29-2-92

To C No. 1062 C of 29 Febry 1892

Please explain the circumstances under which the expenditure has been written back, so that the Government of India may be addressed as regards the reduction that should be made in the current years' grant for 45 Imperial Civil works.

Is it really necessary to provide a minus grant for a work?

PWS 4/3/92 — 29-2-92

No. 335 SA Dft. 3-92

To W.

The expenditure incurred during 1889-90 and 1890-91 on the Salt Factory at Vayalur was originally debited to Imperial Civil Works against the grant placed at the disposal of this Department under Code para 1332. 28 b/a

2. From para 2 however of the Board's Proceedings No 3397 dated 19th June 1891 (Separate Revenue) it appeared that the cost of the work was recoverable from the licensees of the Vayalur factory; and with reference to this the Accountant General, Madras stated that the charge should be debited to Civil Department, and that it would be passed on by him to the Salt Department for adjustment. This write-back was accordingly made in the account for September 1891.

3. The provision of a ~~minor~~ minus grant would appear to be necessa under Government of India
