Principal, Law

College.

With reference to the marginally
 noted correspondence, I have the honor to sub-
 mit sketch plans of the basement and upper
 floors of the proposed Law College with a site
 plan of the main building and necessary
 out buildings and an approximate estimate
 amounting to Rs 29,5354, for constructing the
 same.

I also append a statement
 comparing the accommodation required &
 that provided for in the plans, from which
 it will be seen that there is a difference
 in size in some of the rooms. This is un-
 avoidable owing to the arrangement of the
 building on a corner site and on odd &
 number required of each size

The building will be upper-
 storied throughout and terraced, and the walls
 made thick enough to carry a third storey if
 required, at a future date. The several rooms
 it will be seen are arranged around a central
 Court yard, in view to the whole being well
 lighted and ventilated. The style of the building
 will be in keeping with the new High Court.

On the approval of Govern-
 ment, and return of the sketch plans, the
 working drawings & detailed estimates will be
 completed.

One half of the total cost
 can be made available for expenditure during
 the ensuing financial year.

I have the honor to be

Regarding the construction of a
 building for the Law College.

Order 8th March 1892 N^o 193

The plans are approved as
 a sketch subject to the following remarks:—

- (1) there is too much space devoted to the
 Library and the room which it is proposed
 to assign for this purpose measuring
 47' 2" by 31' 2" should be converted into
 a Lecture room;
- (2) a new lecture room should be built
 above the entrance porch;
- (3) the four adjacent rooms marked

as Lecture Room No 6, Library, Librarian's room and Library (23' 2" x 17' 7") should be thrown into one; in the large room thus formed the Library can be placed and the Librarian can sit;

4. Lecture Room No 7 and the adjacent common room should be combined into one large common room.

2. The Government regrets that there is no immediate prospect of funds being available for the construction of the building and before any steps can be taken the question of the area to be kept vacant round the Fort must be settled in the Military Department.
