the whole of the covered way referred to in para 4 of the C.O. quoted above is in any way needed; we believe that the cost of it would be out of all proportion to its utility and all that we would recommend is that in the event of a new Secretariat being erected the present Public Works Department offices should be connected with the building by a covered way thus obviating the necessity for providing in the new Secretariat rooms for the

P. W. Code 3526/9

the Secretaries Public Works Department which would be occupied by them on Council days alone.

6. The erection of a new Secretariat would involve the removal of the office now occupied by the Paymaster, Carnatic Stipends. We consider that this officer might be accommodated in the house now used by the Principal, Engineering College, if that institution is moved. If it is not it would be necessary to build and we estimate the cost of this at about Rupees 1,00,000.

CHIEF SECRETARY
25 MAR 91
GOVERNMENT - MADRAS

We have the honor to be

Sir

Your most Obedient Servants

Edmund White

No. 132 w of 16-1-91 singl.

I think the paper has been received
There is not the least need for a new
Secretariat Building, and the outlay
of Rs. 13 1/2 lakhs proposed would be a
waste of money. The Engineer General
has been moved out of the Fort and the
Sanitary Com^{rs} the Sanitary Eng^r
are accommodated in the Fort office
building.

MR.
30/1/91.

I entirely disagree - The
Govt. is unanimously decided
in Dec^r last - less than 4
months ago - that a new
set of public offices are needed
- that decision has been
acted upon. I doubt
if it is possible that the
creation of a new Secretariat
building has cost Rs. 13 1/2 lakhs
work is in progress. The Engineer
General has been moved out of the Fort
and the Sanitary Com^{rs} the Sanitary Eng^r
are accommodated in the Fort office
building. It is a matter of fact
that the Government have been
unanimously decided in Dec^r last
that a new set of public offices
are needed - that decision has been
acted upon. I doubt if it is possible
that the creation of a new Secretariat
building has cost Rs. 13 1/2 lakhs
work is in progress. The Engineer
General has been moved out of the Fort
and the Sanitary Com^{rs} the Sanitary Eng^r
are accommodated in the Fort office
building.
