READ—the following paper :—

From Colonel C. A. PORTEOUS, Inspector-General of Police, to the Chief Secretary to Government, dated Ootacamund, 17th February 1892, No. 931.

I have the honour to submit, for sanction and execution by the Public Works Department, plans and estimates for the construction of police huts at the marginally-noted places in the districts of North Arcot and Tinnevely.

	RS.
Four huts at Kalugumalai, Tinnevely district	1,200
Seven huts at Rénigunta, North Arcot district	2,650

2. The estimate for huts at Kalugumalai was first sanctioned by the Superintending Engineer, VI Circle, the amount (Rs. 1,200) being within his competency to sanction, and it was subsequently returned cancelled, with the remark that, as the cost of each hut is below Rs. 1,000, the Examiner of Public Works Accounts objected to admit his sanction to the estimate for the execution of the work by the Public Works Department in the absence of sanction of Government under para. 1316 of the Public Works Code.

The estimate for 7 huts to be constructed at Rénigunta in a line with those already built by the Public Works Department under G.O., No. 1271, dated 26th June 1891, J.D., can be sanctioned by the Superintending Engineer, IV Circle, but that officer also requires the sanction of Government for reasons stated above.

3. I, therefore, request that the whole number of huts may be treated as a single work and executed by the Public Works Department, as I am of opinion that substantial huts should be constructed under professional supervision.
