Current No. 1454. 1927 + 2480

1004
1

The Coast & District Dept. for
road index maps showing the
main lines of roads constructed
during the year 1927, as required
by para 44 Chap IX of the P. & F.
Code for the following Districts
so as to facilitate the survey, dept.
to bring up the map of India
to date.

Vijayapet District. Two tracings
are forwarded. They show the align-
ment of the roads completed &
portions of the roads still in pro-
gress. These maps have been
drawn on a scale of 4 miles to
an inch & show the village sites
& streams crossing the roads.
but no note is made on the
maps as to whether the alignment
of the roads have been fixed from
actual survey or otherwise. The
scale of the maps is somewhat
smaller than what is required,
note I to para 44 Chap IX of the
Code lays down that the maps
should not be less than a scale
of 1 inch = 1 mile.

Kuruvol District. The scale of the
index map is not mentioned
but it appears to be on a scale
of 8 miles to an inch, which
is much smaller to the scale
laid

Laid down. no note has been made
on the map to show whether the
alignment is fixed from actual
survey & no village sites are
marked on the line of communication.
This, as the road is still under
progress it is thought that this
map may not be forwarded to the
Survey Dept.

✓ Tanjore Dist. This map is prepared
in accordance with para 44 of
the Code & is in order, except that
no note has been made to say
that the alignment has been
fixed from actual survey. a
few more village sites may
have been noted on the line of
roadway to guide in fixing
the new line.

✓ Chingleput Dist. It is thought
that this map need not be
forwarded to the Survey Dept
as it does not show the roads
constructed & opened for traffic
in 1892. The map merely shows
existing roads.

✓ Trichinopoly Dist. This map is on
a scale of 2 miles to an inch. It
shows the alignment of the pro-
posed roads & the portions con-
structed during 1892 with the
village sites marked.

The other districts of the
Presidency have reported to say
that no new lines of roadway have
been constructed during 1892 ex-
cept the Dist. of Ganjam, Godavari,
Kistna & Salem.

Out

1009 ✓

The only road map
which has been prepared
in accordance with the
rules in para 44 Chapter
IX, G. S. Code, is that
received from the Tanjore
Dist. For orders whether
this may be forwarded
to the Survey of India
Dept. & the rest re-
turned for revision.

Index map of Acadia Dist. - The
scale of this map has not been
marked on the tracing but it
appears to be on a scale of 8
miles to an inch. The map
shows several branch roads
constructed but no note
has been made as to whether
the alignment shown on the
map has been fixed from
actual survey or otherwise.

With the papers
also a detailed index
maps showing main lines
of road constructed during
1892 in the districts
marginally named, are
submitted with reference
to G.O. No. 431 W dated
12 February 1893.

2. Under Rule (1) of the
Govt. of India Resolution
passed with the G.O. above
quoted, the index maps
to be forwarded to the
Survey of India Dept.
Mand

Should not be of less
Scale than one inch to
the mile - The only map
which complies with this
condition is that sub-
mitted by the Tanjore
District Board. In
the map received from
Kurnool, village sites &c
are not marked on the
line of communication as
required by rule (2),
and no care has been
made on the
map that the infor-
mation is derived from
actual survey, or otherwise.
The road shown in the
Kurnool District map
has not been completed,
while the Chingleput Dist.
map does not contain
any roads, merely con-
structed & opened for
traffic, but merely
indicates carting roads.
Neither of these maps need
be forwarded to the
Survey of India Dept.
