7TH JANUARY 1892, No. 67 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper:—

From A. JOYCE, Esq., Executive Engineer, West Coast Division, to the Superintending Engineer, IV Circle, dated Calicut, 10th December 1891, No. 4092.

I have the honour to forward, for your information and for such action as you may consider necessary, the accompanying copy of correspondence with the Superintendent of Police, South Canara, relating to the dismantlement of the old police station at Albady for erecting a new one on its site.

2. The building was borne in the register of this office (No. 13, Provincial, Coondapur taluk, South Canara district), and I therefore think that, before its dismantlement, intimation should have been given to this office.

No. 662 W.

Copy forwarded to the Chief Engineer, Public Works Department.

2. It is thought that a ruling on this point should be passed laying down the necessity for officers of other departments referring to, and obtaining the permission of, this department before they interfere with any buildings borne on the register of the latter.

(Signed) R. R. E. DRAKE-BROCKMAN, Lt.-Col., R.E.,
Superintending Engineer, IV Circle.
16th December 1891.

ORDER—dated 7th January 1892, No. 67 W., Public Works.

The building will be struck off the register.

2. It is not considered desirable to issue a ruling in the terms suggested by the Superintending Engineer. Public Works officers must look after the buildings which are in their registers as being under their charge, and must object if such buildings are interfered with by officers of other departments.

Sir

I have the honor to inform you that the old Police Station at Albady was dismantled last year and a new one is under construction. As there was no suitable Public building available at the place for a Police Station a private building has been rented for the purpose at 8 annas per month.

I have therefore the honor to request that you will be good enough to furnish me with the usual Certificate at your early convenience.

Sir,

In forwarding herewith a certificate to the effect that there is no suitable public building available for the Police Station at Albadi, I have the honor to request that you will be good enough to inform me of the authority by which the old Police Station at Albadi was dismantled as the building being borne on the Registers of this Department, sanction of the Superintending Engineer would appear to be necessary for its demolition. Vide P.W.D. Code para 1033.

How can officers of other Dept.
to know what buildings are
under the P.W.D. registers?
The P.W.D. should only look after
the buildings on their own books.

Note for the Honible Member

I think the P.W.D. must look after
the buildings which are on their
registers as being under their charge
& that it is for them to object
if such buildings are interfered with
to such extent as asked for
therefore I am sure.

I am afraid I can
hardly answer the question
how officers of other De-
partments are to know
what buildings are borne
on the P.W.D. registers
except by saying that
an officer of any Dept.
before proposing the
demolition of a building
should ascertain by
definite inquiry in
whose charge it is.

Probably there was
no I.W.D. subordinate
at Albady, and the
officers of the department
knew nothing of the
demolition of the building
which was ordered in
the Judicial Dept. by an
order which was never
communicated to the
I.W. Department.
