NOTES.

REFERENCE TO MADRAS P. W. D. CODE,
EDITION OF 1886.

PARAS. 25 & 26.

1. The column headed "present scale" should invariably show the sanctioned scale for the time being and not the strength of the actual (whether above or below sanctioned) establishment as it happens to stand at the time. The "present scale" should be verified by the examiner before the proposal is submitted to government for sanction (paras. 25 and 26).

2. In the column "average or fixed pay," financial value, not mean value, should be given.

3. The financial value should in the case of progressive appointments be calculated as follows:—

(1) If the period of rise from minimum to maximum is 5 years, the average will be the minimum plus two-thirds, or if the appointment is a ministerial one, plus three-fourths, of the difference between the minimum and maximum (C. S. R., Art. 164).

(2) If the period of growth exceeds five years (as in the case of accountants) the $\frac{1}{5}$ th fraction should be decreased by $\frac{1}{5}$ th of the difference for every year by which the period exceeds five; the fraction for periods in excess of five years will therefore be as follows:—

$$6 \text{ years} = 1 - \frac{1}{5} = \frac{4}{5}$$

$$7 \text{ years} = 1 - \frac{2}{5} = \frac{3}{5}$$

$$8 \text{ years} = 1 - \frac{3}{5} = \frac{2}{5}$$

and so on; so that when the period of growth is 20 years the financial value will be the exact mean.

P. W. D. FORM,
No. M 184.

PUBLIC WORKS DEPARTMENT, MADRAS.

Tabular Statement showing the proposed Changes in the Establishment of the P. W. Department, Madras Presidency.

The entries within under the head, "Present scale" have been checked and found correct [subject to exceptions noted below*].

Examiner of P. W. Accounts, Madras.

* The words in brackets should be scored out when there are no exceptions to be noted.

Copy of letter from the Executive
Engineers Kurnool Division to
the Superintending Engineer III
circle Bellary No 496 dated 27-2-92.

With reference to your Endorsement No 3349 dated 23rd Instant at foot of copy of G. O. No. 518W dated 18th February 192 asking for a report as to what additional subordinate Staff will be required for the supervision and execution of all minor works for the purpose of Famine Relief.

I have the honor to submit
herewith a Proposition statement
for the additional strength re-
quired and to request that you
will be so good as to arrange
for the posting of additional
men as soon as possible.

2. I consider it highly essential
that

that an Assistant Engineer -
should be given temporarily
for the Bumbum tank and its
channels, in order to relieve me
of the necessity of lengthened
halts at Bumbum, at the sacrifice
of the efficient supervision of
other works in the District. I am
of opinion that an Assistant
Engineer with 2 Subordinates
can very usefully be employed
on Bumbum Works both as
regards execution and preparation
of Estimates. Hence provision
is made for one Asst Engineer,
1 Overseer and 1 Sub overseer in
the enclosed Statement.

3. I beg to enclose a copy of
List of works which the Collector
asks me to take charge of under
the G.O. in question, from which
it will be seen that some of the
works

works are so situated as to
require the posting of several
Subordinates to ensure proper
supervision and prompt measure-
ment, enforcement of tasks, ^{regulation} of wages &c. Keeping
in view the fact that Estimates
have to be framed for several
tanks both Major & Minor in different
Talugs, agreeably to the orders
already received in order to
afford work for distressed popu-
lation, I am applying for one
Overseer for each Talug in Head
Quarter & Mundial Sub Division
and 6 Subordinates for Bumbum
and Markapur Talugs, where
heaviest work lies.

4. Under these circumstances,
I request you will please
find way to support and
secure the additional Establishment
proposed

proposed.

Encls 1

No 3492

dated 2nd March 1892

1. True copy forwarded to the Chief Engineer P. H. D. I think the extra establishment applied for is necessary for the works are scattered.
2. In the latest report, dated 16th February, received from the Collector the number of coolies employed on relief works is given as 11,715.
3. In my letter No 3324 dated 22nd February 1892 I reported that I thought no additional establishment would be required for the circle for some time, but when writing the report I had not received G. O. 18th February 1892 No 518 H.

Recd

The S.B. III Circle

now asks for ~~order~~
for the following ~~order~~
for the Kurnool division
for famine works, in ad-
dition to the authorized
strength -

	authorized strength	additional required
(1) Asst. Engrs -	1	1
(2) Upper subordinates 13	7	
(3) Lower -	2	3

(1) There is now one Asst. Engr. in the division, & less C.A. Smith's posting supplies the want.

(2) - There are now 15 upper subordinates in the division so that 5 more are needed. These can be made up by sending 2 men from II Circle, 2 of the Bengal men who are posted, & V.7. Srinivasa Aiyangar who is to be appointed Supervisor of 2nd grade.

(3) The appt. of 3 men only.
