Majors of Royal Engineers

Letter from the Government of India requesting that the attention of all — serving under the Madras Government be drawn to certain rules requiring reports as to military efficiency for promotion to rank of Lieutenant-Colonel, communicated to officers concerned.

1015/2

Accompaniment to G.O., No. 1797 W., dated 16th June 1892.

Army Regulations, India, Volume II.

Para. 217 *B.*—Officers of Royal Engineers serving in Civil Departments will be reported on by their departmental superiors, and, in certain cases, by the Military authorities under the following rules :—

* * * * *

(*d*) The military qualifications of Royal Engineer officers below the rank of regimental Major are already tested by the prescribed examinations for promotion. Regimental Majors of Royal Engineers serving in a Civil Department will be reported on once by General Officers Commanding Districts about the time when the officers concerned are approaching the period for their promotion by selection to the rank of Lieutenant-Colonel, the reports being confined to their proficiency in military duties (C), their smartness (E), and their horsemanship (F). These reports will be prepared on the same form as those referred to in para. (*a*),* in duplicate in Bengal, and in triplicate in Madras and Bombay.

* Army Form B 194—8.

(*e*) In instances where Majors of Royal Engineers in Civil employ are unable from the nature of their duties or their distance from a military station to arrange for obtaining the opinion of a General officer with respect to their military efficiency, the report mentioned in the preceding para. (*d*) may be dispensed with, proposals for exemption being submitted by the head of the department concerned, with an expression of his own opinion thereon to the Adjutant-General in India, or the Adjutant-General of the Madras or Bombay Army, for the Commander-in-Chief's approval. It is to be understood that exemptions will only be allowed under special circumstances.

(*f*) If a Major of Royal Engineers in Civil employ, whose exemption from the report of the military authorities is not proposed and approved by competent authority, neglects to obtain the opinion of the General officer concerned with regard to his military efficiency, he will render himself liable to be omitted from the recommendations for promotion by selection to the rank of regimental Lieutenant-Colonel under article 7 of the Royal Warrant of the 15th November 1887.
