Taluk Office at Bhavani

Estimate of Rs. 29,250 for constructing a
first-class — in the Coimbatore district,
sanctioned.

REVENUE DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read

the following Proceedings of
the Board of Revenue (Land Revenue) dated 5th
November 1892 (No. 7174) in the following.

(1) Letter from the Collector of Coimbatore dated
9th September 1892 No. 1426 of the following
reference thereon.

As sketched in the survey plan the
building will have its frontage exposed to the morning
sun. The Collector is requested to report whether
it cannot be more conveniently placed to face
north as sketched in pencil on the plan so that
the frontage will almost always be in shade.

(2) Letter from the same officer No. 2094 of 14. Oct/92
Resolution:

The plan and estimate for constructing
a Taluk Catcherry at Bhavani at a cost of
Rs. 29,250, received with the first letter read
above will be submitted to Government
with reference to G.O. 828
26.8.91

2.

The Convenience of the officials
and of the public frequenting the Taluk
Catcherry will be better consulted by
placing the building with its front to the
North

in which position it will be less exposed
to the sun. The out houses will of course be
shifted to the south of the main building.

Order thereon, 10th December 1892, No. 5389.

The plan and estimate
are approved and transmitted to the
Public Works Department in which the
Board's suggestion in para 2 will be
considered

REMARKS.

This estimate has been passed with
reference to G.O. No. 2076 dated 11th Augt
1892. It provides for constructing a first
class taluk office with out houses at
Baram in the Coimbatore Dist.

The taluk office is to be constructed
as per type design circulated with
G.O. No. 3023 dated 11th Nov. 1891 (Taluk
type) & the out houses as per design
approved in G.O. No. 1409 dated 28th
May 1889.

The site selected is on private land
& compensation to the extent of Rs. 125
has been provided in the estimate.

The estimate provides for fitting the
ground with 24 wooden round
racks & one mangle slip ladder, per.
There is also made for a compound
wall 5 feet high around the land to
be

The taken up to for sinking
a well. The height of the compound
wall appears rather high 4 feet
above ground level is thought would
be a fair height.

In para 2 of the Board's res.
which suggestion is made to join
the main building to the north &
to locate the out houses to the
south of the main building.

READ the following

Printed in the Revenue Dept. No. 5389 of 10 December 1892

The estimate amounting
to Rs. 29250, for constructing
a first class taluk office
at Baram in the Coimbatore
District, is sanctioned for
execution when funds are
available.

2. The alignment of the
building should be altered
as suggested by the
Board of Revenue in para
2 of its Resolution No. 777 of
5th November 1892.

3. This sanction has been
registered as Provincial
No. 904 of 1892-93 and classified
as Civil Buildings, Original
Works.

I believe that as soon as funds are available
for this class of work, this particular outlay
should be one of the first to attract
attention.
