I think, the Accountant General should be told to arrange to place ~~Rs~~ £ 75,976 at the disposal of the Military Department and the sum should be resumed from Public Works Department grant. also the Public Department should request that immediate steps be taken to utilize the money and construct the buildings within the current official year so that the transfer of the station hospital may take place on 1st April 1894 or earlier. Also the Consulting Architect should prepare plans and estimates in communication with the authorities of the General Hospital and Surgeon General for any alteration required to fit the Station Hospital for use as a Women and Children Hospital and the Surgeon General should report what changes in the District and Hospital Staff in Madras should be made to provide for working the Women and Children Hospital in its new quarters.
