From

Major A.W. Lenard RE

Executive Engineer Northern Circle

To

The Superintending Engineer

Western

Sir

With reference to your No 87 dated 7th March 93 on memo from the Chief Engr No. 988E of 3d. Inst., I have the honor to state that the works of Palei station & Ente at Pattan were given out to Contractors in an agreement dated 22 January 1892. The Contractors agreed to finish the works by September 1892. Owing to premature orders in February 1892 the works were stopped and were ordered to be resumed in June 1892. It was afterwards reported by the Sub D.O. Officers that the Contractors had not commenced work; the Contractor had been petitioning the Sub D.O. Officer to pass part for actual work and to allow to build the coats with the Mortars. The Contractors were informed in July and October that their deposit would be

for

Coll Cen 2050
in Cir:
S.E. affording
information re
suspension in N.
Wandiwash
Cudalore -

be forfeited if they did not Commence
work at once - Lastly in December/92
Mr Lacey reported that the Hob Overseer
Gnanapragasam Pillai was put in charge
of the further work to carry it out departmentally; this arrangement was approved
by the Executive Engineer — the Contractors
however Commenced work in earnest
in January and it is hoped that there
will be no further delay in its progress
as there is a Hob Overseer now in charge
of these works and of the Chundrapherri
Cutchery alone.

Name to be
in
Gnanapragasam Pillai
