3. The indent of the Executive Engineer, Negapatam Division, for 1892-93 is on hand and will be complied with in the course of this month, when he will also be supplied with the superior blotting paper like others.

4. I may also mention here, that in my indent on the Secretary of State submitted on the 4th instant, I included 500 reams with a view to discontinue the country blotting paper altogether and substitute Europe blotting paper for it, since the latter is not only superior but also cheaper as will be seen from my letter dy 4th March 1892 No. 273.
