From

Henry Swin, Esq., C. S. E.,

Consulting Architect

to the Government of Madras,

To

The Director

of Public Instruction

Madras

Sir,

3 Enclosures.

With reference to your No. 13012, dated 23 September 1892 to the address of the Superintending Engineer, 5th Circle, I have the honor to forward herewith for approval a revised plan & estimate amounting to Rs 665/- for raising the roof & altering the verandahs of the existing quarters of the Hospital Kupes Saidapur Farm.

2.

I do not consider the existing Building to be beyond repair & I therefore propose to remove the old roof & replace it with a better slope, replacing the rafters that are rotten. Provision has also been made for removing the whole of the plaster and replastering the building over again. The retaining walls of the back & front verandah

are very much cracked which are to be removed & rebuilt closer in decreasing the width of the verandahs which are too wide at present.

3 The cross wall with archway in the hall will be removed & a trans ^{will} support the roof in its place.

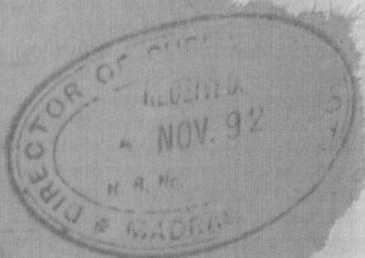

4 The brass windows in verandahs are also decayed & will be replaced with sound teak.

5 If the present estimate is approved the building can be rendered safe & habitable.

I have the honor to be
Sir

Your most obedient servant

Henry Innes
Consulting Architect
