Sir In reply to your N^o 813E make
urgent. I have the honor to state
that the indent in which the
demand for wheels is included
is that referred to in proceedings

dated 5th January '92 and Chairman
Harbors Trust Board endorsement
N^o 652E replied to in my N^o 2009
dated 8th January '92, which reference
was quoted in my letter N^o 2337
dated 24th instant under reference
2 The second item of this indent
N^o 832 dated 20th October '91 was as follows:

"steel tyres for pier trucks as per
"Sketch herewith sent." Pairs 30.

This is correct and does not
require amendment, but the sketch
referred to, and which was sent with
my N^o 2009 dated 8th January '92 is

SIB,

I have the honor to forward herewith an amended indent for wheels required for pier trucks.

In the original indent the diameter is supposed to have been stated as 3' 3" instead of 2' 3".

I have addressed the Chief Secretary to Government in the Marine Department and have informed him that this amended indent would be forwarded direct to you and I have requested that a telegram may be despatched to the Secretary of State should you find that the above mistake has occurred for wheels 3 1/4 feet in diameter would be no use for pier trucks.

I have the honor to be
Your obedient servant
Wm P. Austin
Chairman
