13TH APRIL 1893, No. 1027 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper:—

Proceedings of the Board of Revenue (Land Revenue), dated 20th December 1892, Mis. No. 8378.

Read—the following papers:—

Letter from the Collector of North Arcot, dated 30th August 1892, No. 5067.

Reference on the above, dated 13th October 1892.

The Collector's letter read above will be forwarded to the Inspector-General of Police for favour of his remarks.

2. The Inspector-General is requested to state whether he concurs with the Collector's proposal and considers that the additional accommodation recommended for the Police is essential. The Board is inclined to think that if the "ward for six males" adjoining the "arms" room were divided into two, one portion might be used as a lock-up and no important deviation from the type design would then be necessary.

Letter from the Inspector-General of Police, to the Secretary to the Commissioners of Land Revenue, dated 6th December 1892, No. 7516.

Adverting to your Reference No. 2564, dated 13th October 1892, I have the honour to inform you that as Government in its Order No. 2176, dated 23rd November 1892, Judicial Department (copy herewith), has directed that the Police shall continue to use the late travellers' bungalow at Wandiwash as a station house, the additional accommodation for the Police proposed by the Collector in his letter to the Board is unnecessary.

2. The Police accommodation in the type design is sufficient for the treasury and sub-jail guard, arms and for the Police Inspector.

Resolution—dated 20th December 1892, Mis. No. 8378.

The plans and estimates for Rs. 32,200 for constructing a new Taluk office at Wandiwash are submitted for the sanction of Government with reference to the correspondence ending with G.O., dated 10th November 1891, No. 5770.

2. The Collector recommends that the Police station at Wandiwash, which is now located in the travellers' bungalow to the great inconvenience of the travellers, be removed into the new building; that two new lock-ups be provided therein; and that to this end the accommodation in the new building be increased. But the Inspector-General of Police, who was consulted in the matter, reports that under G.O., dated 23rd November 1892, No. 2176, Judicial Department, the Police station must continue where it now is and that no additional accommodation is necessary for Police purposes.

(True Copies and Extract.)

(Signed)

W. S. MEYER,
Ag. Secretary.

No. 336, Revenue.

The plans and estimates are approved and transferred to the Public Works Department.

FORT ST. GEORGE,
27th January 1893.

(Signed) E. GIBSON,
Ag. Secy. to Government.

Note by the Chief Engineer, Public Works Department.

The estimate, amounting to Rs. 32,200, for constructing a taluk office with out-houses at Wandiwash has been reduced to Rs. 30,170 by the correction of errors in the items of brickwork and pointing.

2. No provision has been made in the estimate for record-racks. If they are required, a supplemental estimate should be submitted, their provision being authorised under para. 2, Chapter XI of the Public Works Code.

3. No ceiling boards have been allowed under the Mangalore tiling. They should also be estimated for if required.

(Signed) G. T. WALCH,
Ag. Chief Engineer, P.W.D.

From the Executive Engineer, North Arcot division, dated 2nd March 1892, No. 1477.

ORDER—dated 13th April 1893, No. 1027 W., Public Works.

The estimate, as reduced by the Chief Engineer, amounting to Rs. 30,170, for constructing a first-class taluk office with out-houses at Wandiwash, in the North Arcot District, is sanctioned.

2. Attention is drawn to the note by the Chief Engineer.

3. The sanction accorded in para. 1 has been registered as Provincial No. 7 W. of 1893-94 and classified as Civil Buildings, Original Works.

Taluk Office with Out-houses
at Wandiwash

Estimate of Rs. 30,170 for constructing a
first-class — in North Arcot district, sanc-
tioned with remarks.

Judicial Department
Proceedings of the Madras Government

Read the following papers:—

From the Inspector General of Police,
dated 12 " January, 1892, No. 190.

From the President, District Board,
North Arcot, dated 14 " October 1892, No. 97.

With reference to the Memorandum
from the Acting Under Secretary to Govern-
ment No. 325 dated 6 " May 1892, I have
the honor to report that no reference is
forthcoming in the records of this office
showing the authority and the conditions
under which portions of the four bungalows
at Wandiwash, Vankatagiri, Karaharipet
and Nagari have been appropriated by
the Local Fund Department for use as
Travellers' Bungalows, though the buildings
have been sold or transferred to the Police
Department. However from the accompanying
communications between the Superintend-
ing Engineer and the then Collector of
North Arcot, it would appear that

in 1869 an estimate was sanctioned for
adapting a portion of the Wandiwash
Bungalow for the use of travellers.

Endorsement of the Local and Municipal
Department No. 727 dated 3 November 1892
in the above:-

Transferred to the Judicial Department
with reference to its endorsement dated
23 January 1892. No. 129 and with the
remark that the Police Department
appears to be entitled to the possession
and use of the whole of the Travellers
Bungalow buildings at Pudukottai,
Wandiwash, Karakurupet and Nagari.

Order dated 23 November 1892 No. 2176.

The Police Department will
continue to use the buildings referred to.
Arrangements for the accommodation of
travellers must be made by the District
Board if it is found necessary
to have separate buildings for
that

that purpose-

Asst. Under Secretary

(True Copy)

J. McCarty
Asst. Super General of Police

Boxed

inconvenience of travellers. I then requested the Superintending Engineer to provide room in the estimate for the accommodation of a Police station by extending the "Place of Arms" and for 2 lock-ups of 6' x 15' for prisoners under Police custody, who cannot be kept in a jail-ward proper, prior to their being charged before a Magistrate & remanded. The Superintending Engineer reported, in his letter, dated the 2nd August 1890, No: 2997, that he complied with my requisition and sent in revised plans and estimates, which were submitted to Board, with this Office. Refon Genl: Eng: No: 4517 of 90 dated 14th August 1890, but the sanction of Government was kept back pending the receipt of the fresh revised type plans for taluk Offices, then under preparation.

2. The Superintending Engineer has now forwarded fresh plans and estimates, with his letter, dated 14th July 1892, No: 257 M, for transmission to Government for sanction. I find that no provision is made in these for the Police station and the 2 lock-ups; and on a reference to the Superintending Engineer, I learn that the old revised estimates provided for enlargement of the place of arms from

1027

from 8' x 22⁷/₈' to 14' x 22⁷/₈' and for 2 extra rooms of 6' x 15' for lock-ups, but that the dimensions allowed in the revised standard plan for place of arms are only 10' x 16' and that there is no provision for the lock-ups. The Superintending Engineer further tells me that if the enlargement referred to is necessary, Government should be moved on the subject.

3. As the additional accommodation for the Police station and lock-ups is absolutely necessary, I request that the Board will be pleased to move Government in the matter. The want of a Police station is much felt, and the two lock-ups are an indispensable adjunct to every Police station. The 3 male ward or 2 female wards for which provision is made in the estimates which are herewith submitted will be just enough for the requirements of prisoners under-going sentence.

I have the honor to be,

157

W (Rev. 2080)

The increase to the budget grant was sanctioned only last month (\$22600 at \$4.22 by 93). whereas, the work seems to have been commenced in the middle of last year. vide para 203 of the 8th present letter.

An allotment of funds as movement, in itself, is no authority for the commencement of a work. The rule on this point is very clear. vide para 1 of Chap IX, P.W. Code.

Allotments were provided for a great many of these trading offices in anticipation of sanction to the estimates, and in some cases, the collection of materials was specially authorised. but in the case of Wandewash, no such authority was given.

Plastering or Pointing *The interior faces of walls are to be plastered with 2 coats of chunnam & the interior faces painted with tur & ash white.*

Flooring *is to be of 8" x 8" ordinary concrete 2 1/2" of cement concrete for all the rooms except the jail wards & verandahs which are to be asphalted with 3/4" asphalt on 4" of concrete.*

Roofing *is to be of Mangalore tiles laid on teak rafters & rafters 8" x 8" placed 2 1/2 feet apart.*

Doors and Windows *are to be of the description noted in the estimate of timberwork & painted with 2 coats of oil paint.*

Roof timbers *are to be of teakwood & painted with 3 coats of oil white paint.*

Scantlings *are correct.*

Rates *are fair with the exception of those detailed below.*

The plinth area of the main building is 10747 square feet, and the cost per square foot will be Rs. 2.6.9.

The plans and estimates have been countersigned by the *Collector, Madras District* and approved in the *Revenue Dept.* Department.

REMARKS.

This estimate has been framed with reference to G.O. No. 1002 of dated 10th April 1889 & it provides for construction of first class building with outbuildings at Wandurambadi in the North Arcot District. The estimate for the main building has been based on the revised type design approved in G.O. No. 3023 of dated 11th March 1892 & the outbuildings as per design circulated with G.O. No. 1209 of dated 28th May 1889. The site selected is private land to the south of the Immolation bungalow vide site plan for which a sum of Rs. 330 is provided in the estimate under compensation.

The following rates are in excess of the minimum schedule.

1027
18

	Rate list	Wholesale
Brick prop course	10.8.0	against 12.0.0
Plastering with cement	2.10.0	do do 6.0.0
Cement 2" thick	13.8.0	do do 17.0.0
3/4" asphalt on 6" of concrete (omitted)	17.0.0	do do 18.0.0
4" of cement	6.10.0	do do 10.0.0
Plastering with 4" of ash	1.8.0	do do 2.8.0
Cement concrete 2" of		
Cement concrete		
Painting with chunnam		

Up schedule rates he adopted the saving will be Rs 520.

The estimates amounting in all to Rs 32200 have been reduced to Rs 30170 with a saving of Rs 2030 owing to an error in the item of brickwork under "basement" in addition the quantity has been reduced from 15681 cfr to 5807 cfr & in the item of painting the quantity has been increased from 9588 to 10314 cfr. owing to error in calculation.

No provision has been made in the estimate for second racks, these being fixtures should under para 2 Chap II of the Code be estimated for. No ceiling has been provided for under the Mangalore tile roofing.

PUBLIC WORKS DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

1027/15

Read the following

Ord. of the Board of Rev (Land Rev) No. 8378 mis d/ 20 Decr. 1892
Enacted thereon in the Rev. Sept No. 336 d/ 27 January 1893
Vote by the Chief Engineer, P.W. & d/ 16 February 1893

Sanction to the estimate
for Constructing a Taluk
office at Wandiwash in
the North Arcot District
is deferred. His Excellency
the Governor in Council is
of opinion that there is
no absolute necessity at
present for incurring the
cost of providing a new
building

2. The current year's grant
for the work is Rs. 7,000
against which expenditure
appears to have been
incurred in collecting
materials. The unspent

balance

balance of the grant
should be surrendered.
3. The provision of Rs. 20000
for next year will be
resumed.

Revised draft

To

The S.E. & W. C. Secy
- Ex. P.W. Dept.
- Rev. Dept.

P. W. DEPARTMENT.

8/3/93

Read the following:—

I do not understand these arrangements.
Apparently the Executive Engineer on
an endorsement to a G.O. authorizing
the construction of a Taluk Cutchery
in Kistna, proceeds to demolish a
Cutchery in N. Arcot, and when the
work has been begun, an no Government
Authority comes up for sanction, which
he describes as being merely
formal.

Of course it would be wasteful to
stop the work now - but I should
like to have a clear explanation of
how this work was undertaken, and
on whose authority.

It seems to me that the D.P. W.
should be brought under some control
if they can demolish & reconstruct
any public buildings which seem
to them expedient.

W
10 Mar.

+ Rs 7000

FOR ORDERS.

With reference to
this Bulletin of the
Governor's Proclamation
draft order sanctioning
the Wandurash
Cutchery - it is
necessary to bring
to notice that work
has commenced,
as in the case of
several other Cutcheries,
before formal sanction
to the Estimate for
the revised design -
and on the current
year's grant - there
has been already
an expenditure of
upwards of Rs 6000,
and the foundations
have been nearly

Completed; some
of the work also
has been given
on Contract.

His Excellency the Governor

FOR ORDERS.

(2) Rs 20,000 have
been provided for
the work in last
year's budget
already issued

(3) Under these
circumstances
orders as required
as to whether the
work has to be
stopped.

(4) The delay in
giving the information
now afforded in
this note has arisen
from the necessity
of getting information
as to the actual
state of the work.

J.P.

P. W. DEPARTMENT.

17/3/93

Read the following:-

Receipt of His
Excellency the
Governor on letter for
Order of 8th inst.

FOR ORDERS.

The project was regularly approved
of funds assigned in anticipation of
the ~~estimate~~ estimate which was neces-
sarily delayed for the settlement of
the standard plan. For the utilization
of the allotment of funds, the Ex. Engr.
seems to have commenced to collect
materials. I think the estimate
should be sanctioned. The P.W.D.
is the matter in this field
matter.

C. J. P. 1/3/93

I think the estimate according
to the standard plan may be
sanctioned J.P. W.
29/3/93

The note explains what to me appeared
an unauthorized proceeding - I am
obliged to the Ag. Chief Engineer for it.

W
1 April

With reference to
the above the following
information is submitted
In his letter 20.3/1/89
the Collector of North Arcot
speaks of the Chaudogin
Taluk Kachari as
"inconvenient". The
proposed arrangements
disgraceful & so on.
& in his letter 30.4.2/3/89
he says the Taluk Chaudogin
building at Wandiwash
is as bad as, if not worse
than that at Chaudogin.
On this the S.P.O. was in
S.O. 1983 28/3/89 which
to prepare a plan & estimate
for a new building & to
provide funds.

The plans of the Govt.
accordingly prepared &
forwarded but were not
in S.O. 2976 11/7/90 to be
held in abeyance pending
the preparation of revised type

design for Talip Office.

In his letter 2867 of 13/9/90
the Collector had said that
the two Talip Cutcheries

(Chandragiri & Wandiwash)
were "urgently wanted"

In his Memorandum
with the Provincial Budget

for 1892-93 the Chief
L^r said with reference

to this work, as well as to
others of a similar character,

that they were "works for
which estimates will be

sanctioned shortly, this
sanction having been

delayed by discussion
as to the details of the

type designs, & in all these
cases orders have already

been given for the preparation
of materials out of the

banks of the current fees
& it would be the most desirable

provision to stop further
expenditure" - This was

accepted by Government
& Rs 6000 (afterwards increased

to Rs 7000) was entered in
the Budget for the Wandiwash

Talip Office with the
remark "Work in Progress"

& Rs 20,000 was ordered to
be entered & has been so

in the Budget for 1893-94.

What has now come for attention
is the detail estimate amounting

to Rs 100,000 for the construction of the
work the construction of which

has already been approved by Government.

FOR ORDERS.

(2) His Highness the Governor

(1) The Hon'ble Mr. Garstin C.S.I.

* As regards Wandiwash the
similar orders cannot
be traced.

* See "List of Works under
Provincial proposal for sanction
during 1892-93" which accompanied
the Chief L^r's Memorandum &
was approved, S.O. 3464 W 23/3/91

will be forwarded to the Inspector
General of Police for favor of his remarks.

2. The Inspector General is requested
to state whether he concurs with the
Collector's proposal and considers that
the additional accommodation re-
commended for the Police is essential.
The Board is inclined to think that

if

if the "ward for six males" adjoining the
"arms" room were divided into two, one
portion might be used as a lock up,
and no important deviation from the
type design would then be necessary.

(2) The following letter from the
Inspector-General of Police to the Secretary
to the Commissioners of Land Revenue,
Madras, dated 6. December 1892, No. 4516:-

Adverting to your Reference No.
2564 dated 13. October 1892, I have the
honor to inform you that as Government
in its order No. 2176 dated 23. November
1892, J.D. (Copy herewith) has directed
that the Police shall continue to use the
late Travellers' bungalow at Wandewash
as a Station House, the additional
accommodation for the police proposed
by the Collector in his letter to the
Board is unnecessary.

The Police accommodation in the
type design is sufficient for the Treasury
and Sub-Jail Guard, arms and for the
Police Inspector.

Resolution

1027
22

Resolution dated 20 Dec 1893, No. 18378, R.

The plans and estimates for
Rs 32,200 for constructing a new taluk
office at Wandewash are submitted for
the sanction of Government with reference
to the Correspondence ending with G.O.
dated 10. 11. 91, No. 5770.

2. The Collector recommends that
the Police Station at Wandewash, which
is now located in the Travellers' bungalow
to the great inconvenience of the Tra-
-vellers, be removed into the new
building, that two new lock ups be
provided therein, and that to this
end the accommodation in the new building
be increased. But the Inspector-General
of Police who was consulted in the matter
reports that under G.O. of 23. 11. 92, the
Police Station must continue where it now
is and that no additional accommodation
is necessary for police purposes.

Note by the Chief Engineer, P.W.D.

The estimate, amounting
to Rs. 32,200, for constructing
a taluk office with out-
-houses at Wandiwash has been
reduced to Rs. 30,170 by the
correction of errors in the items
of Brickwork and Painting.

2. No provision has been made
in the estimate for recorders.
If they are required, a supple-
-mental estimate should be
submitted, their provision being
authorized under para 2, Chapter
XI of the P.W. Code.

3. No ceiling boards have been
allowed under the Mangalore
tiling. They should also be
estimated for, if required.

Executive Engineer

North Arcot Division

To

The Chief Engineer

Public Works Department.

905 C.D. 17. 2. 93 Sir,

ENCLOSURE.

With reference to your telegram dated 28th Ultimo regarding the Wandewash cutcherry now in progress I have the honor to state that the foundations have been nearly completed. The expenditure to the end of February I have no exact figures with me may be taken at Rs 6000 and the liabilities to another Rs 4000.

2. The collection of materials was ordered by the Superintending Engineer so far back as March 1891 as an endorsement on G.O. No 747 to dated 14th March 1891 and the contract bond was drawn up on 4th July 1891. The Estimates based on the revised type design were submitted by me in July 1892.

3. The work was put in hand, as sanction to the Estimate is generally and

merely formal when the design is fixed,
and the site has been chosen and given
over by the Revenue Department, in order
to utilise the appropriation of the year
Rs 6000 in this case originally, and
now raised to Rs 7000 by G.O. No. 2607
dated 3rd February 1893. Sales note that
an allotment of Rs 20,000 has been
made for the buildings in the budget
of $\frac{93}{94}$

I have the honor to be,
Sir,
Yours most obed^t Servant

Arthur J. Major R.E.
Executive Engineer at A.M.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following

Pres. of the Board of Rev. (Land Rev.) No. 8378 M. of 20th Decr. 1892
Endorsed. Thereon in the Rev. Dept. No. 336 of 27th January 1893
Note by the Chief Engineer, P.W.D. of 16th February 1893
Letter from the Executive Engr., N. Arcot Division No. 1477M
of 2nd March 1892.

The estimate, as reduced
by the Chief Engineer, amounting
to Rs. 30,170, for constructing a
first class Taluk office with
outhouses at Wandiwash in the
North Arcot District, is sanctioned.

2. Attention is drawn to the
note by the Chief Engineer.
3. The current year's grant
for the work is Rs. 7,000.
- 3.4. The sanction accorded in
para 1 has been registered
as Provincial No. 7W of 1893
and classified as Civil
Buildings, Original Works.

I saw the existing building when I was in
Wandiwash - and although it was not up
to modern ideas, my opinion is that
we could spend money to much better
advantage than by rebuilding this one.

Note. It is proposed I should defer
to communicate it. W
this G.O. to the Editor's Table 24 Feb.
