Pernjar 9-15th January 1892.

No 259 C.B.

To
Commander for favourable
consideration - I have a certain
from the Sup^r Engineer to civil
that accommodation free of charge
is available for this office at
Trichinopoly, and I strongly re-
commend that this be
granted -

C. J. Pennycook, R.E.,
Chief Engineer and
Secretary to the Government,
P.W. Department,
Madras.

W.B. Christian

Pernjar
29-2-92
Superintendent of Works
No I Pernjar Div

W.B.
The Superintendent of Works,
No I Pernjar Division,
Pernjar.

Respected Sir,

With due deference and
respect we the undersigned Office
Establishments, of No I Pernjar Div.,
Pernjar Project Works, beg you to be
so good as to introduce with your
favorable remarks, this humble
petition to His Excellency the
Governor in Council for his kind
and dignified consideration. -
2. It is a fact well-known to every
one who has visited Pernjar & Thekady
that after a stay there, of a short
period.

period of six months, however strong and well constructed be, a human constitution the person is enervated in consequence of the affection of Malaria prevailing on the Hills where the above two stations are situated. This affection is especially to all persons who are leading the middle-class of life.

3. Although we are obliged to stay in these places in the interest of pro bono publico, yet the Government did not forget to consider the import of health of the people who are remaining on the hills since the Government has, with kind condescension passed an order that the Establishment on the Hills should be removed to the plains during the hot season of every year when Malarious fever, dysentery &c. rages furiously on the Hills.

4. Here we humbly beg to express that when we are ordered to get down to the plains our Head Quarters station has been selected as Madura. In our experience for the last four years when we were lodged at Madura in the hot seasons, we did not have the tendency of governing our health and

happiness during such short stay at Madura and the reasons for this are as follow: -

(a) Madurai is a town so densely populated that each of us was to undergo much inconvenience in hiring any quarters for our temporary residence. As a matter of fact many of us happened to tolerate by living in Verandahs, pials of the Quarters in which the owners are living. -

(b) Madura is a town where good drinking water is very difficult to be obtained, unless we live close to Vaigai river, quarters at the proximity of the river being not secured for our temporary residence. -

(c) The office of H. I. Periyar Division is removed to Madura at such particular a time when the Grand Sagar Festival has been celebrated and when in consequence, people, merchants pilgrims and spectators from distant and adjoining places come and crowd still more closely the town so that the rents of even small huts verandahs &c. available at Madura are charged too high.

(d)

(d) The provisions fuel &c at Madura are purchased at a costly price and our stay at Madura during such short time scarcely allows us any savings that we may naturally expect if we are to live in any other similar town.

5. Under the above circumstances we request that if the Head Quarters station of the Divisional office during the recess be changed to Trichinopoly as there is no other better place suitable for our residence within Madura District we will be benefitted in every respect because Trichinopoly is a town adequately supplied with water every where throughout the Town by means of the flow of water from well-known Cavery river and the houses for our temporary residence and our necessary provisions are amply obtainable at a cheaper rate. Trichinopoly is not far off from Madura and there will be no disadvantage to the impulse of

of the office work since the postal mail to and from Trichinopoly has the same effect as it would be if the office were located at Madura. We dare say that we can hope to enjoy better health at Trichinopoly which is salubrious and well irrigated. - 25/3

6. We beg to point out that in consequence of such change of the Head Quarters Station of the Divisional office there will not be any additional expense on the part of the Government as we hereby declare that we do not require any more allowances for our Travelling purpose than the one allowed to us in the case of the removal of the office to Madura. The only additional trouble that the Government has to deal with is to place a very small amount in the Treasury of the Trichinopoly for the requirements of the pay of the office Establishment and this trouble is.

7. As regards Kodaksnab which is the Head Quarters Station of the Officers during the recess it is well selected and best suited to the European Officers though its climate is too cold to be borne by the Natives.

We beg to remain

The Superintending Engineer
No. I Periyar Division

To

The Chief Engineer
P. W. D., Madras

No. 259 C. E.

Dated

29th February 1892
Received - 3 3-92

Enclosure, - 4 -

Head quarters of No. I
Periyar Division during
the cessation of works
on the hills — Forwards
with strong recommendation
memorial from Clerks
requesting to have the
— changed to
Trichinopoly.

Read the following:—

From the Supt. of Works, No. I Periyar Div.
No. 259 C. E. dated 29th February 1892.

25/6

FOR ORDERS.

The clerks attached
to No. I Periyar Division
ask that their Head
Quarters may be fixed
at Trichinopoly instead
of at Madurai during
the period of cessation
of work in the Periyar
Valley, and this proposal
is supported by the
Supt. of Works.

For all practical
purposes there is
nothing to choose between
the two places, except
that the office accommodation
in Madurai is abominably
defective, which is
an

an argument in favor
of Trichinopoly, and
there seems therefore
no reason why the
men's request should
not be complied with.

The only objection is
the extra cost of travelling
allowances over 46 miles
of rail (Ammayanokkannu
to Madurai 25 miles, to
Trichinopoly 71 miles)
but this will amount
to a very insignificant
sum.

The clerk offers to forego this
I have no objection to the change

Read the following

From the Supdt. of Works N^o I

Perijar Division (H.E. N^o 259 C. E. d/29.2.92)

25/7

The head quarters
of the Establishment
of the N^o I Perijar
Division will in future
be fixed at Trichinopoly
instead of Madurai
during the recess.
But no additional
cost for travelling
from and to the
Perijar will be admitted
in consequence of the
change.
