PROCEEDINGS OF THE MADRAS GOVERNMENT. 82/1Read the following Proceedings of the

Board of Revenue (R.S. & R. & A.) dated 29: February 1892
 No. 2066 Misc: on the following letter from the Collector of
 Cuddalore dated 25: February 1892 Ref: No. 2922 ^{try}:-

I have the honor to say with regard to Com-
 =missioner's doubt expressed in para 2 of Board's Proceedings
 No. 104 dated 13: instant whether I considered D.P.W. Major
 works in Buduel, I did not do so.

2. My experience of such work here as a stated by
 is not hopeful. Moreover on the list under Section 27 of
 the Famine Code given on 31: January the vaguest idea of
 the number of coolies employable is given. Neither do I
 get this from the same what Estimates are ready or sanctioned
 for early commencement except with regard to a sum of
 Rs 1500 which is hardly worth considering.

3. Also since January 31: the Executive Engineer is
 reported ill and says he is unable even to write more
 than his signature I therefore omitted the work in question.

Resolution:

The attention of the Chief Engineer will be drawn
 to para 3 of the Collector's report with the remark that
 in the Commissioner's opinion it is essential that the
 Executive Engineers in charge of divisions in the affected
 districts should be in a position to move about freely
 in order that they may organize the necessary relief
 work

works wherever they may be required to do so by
the collector.
