Sir,

With reference to your Memo:
No 5683 C dated 17th December 1891, relative
to the Continued Maintenance of the
Wynaad Sub Division after the close
of the Current Official year, I have
the honor to inform you that I do not
consider this any longer necessary.

The work on the Vayitri Gudalur
Road will be completed as far as the
construction of all the minor bridges
and the metalling of the same is concerned
leaving only one bridge of three bays of
40' span situated within a mile of
Vayitri to be erected. This work can
easily

easily be superintended by the Executive Engineer of the Division, and as it is most probable that the whole of the military works in the West Coast Division will be handed over to the Military Works Department on 1st April, the Calicut Sub Division Officer can together with the Executive Engineer, supervise all petty works; Provincial in nature that may be in progress in the Wynaad.

I have the honor to be,
Sir,
Your most obed^t Serv^t,

Ruedrao Acharya
Lt. Col: R.S.,
Superintending Engineer, Circle.
