Superintending Engineer,

P. W. Department,

Sir,

Madras.

ENCLOSURES

With reference to G. O. N^o. 505 W.
dated 17th February 1892 on the subject
of Mr. Mackenzie's application
for furlough, I have the honor to
state that in submitting his appli-
cation to me he brought to notice
the extreme inconvenience at this
moment of a journey on his
part to Madras to appear before
a Medical Board under para
894 (a) of the Civil Service Regulations
and begged to be exempted there-
from, but his letter on the
subject was, by mistake during
my absence from Head Quarters,
not forwarded.

2. You are aware that we have a very great amount of work to complete on the Maiss Dam before the close of this working season, and work which requires a very great deal of supervision, and I am sure you will agree with me that, if Mr. Mackenzie's absence from the work is unavoidable, it should be of the shortest possible duration.

3. I beg therefore that, on the grounds of public expediency, you will be good enough to ask Government to exempt him from appearing at Madras, and permit him to appear instead at either Madura or Trichinopoly, and if possible at the former, because I could then utilise his services in the selection of railway material urgently required for this work, and his absence would then be of some benefit to the

the work.

I have the honor to be,
Sir,

Your most obedt. Servt.,

H. B. Chintin

FOR ORDERS.

The "inconvenience"
alluded to in the
first paragraph of the
Superintendent of
Works letter is public,
not private, and I
cannot too strongly
support his proposal.

The application seems to be based
on a misapprehension. Mr. Mackenzie
need not make any special journey
for the purpose of appearing before
the medical board and need
not leave the works a day earlier
than he otherwise would, or at least
not more than a day. He would
probably come to Madras 10 or 12 days
before he is required to appear.
The question is
simply whether he should get furlough
or sick leave. Furlough is stopped &
he must take sick leave, none
at all. To get sick leave he must
have a medical board, which I
suppose there is no doubt he will
have. Let him do it. There is no
ground for any relaxation of the usual
rules.

Wd 27/2/92

2. The present is, as
in former years, the
time of greatest pressure
in the work on the
Main Dam, and
Mr. Mackenzie has
this work at his
fingers' ends. His
removal from it
for a day longer

thaw is absolutely
necessary is much to
be deprecated.

3. I would venture
to suggest that the
certificate of the District
Surgeon of Madras
be accepted in lieu
of that of a Board;
the latter is not
really necessary
as Mr. Mackenzie
has ordinary furloughs
due to him under
rules. The medical
certificate is required
purely on administrative
grounds, on account
of the pressure of work
in the Dept., and its
necessity is not
connected in any
way with the C.S. Dept.

His necessary furlough of sick
leave which is the only kind now
admissible.

The Government
regrets that no relaxation
of the rule can be per-
mitted. Mr. Mackenzie
must appear before a
medical Board at the
Presidency in the usual
course.
