*The humble Petition of N. Etherajooloo Moodaliar Local
Fund Overseer, Cuddapah & Sidhout Taluqs.*

MOST RESPECTFULLY SHEWETH,

That your Lordship's Memorialist most humbly begs to approach your Lordship, the ultimate Indian appellate authority, the final place of shelter and refuge of the poor, in the hope that though his case has been ignored by the two Governments in India, yet it will receive that attention & justice, at your Lordship's hands which his case deserves.

That Petitioner begs to represent that through certain unforeseen circumstances Petitioner who served during the critical periods of the recent famine in the year 1876 in a notoriously malarious District, (vide accompanying testimonials) Petitioner has been debarred the promotion and the encouragement given to his Co-workers.

2. That petitioner applied to the Chief Engineer for a post in the Upper subordinate, establishment in P. W. D. as a reward for his services, in accordance with a promise made by the Chief Engineer, Circular No. 1987 of 28th May 1879. Petitioner was not hasty in pushing forward his claims like his fellow workers because he had no fear that his merits would go unrewarded.

3. That his application did not meet with a favorable reply because a new order had been passed shutting out petitioner from the post for which he applied; that petitioner then solicited Bonus service as an alternative, but this too the Government regretted they could not grant.

ENCLOSURES.

ment, that the requests of the petitioner cannot be complied with. That petitioner prays that your Lordship will look upon petitioner's unfortunate case as a special one and grant him at least a title in the event of either of the three former concessions prayed for being refused viz., permanent appointment, Bonus service, or Bonus gift or Honorarium.

To

His Excellency Lord Wenlock G.C.B.
The Governor of Fort Saint George

The humble petition of N. Etherajooloo Mood
Local Fund Overseer Buddapute

Most Respectfully Sheweth

908

That Petitioner begs once
more to trespass on His Excellency's valuable
time and patience on receipt of order No. 29 W
July 191 (Register No. 782) to the effect "that
the Memorial received" from the India office
be forwarded to the petitioner with the
intimation" that no representation will be
entertained by the Home Government unless
they shall have been submitted through the
Local Government."

The petitioner, in accordance with
the existing rule, did submit his memorial,
dated 14th March 191 through the Madras Govern-
ment who submitted the same to the Govern-
ment of India and intimated the fact to the
petitioner in their Proceeding No. 1162 W dated 27th
April 191. His Grace the Governor General of
India was pleased to decline in his Proceeding
No. 1257 G dated 12 May 191 to forward it on,

to the Secretary of State for India. On receipt of Government of India order the petitioner submitted an explanation dated 9th June/91, which the Madras Government withheld under Memorial Rules section III 3 (3) vide Proceeding No. 1778 W dated 30th June/91.

Petitioner now prays that the Madras Government will be graciously pleased to take the following few grounds into their favorable consideration i.e. Petitioner is a Government servant or in the words of Memorial section 12 Clause 5 a person belonging to the Department. Petitioner begs to reiterate that his services were transferred from the D.P.W. to the Local Fund Board in the year 1880 from which period Petitioner continues to serve in the Local Fund Department & he has still a claim on the D.P.W. as his pension is regulated by his services both in the D.P.W. and Local Fund Board. Petitioner is therefore to all intents and purposes a D.P.W. Subordinate and a Government servant. Further he in his memorial of 14th March/91 Craved Government to recognize his services during the late famine and give him a title and not an employment under the Government as was

miscontinued by Government of India. Hence the Petitioner submits that rule 12 Clause 5 is not applicable to him.

908/24

The Madras Government withholds this explanation under Memorial rule section III 3 (3) & the petitioner humbly submits that this rule is not applicable to the petitioner because the Government of India quoted Memorial section 12 Clause 5 and from that it is apparent they required an explanation from the petitioner. This explanation was given but unfortunately the Madras Government was not pleased to submit the same to Government of India and intimated the fact to the petitioner in their Proceeding No. 1778 W dated 30th June/91.

In addition, the petitioner begs to urge that he has rendered good services during the present famine work done on Chittoor Kurnool road at Gonnalcheru Rayachoty Suburban District and requests that this may at least be recognized as a new ground to reopen this Case vide Section III 3 (3). This has been acknowledged by his present immediate superior Mr H. C. R. Harley the L. S. District Engineer, Burdwan in his order which runs as follows ("Work hard and do good work and plenty of work & I will get you good praise from the Collector as the only

Overseer who worked hard when he was
almost too ill to work")

In Conclusion, the petitioner
begs to bring to the notice of His Excellency
in Council that he has subforward a new
Claim of having done hard work during the
present famine in addition to the one done
in last famine in the year 1876 to 1879 and
Consequently most respectfully entreat His Excellency
to be pleased to consider the merits of his
Case and see the fact he has only 7 months
to complete his good service of 30 years for
pension and grant him at least the last
Concession prayed for i.e. a title as requested
in Petitioner's Memorandum of 14 March 1911 to the
Secretary of State for India as remuneration
for his arduous special services rendered
both in the last and the present famine in
a malarious District so that he may
enjoy the benefits of it after his retirement
from the service. He further submits that
this is within the gift of His Excellency to
Confer on the petitioner without reference to
the Government of India or Secretary
of State and therefrom prays your mercy to do
him

him justice; if not, Petitioner begs that
his Memorial of 14 March 1911 be forward-
ed to the Secretary of State through the
Government of India

For which act of generosity
Petitioner as in duty bound

will ever pray

10.—Forwarded to the Superintending Engineer 4th Division for favorable consideration and disposal. During the time Etherajooloo Mudaliar, has been in the Vellore Range Office he has been hard working and assiduous in carrying out the duties devolving on him. I have frequently employed him in out-door work in the Vellore Contonment during the absence of the Taluk Overseer in framing estimates for repairs &c., of buildings and in measuring up contract or other works performed on the same. I consider him quite competent to carry out the duties devolving on a Local Fund Overseer.

His draughtsman ship is neat.

Assistant Engineer, Vellore Range.

11.—During the short time I was in charge of the Vellore Range I had every reason to be satisfied with the manner in which N. Etherajooloo Mudaliar performed his duties as Draughtsman. He is well up in Estimate making and plan drawing and would make a good Taluk Overseer.

EXTRACT.

12.—Before leaving the Vellore Range to join the Trichinopoly District, I would desire to place on record for the information of my successor the uniformly satisfactory manner in which my executive and office subordinates have worked under me during my tenure of the Vellore Range from April 1865 up to the present date.

N. Etherajooloo Mudaliar, Draughtsman is a neat workman. He understands his work very well and has acquired some knowledge of surveying and levelling. He aspires to hold eventually the post of Local Fund Overseer.

2. It is superfluous to speak again of the practical qualifications of the applicant to conduct the duties of an Overseer. When the Range Officer knows such men as were nothing more than pygust or writers have been exempted from the prescribed test and appointed as Overseers. He cannot but most respectfully entreat District Engineer to favorably consider the application.

21.—In forwarding to you an application from the Sub-Overseer of Voilpaud Taluk asking that in consideration for his long service in the Department he might be exempted from passing the Overseer's Test.

I have the honor to say on his behalf, that I have been perfectly satisfied with the way in which he has performed his duties as Sub-overseer since I joined this Range; that I have the highest opinion of his trustworthiness and diligence and from his great proficiency in drawing and estimating and knowledge of what good work is I would much prefer him to either of Two Taluk Overseers whom I have now in the Range and who have both passed the Overseer's test.

22.—Extract from the letter of Mr. Gribble to the Collector of Cuddapah, No. 38 B, dated 23rd February 1877.

25.—I have the honor to forward herewith an application from Sub-Overseer Etherajooloo Moodaliar praying for exemption from the Taluk Overseer's test and that he may be granted promotion to the grade of Taluk Overseer on the occurrence of a vacancy.

I can only say that I think he would not gain more by the change than Government would. He is certainly better fitted for the post than three fourths of the Taluk Overseers, I have had under my orders in this District during the last 3 years. He is to the best of my knowledge thoroughly honest and trust worthy, he is intelligent, handworking and respectful. He also carries out carefully and expeditiously all orders and is a remarkably rapid and correct Estimator and an exceedingly neat Draughtsman. He has had large experience in carrying out works and I think it a great pity that his duties should be confined to road works which could be nearly as well carried out by a man on half his pay. He has been 17 years in the Department and although he is still comparatively young and active, it would be very hard upon him to compel him to resume his studies and to pass the prescribed test for the Taluk Overseers. I therefore has the honor to request that you will forward his application for the favorable consideration of the Chief Engineer.

I would only add in conclusion that the applicant did valuable service here during the Famine in superintending and marking cut tank and road works which services were acknowledged by the Sub-Collector Mr. Gribble on several occasions.

FOR ORDERS. Whether the

petitioner's memorial
to the Secretary of State,
dated 14th March 1891,
may be retransmitted
to the Government of
India as requested by
him.

2. It was before forwarded
to the Govt of India with
letter No 1163 W dated 27.4.
91, and its transmission
was withheld by that
authority under Rule XII
clause 5 of the memorial
rules.

3. The petitioner now argues
that this clause is not
applicable to his case,
inasmuch as
(1) because he was trans-
ferred from the P. W. D.
to

to local fund employ
and still counts his service
for pension, he may be
regarded as belonging
to the department; and
further

(2) that his memorial is not
an application for em-
ployment, but for a title
in recognition of his
famine services.

4. He seeks to strengthen
his case by stating
that he has done further
good service in the present
famine, but he has not
sent his petition through
his official superiors
who have thus not had
an opportunity of expressing
an opinion on this
point.

① The Government again declines to forward the memorial under section III 3 (3) of the memorial rules.

2. The petitioner's contention that he is still a member of the department cannot be admitted, and his request for a title has already been before the Government of India.

It is observed that
the present memorial has
not been submitted through
the petitioner's official
superiors.
