GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following papers:—

No. 921 T.C.

Statement of proposition for temporary establishment required for the VI Circle during the year 1892-93.

[Statement.]

NATURE OF CHANGE.

[illegible]

Item No. 15.—The continued employment of the draftsman is necessary until tank restoration works are finished, as the ordinary establishment of the Division office cannot attend to the copying out of plans and estimates for those works in addition to the ordinary work of the division.

The other items require no special remark, the necessity for each of them having been already admitted by Government.

No provision is made for temporary upper subordinates, as the number required for the circle is fixed in G.O., No. 3304 W. of 12th December 1890.

15th September 1891.

(Signed) J. W. MARTIN,
Superintending Engineer, VI Circle.

Office-note from the Examiner, Public Works Accounts, dated 7th March 1892, No. 346 S.A.

Entries in column "Present scale" of the proposal statement have been checked and found correct.

From the Executive Engineer, Tinnevely division, to the Superintending Engineer, VI Circle, dated 13th February 1892, No. 492.

[Reference.—Proposition statements of temporary establishments required for the Tinnevely divisional and Tenkarai sub-division offices for 1892-93.]

I have the honour to mention that it is supposed that the temporary establishment applied for in the above statement may be continued on after the 29th February 1892 in anticipation of sanction by Government.

No. 1205 T.N.

Copy submitted to the Chief Engineer, Public Works Department, for orders.

2. The statement of proposition for temporary establishment required for 1892-93 was forwarded in this office No. 921 T.C., dated 15th September 1891.

(Signed) A. C. SMITH, Lieut.-Colonel, R.E.,

16th February 1892.

ORDER—dated 11th March 1892, No. 816 W., Public Works.

The temporary establishment required for the VI Circle during 1892-93, as detailed in the statement submitted by the Superintending Engineer, with his No. 921 T.C., dated 15th September 1891, is sanctioned.
