GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

—the following papers :—

'rom A. W. B. HIGGENS, Esq., President, District Board, Godávari, to the Chief Secretary to Government, dated Godávari, 22nd December 1892, No. 174.

have the honour to submit the revised estimate of the current official year and ıdget estimate of the next official year passed by the District Board at its meet- ıeld on the 7th and the 8th instant. The prescribed statements as per list and a g of the District map, showing all the particulars required by rule 12 of the Local rules, also accompany.

2. In the preparation of these estimates, the rules framed under the Madras Board's Act V of 1884 and the instructions issued on the subject from time to in the subsequent orders of Government have carefully been observed.

REVISED ESTIMATE FOR 1892–93.

3. *Receipts.*—The year opens with a balance of Rs. 4,76,498 as advised by the ctor of Local Fund Accounts after audit of the past year's expenditure against 3,24,093 originally estimated, the increase being due to short expenditure ially under Grant I in the previous year. The current receipts amount to ,44,513 against the budget estimate of Rs. 6,31,434, the total receipts including ing balance being Rs. 11,21,011 against Rs. 9,55,527 estimated. The most rtant of the variations are explained below, those of minor importance being fully with in the last column of the revised estimate :—

(1) *Land-cess.*—The receipts as now estimated amount to Rs. 4,92,800 against 4,74,000, the budget estimate. The increase is due to the realization of the ırs.

(2) *House-tax.*—Rs. 16,864 are now estimated under this head against the nal estimate of Rs. 15,106, and the increase is mostly due to the actual demand ıe unions under the Ellore and Narsápur Taluk Boards having been correctly ascer- ed subsequent to the budget.

(3) *School Fees.*—Rs. 19,541 against Rs. 21,100 are estimated, and the ease is stated to be the result of the late opening of some of the new Secondary ols, and of the temporary closure of some of the schools in the villages where era was most prevalent.

(4) *Choultry Rents.*—The revised estimate exceeds the budget estimate by 1,100, and the increase is chiefly attributable to the arrears of the rents of the eswaram choultry lands having been collected in the current year.

(5) *Market Rents.*—The budget estimate is reduced by Rs. 5,837 on account he fall in the current years' bids for some of the markets.

(6) *Fees and Fines.*—The estimate as now revised is Rs. 1,368 against Rs. 625, original figure, the increase being due to the increased amounts expected to be ized by some of the Union Panchayats.

(7) *Fishery Rents.*—The receipts under this head are estimated at Rs. 445. At the time of the original estimate, this item of receipts was not considered. Almost no income has hitherto been realized under the head, probably because it was not understood that Local Funds had a right to the fish in minor irrigation tanks and other public ponds. The present estimate is based on the unexpected sale of the right of fishing in some of the drinking-water tanks that dried up during the late hot season, and the proposal to sell the right of fishing in all the minor irrigation tanks and public ponds in the coming season.

(8) *Rents and Produce of Lands.*—The revised estimate amounts to Rs. 3,171 against the original estimate of Rs. 1,300. This increase is owing to the larger realizations than had been expected in the first half-year.

(9) *Public Works—Contributions from Private Individuals.*—Rs. 4,953 is the revised estimate. Nothing was taken credit for under this head in the budget, the whole amount of the expected contributions having been shown, apparently by mistake, under "5 Miscellaneous—(*a*) (3) Contributions from Private Individuals," ignoring the fact that some of the works towards which contributions are received would fall under Grant I. Liberal contributions were made in the current year by the inhabitants of certain villages towards the cost of repairing certain tanks and wells that dried up during the last hot weather.

(10) *Contribution from the Municipalities on account of Public Works.*—An amount of Rs. 2,700 was originally taken credit for under this head. But this is now struck out in accordance with the resolution of the District Board, No. 1 (2), dated 7th December 1892, agreeing, as requested by the Cocanada Municipal Council, to receive the balance of Rs. 6,701-12-0, being the Council's share of the cost of repairing the iron girder bridge at Cocanada in two equal yearly instalments beginning from 1893-94.

(11) *Contributions from Provincial Funds—Building Grants.*—The estimate (Rs. 13,500) as now revised is reduced to Rs. 4,700, there being no possibility of some of the proposed school buildings being constructed this year owing to the difficulty experienced in procuring suitable sites, and to the plans and estimates not being yet ready.

(12) *Allotments from the District Fund.*—An amount of Rs. 76,751 was originally proposed to be contributed to the several Taluk Boards, but an amount of Rs. 16,015 is now withdrawn as not required by the Boards concerned for expenditure in the current year.

4. *Expenditure.*—The total expenditure under all grants as now estimated amounts to Rs. 7,93,200 against the budget estimate of Rs. 7,57,236. The variations are explained below:—

5. *Grant I.*—The expenditure as per revised estimate is Rs. 5,37,662 against Rs. 4,92,192 estimated in the budget. The following abstract explains the difference:—

N. B.—The grant under Canal and Ferry fund works shown in the c[illegible]et in a lump sum under the head "Tolls and Ferries" is now included under the different heads.

It will be seen that an amount of Rs. 59,979 is sur[illegible]ed from the total of the allotments under Public Works, as it has been found that this sum is not likely to be spent on the works for which it was provided. At the same time the proposed expenditure exhibits a net increase of Rs. 48,008 which is chiefly due to large allotments for the incomplete works of the previous year. The increase under "Tools and Plant," when compared with the budget provision, is due to (1) the subsequent allotment of Rs. 2,200 made from the District Board's reserve towards the cost of the proposed construction of a steam house boat for the use of the Local Fund Engineer (*vide* correspondence ending with this office letter, No. 165, dated 5th December 1892, to Government); and (2) Rs. 1,000 provided under this head towards Canal and Ferry fund works which was included erroneously in the current year's budget in the lump provision for these works under the head "C. Establishment (3) Tolls and Ferries."

Rupees 5,000 and 2,000 were provided in the budget by the Rajahmundry Taluk Board as contributions, the first towards the cost of constructing a hospital building at Rajahmundry, and the latter towards the repairs of the Museum building at the same place. The former amount is now surrendered as there is no likelihood of the work in question being taken in hand in the current year, while the latter sum is increased by Rs. 262 in accordance with the application of the Municipal Council for the same. The necessity for these contributions has been clearly explained, and the sanction of Government solicited in this office letter, No. 164, dated 5th December 1892. As promised in paragraph 4 of the same letter, I beg to enclose a copy of the District Board's Resolution No. 2 (*e*), dated 7th December 1892 in the matter.

6. *Grant II.*—The budget estimate of Rs. 1,15,169 under this grant is reduced to Rs. 1,11,946. The variations are to be found chiefly under the heads "(*a*) Training schools," "(*d*) Primary schools," and "(*g*) Miscellaneous Circle Gymnastic Instructors."

The decrease under the first and the last heads, which is one-half of the budget provision in each case, is due to the sessional schools, and the circle gymnastic instruction being started only in October last.

Provision is also made under the head "Training schools" for the cost of the industrial class attached to the Government Training School, Rajahmundry, which the Board has agreed to continue to maintain. An instructor in carpentry on Rs. 15 per mensem has been entertained, and the cost of wood, &c., required to be purchased for the use of the industrial class is also provided for. An allowance of Rs. 10 per mensem is also proposed to be given to the headmaster of the school for supervising this class and maintaining the necessary records in connection with it, and provision is made in the revised estimate on this account. The sanction of Government for these proposals has been accorded (*vide* G.O., dated 13th December 1892, Mis. No. 2918 L.). The other variations which are o[illegible] minor importance are explained in the last column of the revised estimate.

7. *Grant* III.—The expenditure under this grant according to the revised estimate is Rs. 1,13,357 against Rs. 1,21,907 estimated in the budget. The most important variations are noticed below :—

Diet of Patients.—The budget provision of Rs. 1,925 is reduced to Rs. 661 in consequence of the surrender of the amounts originally provided for some of the dispensaries, there being no likelihood of their being utilized before the close of the year; the wards for the accommodation of in-patients not being ready. The plans proposed by the Board's Engineer for hospital buildings have not been approved by the Sanitary Board. The Sanitary Engineer has, however, promised to furnish a copy of the standard designs prepared by him for adoption throughout the Presidency; on their receipt, the matter will be attended to as promptly as possible.

Medical Pupils.—Provision is made for the cost of three students recently sent to the Nellore Medical school to be trained as hospital assistants. A monthly stipend of Rs. 7 per head has been resolved to be given to these students during the three years' course of training which they have to undergo.

Contributions to Municipalities.—The contributions payable to the Rajahmundry and Ellore Municipalities are raised from Rs. 3,000 and 2,000 to Rs. 3,480 and 2,139, respectively, the arrears of contributions relating to the last year having been paid in the current year.

8. *Grant IV.*—The budget estimate under this head is raised from Rs. 27,968 to Rs. 30,235. Important variations are to be found under "(*c*) Local Board's establishment" and "(*d*) (7) Law Charges." These are explained below. The rest are of minor importance and are dealt with in Statement IX :—

Local Boards' Establishments.—The provision estimated in the budget is raised from Rs. 7,298 to Rs. 8101, the increase being due to the increased provision made on account of the cost of the temporary Survey Establishments under the Rajahmundry, Ellore and Cocanada Taluk Boards, sanctioned to be continued in the current year (*vide* G.O., dated 4th June 1892, Mis. No. 1347 L.).

Law Charges.—The budget estimate is raised from Rs. 20 to Rs. 1,050. The increased grant is due to the provision of Rs. 200 under "Law charges" of the District Board sanctioned in G.O., dated 22nd August 1892, Mis. No. 1913 L., and of Rs. 150, 200 and 500 provided, respectively, by the Ellore, Narsápur and Cocanada Taluk Boards on account of litigation in connection with (1) encroachments on public streets, &c., and (2) the endowments attached to the Razole and Nallacheruvu choultries whose management was respectively transferred in 1891 to the Narsápur and Cocanada Taluk Boards. The sanction of Government for the revised charge is hereby solicited.

9. The revised estimate for the current year thus closes with a balance of Rs. 3,19,121, of which Rs. 5,943 belong to Union Funds, Rs. 60,018 to Endowment Funds and Rs. 92,260 to the Canal and Ferry Fund, the net balance available for general purposes being Rs. 1,60,900.

BUDGET ESTIMATE FOR 1893–94.

10. *Receipts.*—The Budget estimate opens with a balance of Rs. 3,19,121 which is the closing balance of the revised estimate for the current year. The estimated current receipts amount to Rs. 6,52,915 against Rs. 6,44,513, the revised estimate and Rs. 6,31,434, the budget estimate of the current year, the total receipts being Rs. 9,72,036 against Rs. 11,21,011 and Rs. 9,55,527, the revised and the budget estimates, respectively, of the current year. The more important deviations from the revised and the budget estimates of the current year are explained below :—

11. *Land-cess.*—A sum of Rs. 5,01,000 is estimated under this head against Rs. 4,92,800, the revised estimate and Rs. 4,74,000, the budget estimate of the current year. The increase is due to an expected increase in the demand of land revenue.

12. *Tolls.*—The one-third share of the gross income from tolls collected in the Ellore Municipality, taken credit for in the previous years, is proposed to be foregone for the next year at the special request of the Municipal Council, and in consideration

also of the low state of the funds of the Municipality and its need for funds for public works, and agreeably to the remark of Government in paragraph 3 of G.O., No. 314, dated 19th February 1879, Financial, with regard to this item of contribution by the Ellore Municipality that "it is a question whether the increase under Land-cess might not warrant a remission of this contribution at all events for the present." The Board has, however, resolved that the Municipality shall maintain, in future at its own cost, the portions of Local Fund roads lying inside the municipal limits which have hitherto been kept up from Local Funds, and no provision is therefore made for the same for the next year. The contribution payable by the Municipality in 1892–93 on account of tolls is Rs. 2,666, and the average cost of the maintenance of the roads in question for the last two years was Rs. 1,413. It is probable therefore that the Municipality will gain something by the transaction.

13. *House-tax.*—The estimated receipts under this head amount to Rs. 19,208 against Rs. 16,864, the revised estimate and Rs. 15,106, the budget estimate of the current year. The increase is due to the proposed revision of the house-tax registers in some of the existing unions with reference to the census of 1891, and to the expected collections in three newly-proposed unions under the Narsápur Taluk Board, *viz.*, Narsápur with its suburb of Madhavayapalam, Nagaram with the adjacent village of Mamidikuduru and Akividu with Maddivada. The first two are situated in the Narsápur taluk and the last in the Bhímavaram taluk. All are rich and populous places, and their sanitation requiries improvement. Narsápur is the headquarters of the General Duty Deputy Collector, Tahsildar, Stationary Sub-Magistrate, Sub-Registrar, Sea-Customs Superintendent, District Munsif and Assistant Superintendent of Police. The Government is aware that Narsápur was for a long time under a private committee which administered its municipal affairs by help of a fund known as the Taylorpeta Fund. Since 1887 this fund has been managed by the Taluk Board. But it seems best, for the purpose of the more efficient sanitary management of the town, to merge this fund in the funds of the proposed union (*vide* paragraph 17 *infra*). The Narsápur Taluk Board unanimously resolved at its budget meeting), that the above-named villages should be constituted unions from 1st April next. The house-tax is proposed to be levied at the maximum rates prescribed in the Act. With reference to their population, Narsápur, with the suburb proposed to be clubbed with it, will be a major union and the remaining two minor unions. I propose nine members as a suitable number for the Narsápur Panchayat and five members each for the Panchayats of Nagaram and Akividu.

The Ellore Taluk Board has resolved, at the instance of the Union Panchayats concerned, to include the villages of Pótanúr, Seetampata, Komirepalle and Singavaram in the existing Gundugolanu union and of Dosapada and Palagudem in the Kovvali union, as the sanitation of these villages requires to be improved.

It is also requested that the constitution of these two Panchayat Boards may be strengthened by sanctioning the appointment of four additional members for each of them, the present sanctioned strength being only 5 members in each case.

Statements showing the information required in Government official memorandum, dated 4th June 1890, No. 347, with regard to the proposals above referred to and the necessary sketches of the proposed union villages are enclosed.

A draft notification constituting these villages into major or minor unions, as the case may be, is also submitted for approval and publication in the *Fort St. George Gazette.*

14. *School Fees.*—The estimated collections under this item amount to Rs. 22,746 against the revised estimate of Rs. 19,541 for the current year. The increase is due to the proposed opening of certain new Secondary and Primary schools to be hereafter detailed, and to an increase of strength expected in some of the existing schools.

15. *Choultry Rents.*—The estimated amount is Rs. 14,480 against Rs. 13,786 estimated for the current year. The rents of some of the lands attached to the Nallacharuvu choultry under the Cocanada Taluk Board are expected to rise.

16. *Market Rents.*—The receipts under this head are estimated at Rs. 15,670 against Rs. 19,100, the budget estimate and Rs. 13,263, the revised estimate of the

current year. It has been resolved to introduce the fee system into the markets of Bhímavaram and Akividu under the Narsápur Taluk Board, and the sanction of Government has already been applied for (*vide* correspondence ending with this office endorsement, No. 167, dated 15th December 1892).

17. *Taylorpeta Fund.*—No receipts are estimated under this head as the fund is proposed to be transferred to the newly proposed Narsápur union.

18. *Fees and Fines.*—Rs. 2,092 are estimated under this head against the revised estimate of Rs. 1,368. The increase is chiefly due to the expected realizations in the new unions under the Narsápur Taluk Board.

19. *Ferry Rents.*—The estimate is Rs. 33,300 against Rs. 38,500, the budget estimate of the current year. The decrease is the result of a great falling off in the actual amounts bid for the current fasli year owing to want of competition.

20. *Fishery Rents.*—There was no provision under this head in the budget of the current year. The collection of these rents having been now taken in hand, as explained in paragraph 3 (6) *supra*, a sum of Rs. 1,050 is expected to be realized.

21. *Sunday Receipts.*—The amount estimated under this head is Rs. 1,650 against the revised estimate of Rs. 1,390 for the current year. The sale-proceeds of dung, rubbish and other refuse form the chief item under this head.

22. *Contributions from Municipalities for Public Works.*—Rs. 3,350 are estimated under this head in accordance with a recent resolution of the District Board agreeing, at the special request of the Cocanada Municipal Council, to receive the balance of Rs. 6,701-12-0 due from the Council on account of its share of the cost of repairing the iron girder bridge at Cocanada in two equal yearly instalments commencing from 1893-94 (*vide* remarks under the same head in the revised estimate).

23. *Contribution from Provincial Funds for Education, Building and Furniture Grants.*—The several Taluk Boards have proposed to spend Rs. 20,500 in all on the construction and repair of school buildings and Rs. 4,004 for the purchase of furniture and books. A grant of half the cost on these accounts is therefore taken credit for from Provincial Funds.

24. *Allotments from the District Fund.*—An amount of Rs. 43,000 is proposed to be contributed as shown below from the District Fund to Ellore and Cocanada Taluk Boards so as to enable them to meet their proposed expenditure for the next year and still close with a proper balance:—

	Rs.
Ellore Taluk Board	29,000
Cocanada Taluk Board	14,000

25. *Expenditure—Grant I.*—The total allotment under this grant is Rs. 4,40,306 against Rs. 5,37,662, the revised estimate for the current year.

26. *Public Works.*—The following abstract compares the amounts provided under different heads with those of the revised and the budget estimates of the current year:—

——	Budget estimate, 1893-94.	Revised estimate, 1892-93.	Budget estimate, 1892-93.
	Rs.	Rs.	Rs.
A. New Works—

2. Civil Buildings	8,930	8,944	9,740
3. Miscellaneous Public Improvements ..	20,652	42,697	19,500

Of the total allotment made under "New Works," Rs. 13,400 are for Canal and Ferry fund works, such as construction of ferry boats and ballacuts.

It will be seen from statement No. III that a limited number of works has been proposed as compared with previous years. This has been done with a view to prevent the scattering of expenditure over a large number of works that cannot be completed within the budget year. Under "New Works—Civil Buildings," Rs. 16,000 are provided for the construction of school buildings under the several Taluk Boards. Under "Miscellaneous—Public Improvements," an amount of Rs. 19,700 is provided for the construction of market sheds, and every endeavour will be made to have the money spent.

Under the head "Repairs," Rs. 4,100 are provided for works proposed to be executed by the Public Works Department, the details of which are given in Statement III-B, and Rs. 7,850 for Canal and Ferry fund works, such as repairing the ferry boats and ballacuts. Rs. 4,500 are allotted for repairing school buildings.

27. *Local Fund Engineering establishment including Contingencies.*—The provision made under this head exceeds the current year's provision by Rs. 7,009, and the percentage borne by it to the total outlay on works, excluding those to be executed by the Public Works Department, comes to 13·9 which is still much below the authorised percentage. The increased provision is due to a proposed revision of the scale of establishment in the following manner for which the sanction of Government is solicited:—

Proposed Scale.

The rest of the establishment remains the same. The scale has been proposed after full consideration of the qualifications of the present incumbents and of the requirements of the service. It is believed that the existence of such a scale will be an incentive to all hands to render more efficient service. There are several servants of long standing who have had no promotion for years, but who, by their work and character, deserve encouragement; and there are younger men whom it is important to secure as permanent servants of the Board by improving their prospects. The immediate result of the scale is to increase the initial pay of one Assistant Engineer, one supervisor and one overseer. Supposing the maximum salaries were drawn by the whole of the establishment simultaneously, the total cost would be Rs. 38,736 per annum, which, together with batta and contingencies at Rs. 16,000, would be

Rs. 54,736 or 14·6 per cent. of the total outlay under Grant I, *i.e.*, taking the outlay at the estimated figure for the next year. This is, it is submitted, a very moderate outlay.

The last column of the above table shows the pay proposed to be given in 1893–94. In most cases it is the same as the pay hitherto drawn by the various persons affected, but there are the following exceptions: the Local Fund Engineer Mr. Brown who has been here for the last twelve years, working hard and rendering valuable service to the Local Fund Board, is certainly worth more than the Rs. 625 which he now draws under G.O., dated 29th October 1889, Mis. No. 2507 L. One of the Assistant Engineers (Mr. Lowry) has served for the last three years, and has done good work. The Board wishes to give him the increased pay (Rs. 350 in place of Rs. 300) which has been provided in the scale for one of the Assistant Engineers. The Board wishes its supervisors to be on a footing more similar than the present scale to that of the supervisors in Kistna where the lowest pay of a supervisor is Rs. 125, and hopes by this means to be able to attract equally good men. Both the supervisors now draw Rs. 100 which is insufficient to secure the class of men required. The increased pay (Rs. 125 in lieu of Rs. 100) will be given to a useful officer who has been recently appointed. One overseer who is now on Rs. 60 will, on the introduction of the new scale, be promoted to Rs. 70, and it is proposed that another overseer, whose initial pay according to the proposed scale would be Rs. 50, should begin with Rs. 55, as he is already drawing that sum. According to the existing scale of the Local Fund Engineer's office establishment, there are eight clerks on Rs. 15 each per mensem. But in the revised scale it is proposed to fix the salaries of two of these clerks, by name A. Subbarayadu and Muhammad Khasim, at Rs. 20 each per mensem, so that there will be six clerks on Rs. 15 each and two on Rs. 20 each. The former is an old and experienced servant of about 10 years standing without any promotion, and the latter is a young promising Muhammadan of about six years' standing. Both of them are strongly recommended by the Local Fund Engineer.

It is also proposed to raise the pay of the attender attached to the Engineer's office from Rs. 10 to Rs. 12 per mensem, as he is one of the most hard-worked servants, having to do the duties both of a muchee and of an attender. I trust that Government will see its way to sanction the new scale and the rates of pay proposed for 1893–94. All these proposals have my warm support.

Under article 1098 of the Civil Service Regulations it appears that the daily allowance of the two Assistant Engineers should not exceed Rs. 3 each per diem. Considering the great distances these officers have to travel every month, and the heavy cost of those tours which is belived to be often not covered by the present rate of allowances, the District Board has resolved to recommend to Government that these officers be exempted as a special case from the operation of the article, in question, and allowed, like Assistant Engineers in the Public Works Department, a daily allowance of Rs. 4 each per diem, together with mileage at As. 6 per mile with camp and As. 4 per mile without camp. I request therefore that Government may be pleased to accord its sanction to this concession.

The cost of the Local Fund Engineering establishments including contingencies and that of Tools and Plant are debited to the District and Taluk Boards at the percentage rates arrived at in accordance with the instructions conveyed in G.O., No. 1942, dated 5th August 1890.

28. *Tolls and Ferries—Rajahmundry Steam Ferry Establishment.*—The estimate under this head is Rs. 2,544 excluding contingencies against Rs. 2,760, the budget estimate of the current year. The decrease is due to the proposal to dispense with the gumastah on Rs. 12 per mensem and peon on Rs. 6 per mensem whose services are no longer needed, as the right of collecting tolls on the ferry has been leased out. It may be noted that these two servants were dispensed with from the 12th July last, that is, the date from which the sale of the right of collecting tolls at the ferry came into effect. But by an oversight, the Taluk Board has omitted to make a corresponding reduction in the provision made under this head in the revised estimate. The amount will, however, remain unspent and will appear as savings at the end of the

current year. The mistake has only just been discovered and as it is of no great importance, I have not thought it necessary to delay the despatch of the budget in order to revise it.

29. *Tools and Plant.*—The provision made under this head is Rs. 3,633, calculated at 1 per cent. on the total outlay on works, excluding those to be executed by the Public Works Department, separate provision having been made for Tools and Plant on account of the latter.

30. *Contributions to Municipalities.*—Rs. 5,000 was provided last year by the Rajahmundry Taluk Board in its budget as contribution towards the cost of the new hospital building proposed to be constructed at Rajahmundry. But no such provision is made for the next year, as the Board considers that there is no likelihood of the work being taken in hand during that period, the estimates and plans not having yet been returned sanctioned by Government. The question of the provision of funds from various sources towards the cost of the work not having been finally settled, the District Board has also made no provision in the budget though it is prepared to contribute Rs. 5,000 (*vide* correspondence ending with this office letter, No. 164, dated 5th December 1892 to Government and paragraph 5 *supra*).

31. *Grant II—Education.*—The expenditure under this grant is estimated at Rs. 1,30,032 against Rs. 1,11,946 and Rs. 1,15,169, the revised and the budget estimates, respectively, of the current year. The variations are due to the new proposals as detailed below:—

32. *Inspection.*—The estimate is Rs. 7,855 against the revised estimate of Rs. 5,360. The increased provision is due to (1) the revision of the scale of the Local Fund Inspecting Agency; and (2) the establishment proposed to be newly entertained in the offices of each of the three Sub-Assistant Inspectors of Schools.

The Assistant Inspector of Schools, Second Division, proposes the following revised scale of Inspecting Schoolmasters with a view to strengthen the present staff so as to enable it to cope with the work which has been increasing year by year owing to the opening of new schools. The District Board has sanctioned the scale, subject to the approval of Government, and proposed to make the necessary provision in the budget. The Director of Public Instruction appears also to be in favour of strengthening the present inspecting staff (*vide* his remarks on the subject contained in paragraph 4 of his letter, No. 2607, dated 25th February 1892, embodied in G.O., No. 961 L., dated 22nd April 1892):—

Present scale.	Proposed scale.	Increase or decrease per mensem.

In his letter, No. 15704, dated 29th November 1892, the Director of Public Instruction, Madras, forwarded, for the consideration of the District Board, a proposal of one of his Assistant Inspectors of Schools that an additional clerk should be entertained in each of the offices of the assistant and the sub-assistant inspectors at the cost of the Local Boards concerned, as the Local fund work to be done in these offices has, of late, very much increased. The Director's own opinion is that a clerk on

Rs. 12½ should be given to each sub-assistant's office, and he stated that he was not prepared to recommend the employment from Local Funds of an additional clerk in the offices of Assistant Inspectors. The District Board considered the Director's proposal at its budget meeting and came to the conclusion that a clerk on Rs. 12½ per mensem might be given, subject to the approval of Government to each of the three sub-assistants in this district. Provision is accordingly made.

33. *Training Schools.*—The estimated expenditure under this head is Rs. 3,800. Additional provision is made on account of a carpentry instructor on Rs. 15, and an allowance of Rs. 10 per month to the headmaster of the Rajahmundry Government Training school and contingencies in connection with the carpentry class as described in paragraph 6 *supra*. For other items under this head the provision made in the current year's budget is repeated.

34. *Secondary Schools.*—The proposed outlay under this head exceeds the revised estimate of the current year by Rs. 723. The net increase is attributable to the following new proposals:—

(1) Conversion of the Lower Secondary School at Kottapeta into a 3rd-grade Board Lower Secondary school.

(2) The biennial increments of pay to (*a*) the 1st Assistant of the Upper Secondary school at Amalápuram from Rs. 60 to Rs. 64, and (*b*) the 6th Assistant from Rs. 20 to Rs. 21.

(3) The increase of pay of the 1st Assistant of the Board Lower Secondary school at Dowlaishweram from Rs. 25 to Rs. 30 and the entertainment of a sweeper on Rs. 6 per annum.

(4) The entertainment of a sweeper on Rs. 6 per annum in each of the Rámachandrapur, Peddápur, Pithápuram and Tuni Lower Secondary schools.

(5) The proposed biennial increments in the pay of the following teachers of the Veeravasaram Lower Secondary school:—

	Present pay.	Increment.
	Rs.	Rs.
Headmaster	42	2
1st Assistant	31	1

(The provision is made for the whole year as that made in the current year is only for six months from 1st October 1892, the date on which the increments have taken effect.)

(6) The separation of the Muhammadan department attached to the Board Lower Secondary school at Pithápuram.

All the above proposals have been recommended by the Educational officers, and are approved by the Taluk Boards concerned and by the District Board.

35. *Primary Schools* (*a*) *Salary System.*—A Primary school on the salary system has been opened at Amalápuram during the current year to serve as a feeder to the Local Upper Secondary school at a total cost of Rs. 444 per annum, but this was erroneously included in Statement IV-A accompanying the current year's budget under the Salary-result system schools as remarked by Government in paragraph 3 of G.O., Mis. No. 2393 L., dated 17th October 1892. Provision is now made accordingly under its proper head "Salary system schools."

(*b*) *Salary-result system.*—The estimate under this head is Rs. 84,490 against Rs. 75,857 estimated in the current year. The net increase is due to—

(1) Separation of the Salary system school at Amalápuram from the list of Salary-result system schools for reasons given above.

(2) The opening of 28 new schools at the following places under the several Taluk Boards.

Rajahmundry Taluk Board.—(1) Kottapatta, (2) Pekeru, (3) and (4) Maggulla (Mala Night school and a Day school), (5) Rahitapuram (Mala school), (6) Inapuram, (7) Allavaram, (8) Palagummi and (9) Pamarru (Night school).

Ellore Taluk Board.—(1) Sanivarapupata, Muhammadan school, (2) Nadupallikota, Muhammadan school, (3) Tanuku Varanda school, and (4) Tallapudy, Muhammadan school.

Narsapur Taluk Board.—(1) Akividu.

Cocanada Taluk Board.—(1) Somesvaram, (2) Gandapalli, (3) Kandrakota, (4) Srípuram, (5) Yeleswaram, Mala school, (6) Tirupati, night school, (7) Vadesaleru, night school, (8) Peddápuram, Muhammadan school, (9) Kirlumpudi, Muhammadan school, (10) Mallam, (11) Chendrampalem, night school, (12) Pithápuram, Muhammadan school), (13) Vamulavada, and (14) Bhimavarapukota.

(3) The entertainment of additional teachers in the following schools owing to the expected rise in the average attendance:—

Rajahmundry Taluk Board.—(1) Kothalanka, (2) Kutukuluru, (3) Paserlapudi, (4) Podagatlapalli, (5) Tanelanka, (6) Dowlaishweram, night school, and (7) Totharamudi, Anglo-Vernacular school.

Ellore Taluk Board.—(1) Lakkavaram.

Narsapur Taluk Board.—(1) Rustumbada, (2) Jennuru, (3) Parupalem, (4) Nagaram, (5) Appanapalli, (6) Poduru, (7) Sivakodu, (8) Nadipudi, (9) Penumadam, (10) Lankala Gannavaram, (11) Panditavilluru, (12) Akividu, (13) Toleru, (14) Vissakoduru, (15) Kakivada, (16) Rayakuduru, (17) Mogallu, (18) Narsápur, Muhammadan school.

Cocanada Taluk Board.—(1) Tuni, (2) Tirupati, (3) Yeleswaram, (4) Jaggampeta, night school, (5) Pithápuram, night school, (6) Mallavaram, (7) Kirlampudi, and (8) Allipudi.

(4) The proposed increase in the pay of the teachers in the following schools:—

Ellore Taluk Board.—(1) Jalipudi, (2) Velpur, and (3) Chagallu night school.

Narsapur Taluk Board.—(1) Achanta, (2) Mogallu.

(5) Reducing the teaching staff of the Kolanka and Ubalanka schools, under the Rajahmundry Taluk Board.

(6) The reduction of the pay of the teachers of Tangellamudi and Buchampeta schools, under the Ellore Taluk Board.

(7) The increase of pay of the servants attached to the following schools:—

Narsápur Taluk Board.—(1) Palcole, (2) Rustumbada.

Rajahmundry Taluk Board.—(1) Draksharam, (2) Pamarru, (3) Ulapalli, (4) Podagatlapalli, and (5) Tanelanka.

Cocanada Taluk Board.—(1) Vadesaleru, (2) Tirupati, (3) Eleswaram, (4) Kirlampudi, (5) Old Coringa, and (6) Mallavaram.

(8) The entertainment of servants for the following schools:—(1) Veeravasaram, under the Narsápur Taluk Board, (2) Rámachandrapur, (3) Mandapeta under the Rajahmundry Taluk Board, (4) Attili, and (5) Tallapudi, Varanda school, under the Ellore Taluk Board.

(9) The reduction of pay of the servants attached to (1) Nidadavolu, (2) Kanuru, (3) Chintalapudi schools under the Ellore Taluk Board.

(10) The closure of the Mallapalle school under the Cocanada Taluk Board, of the Dowlaishweram and Mandapeta schools, under the Rajahmundry Taluk Board, as the average attendance of these schools is far below the minimum. Some of the schools under the several Taluk Boards, whose average attendance does not justify their retention in the next year, have however been proposed to be retained, as the fall in the attendance is considered to be temporary.

All these proposals have been approved and sanctioned by the Taluk Boards at their respective budget meetings and by the District Board.

36. *Grants-in-Aid—Results Grants.*—The estimate under this head is Rs 9,900 against Rs. 8,100, the budget and the revised estimate of the current year. The Narsápur Taluk Board resolved to pay these grants at the maximum rates for pure result schools, at 75 per cent. for salary-result schools in backward localities and for all the Muhammadan schools, and at 50 per cent. for all the rest. The Ellore Taluk Board intends paying these grants at 75 per cent. for schools in unhealthy or remote localities and at 50 per cent. for schools in other places. The Narsápur Taluk Board is also willing to aid the infant standards. The rates adopted by the other Taluk Boards have not been intimated.

37. *Circle Gymnastic Instruction.*—The provision of Rs. 1,200 made in the current year's budget is repeated and is debited proportionately to the Taluk Board concerned.

38. *Grant III.*—The estimated expenditure under this grant is Rs. 1,37,157 against Rs. 1,13,357 of the revised estimate. Some of the more important variations under the several heads are noticed below :—

A.—HOSPITALS AND DISPENSARIES.

There is an increase of Rs. 6,406 under this head compared with the provision made in the revised estimate, and this is due to the following new proposals.

The Taluk Board, Rajahmundry, proposed the opening of three new dispensaries at Rajahnagaram, Gollalamamidada and Bendamurlanka. The District Board however at its budget meeting decided that a dispensary at Rajahnagaram is not at present urgently needed, as the village is only 10 miles distant from Rajahmundry, and because the scheme proposed in paragraph 40 for a Sanitary Inspecting Agency will, if sanctioned, give an additional Hospital Assistant to the Taluk Board. Provision is accordingly only made for two new dispensaries.

The Narsápur Taluk Board has proposed the establishment of two new dispensaries at Achanta in Narsápur taluk and Akividu in Bhímavaram taluk. The former place has already been constituted a union, and the latter is proposed to be made one. These are rich and populous places and are within easy reach of a number of other villages situated at distances ranging from 2 to 7 miles. The District Board has approved of the proposal.

The Ellore Taluk Board's proposal to establish an itinerating dispensary at Nallacherla in Yernagudem taluk has been vetoed by the District Board, as it is considered that there would be no necessity for such an institution, with reference to the District Board's Resolution to entertain a Sanitary Inspecting Agency under the control of each of the four Taluk Boards, which will be fully dealt with under the head "Sanitation."

Provision is also made for the following :—

(1) Two cooks proposed to be entertained—one in each of the hospitals at Tallapudi and Chintalapudi—on Rs. 5 per mensem.

(2) An assistant compounder to be entertained in the Narsápur hospital on Rs. 6 per mensem, as the work is found to be too heavy for one compounder.

(3) The entertainment of a toti and a nurse on Rs. 5 each in the Pithápuram hospital sanctioned in G.O., Mis. No. 1333 L., dated 3rd June 1892. Some variations are also to be found on account of transfers among the Hospital Assistants and compounders attached to certain dispensaries and hospitals.

B.—MIDWIFERY PUPILS AND MEDICAL PUPILS.

Provision is made for three women to be sent to the Lying-in Hospital, Madras, to be trained as midwives. Trained midwives have long been a great disideratum in this district; steps are being taken to supply this want. One woman is already undergoing training, and two more will, it is hoped, be sent shortly.

Three young men have recently been sent to the Nellore Medical school to be trained there with a view to their being eventually employed as Hospital Assistants in this district. Owing to paucity of hands the Board has been unable to open dispensaries in the district at some places where the people have sadly been in want of

proper medical aid. The District Board has therefore resolved to continue sending young men to Nellore for training till it shall have got a sufficient number of trained men to meet the demand of the district. Provision has been made accordingly—*vide* also paragraph 7 *supra*.

39. *Vaccination.*—The estimated expenditure under this head is Rs. 11,788 (exclusive of the provision separately made for animal vaccination) against Rs. 11,700, the budget estimate of the current year. The increase is only apparent being due to the incorrect calculation of the current year's budget figure. No changes are proposed in the existing establishment.

Animal Vaccination.—A separate provision of Rs. 2,200 is made on this account owing to the arrangements recently made for the improvement of animal vaccination in this district—*vide* this office letter, No. 153, dated 27th November 1892, to Government. Three first-class vaccinators on Rs. 15 each have already been sanctioned by Government to be employed exclusively on this business—*vide* G.O., No. 1400 L. Mis., dated 14th June 1892. These have been placed each in charge of one of the three vaccine depôts—Rajahmundry, Ellore and Pithápuram.

The provision made under "contingencies" includes the following particulars of charges :—

(1) Batta to the vaccinators in charge of the vaccine depôts.
(2) Hire for calves at the rate of Rs. 2 for each calf.
(3) Feeding charges, &c., of these calves.
(4) Charges of calf watchers to be entertained—one at each of the depôts.

Of the total amount of Rs. 2,200 provided under "Animal Vaccination," Rupees 800 are for the Rajahmundry range and Rs. 700 each for the Ellore and Pithápuram ranges.

40. *Sanitation.*—Rs. 48,691 are provided under this head against Rs. 46,571 provided in the current year's budget. The variations under the several heads are fully explained in the "remarks" column of Statement I-B.

Under "Scavengering establishment" the following new proposals are made by the different Taluk Boards, for which the sanction of Government is solicited :—

Narsápur Taluk Board.—(1) The entertainment of a Sanitary inspector on Rs. 15 for the Narsápur union already sanctioned under the name of a Sanitary inspector for Narsápur Town in G.O., No. 2455 L. Mis., dated 22nd October 1892.

(2) The entertainment of three additional toties on Rs. 4 each per mensem and a Sanitary inspector on Rs. 8 for the Palcole union.

(3) The entertainment of four sweepers on Rs. 5 each per mensem for the Nagaram union, instead of one sweeper on Rs. 4 now entertained in each of the villages of Nagaram and Mamidikuduru, composing the new Nagaram union.

(4) The entertainment of one sweeper on Rs. 4 for the Sivakodu village, instead of two sweepers now entertained on Rs. 5 and 4, respectively.

(5) The entertainment of an additional sweeper on Rs. 5 per mensem for the Razole village.

(6) The entertainment of an additional scavenger on Rs. 5 and a Sanitary inspector on Rs. 6 for the Bhímavaram-Gunipudi union.

(7) The entertainment of four sweepers on Rs. 5 each for the newly proposed Akividu union, instead of one on Rs. 3 now entertained in the village.

Cocanada Taluk Board.—Increase of pay of the sweeper at the Turangi burial-ground from Rs. 5 to Rs. 6 per mensem, as he has to work both at the burial-ground and at the rest-house at Turangi.

Ellore Taluk Board.—(1) The entertainment of 14 additional sweepers in the following places :—

(1) Pentapadu.
(2) Panumantra.
(3) Duvva.
(4) Sidhantam.
(5) Tanuku union.
(6) Kovvali union.
(7) Gundugolanu union.
(8) Kamavarapukota.

(2) The increase in the salaries of sweepers in the following villages :—

(1) Jagannadhapuram, (2) Kykerm and (3) Pulla.

and the reduction of the sweepers at—

(1) Seetampeta and (2) Powerpeta.

(3) The entertainment of four watchers to guard the drinking water tanks—one in each of the unions of Tanuku, Kovvali, Attili and Gundugolanu—on Rs. 3 each per mensem. The cost is proposed to be met from the provision under "improvement of water-supply."

(1) *Rajahmundry Taluk Board.*—The entertainment of a scavenger in each of the villages of Rahitapuram, Cheyyeru, Vella-Vella-Savaram and Tapaswaram on Rs. 4 each and an additional scavenger for Draksharama, and the reduction of sweeper at Chinakondepudi.

(2) The entertainment of a watcher on Rs. 5 per mensem to guard the drinking-water tank at Draksharama, the cost thereof having been proposed to be met from the provision under "improvement of water-supply."

Sanitary Inspecting Agency.—The District Board proposes the following establishment under each Taluk Board as an agency for sanitary inspection and for carrying out sanitary works, such as clearing, levelling and draining village-sites, and improving streets and water sources :—

1 Hospital Assistant for sanitary duty on Rs. 30 + 15 per mensem.
1 Peon on Rs. 7½ per mensem.
1 Sanitary maistry on Rs. 15 + 5 per mensem.
1 Gang of 8 coolies on Rs. 7½ each per mensem.
Cost of medicines and contingencies, Rs. 100.
Total cost, Rs. 1,690 for each Board per annum.

The duty of the Hospital Assistant will be to inspect villages and advise the President of the Taluk Board regarding the works needed in each and to inspect such works on completion, and at the same time he will be expected to treat patients and distribute medicines, especially at times when epidemic diseases may be prevalent. The provision for medicines is intended to cover the second part of the Hospital Assistant's duty. Possibly half of his pay and that of his peon and the cost of his medicines should be more properly debited to "hospitals and dispensaries (medical practitioners)," but if the proposal is sanctioned, the adjustment can easily be made subsequently.

The duty of the sanitary maistry will be to travel from village to village with a gang of specially selected coolies and to execute such works as may be approved by the President of the Taluk Board.

If this system is found to succeed, more sanitary maistries and more gangs may be employed ; but as a beginning only one maistry and one gang is proposed for the area under each Taluk Board.

Ellore Taluk Board.

3 Sanitary inspectors (one for each of the three taluks) on Rs. 20 each per mensem.
24 Coolies on Rs. 6 each per mensem (8 for each taluk).

Narsápur Taluk Board.

2 Sanitary inspectors on Rs. 12 + 5 (batta) each per mensem, one for each taluk.
10 Sweepers on Rs. 7 each per mensem for each of the two taluks.

Cocanada Taluk Board.

1 Sanitary inspector on Rs. 25 + 15 (fixed travelling allowance) per mensem.
1 Peon on Rs. 6 per mensem, contingencies = Rs. 2 per mensem.

All the Taluk Boards excepting the Rajahmundry Taluk Board have submitted their own proposals as per margin with regard to this agency. The scales of establishment proposed by them differ greatly. The District Board at its budget meeting resolved to revise these proposals and to fix a uniform scale as detailed above.

I request that Government may be pleased to accord its sanction to this scheme.

41. *Choultries.*—The estimated expenditure under this head is Rs. 14,087 against Rs. 14,023, the revised estimate.

The following new proposals are made as absolutely necessary, and the sanction of Government is solicited for the same :—

(1) The increase of pay of the gumastah attached to the Podagatlapalli choultry from Rs. 8 to Rs. 10 per mensem and the reduction of the pay of certain servants attached to the Rajahnagaram choultry.

(2) The increase of pay of the gumastah attached to the Vijeswaram choultry from Rs. 11 to Rs. 12 per mensem and the reduction of the pay of the cooks attached to the same by Rs. 0–8–0 each.

(3) The entertainment of two servants on Rs. 4 each—one for each of the unendowed choultries at Peravali and Prattipad proposed to be newly opened by the Ellore Taluk Board—and the reduction of a servant on Rs. 4 per mensem attached to the Tanuku choultry.

(4) The transfer of the charges of the Wontimamidi choultry to the Ellore Taluk Board, as it properly belongs to that Board, and not to the Cocanada Taluk Board, under which it was erroneously shown in previous budgets. The endowments attached to the Wontimamidi choultry were transferred long ago to the Vijeswaram choultry, but the Wontimamidi choultry has continued to be maintained on a small scale for the convenience of travellers who happen to halt there—*vide* G.O., dated 19th May 1886, Mis. No. 544 L. F.

(5) The entertainment of a gumastah on Rs. 6 per mensem and a sweeper on Re. 1 per mensem in the unendowed choultry at Bhímavaram recently transferred to the management of the Narsápur Taluk Board by a charitably disposed resident of the village, by name Mangalapalli Narasimlu, while on his death-bed.

(6) The entertainment of a servant on Rs. 2 per mensem in the Razole choultry and the increase of pay of the Brahmin attached to the Veeravasaram choultry from Rs. 4 to Rs. 5 per mensem, and the entertainment of an additional sweeper on Re. 1 per mensem for the same choultry.

(7) The increase of pay of the Peddapur choultry gumastah from Rs. 12 to Rs. 15 per mensem.

42. *Taylorpeta Fund.*—No provision is made under this head as the fund is proposed to be transferred to the Narsápur union proposed to be newly formed—*vide* paragraphs 13 and 17 *supra*.

43. *Miscellaneous.*—The provision of Rs. 15,764 made under this head includes an amount of Rs. 7,130 allotted as shown below for "Lighting charges" by the several Taluk Boards :—

	Rs.
Rajahmundry Taluk Board	1,590
Ellore Taluk Board	1,841
Narsápur do.	2,484
Cocanada do.	1,215
Total ..	7,130

Increased provision is made on account of these charges in the Mandapeta and Amalapur unions, as it is proposed to furnish them with additional lights. The lighting charges to be incurred in the unions to be newly formed under the Narsápur Taluk Board have also been provided for.

The provision shown under the sub-head "other miscellaneous outlay" in Statement I-B is for the most part intended for the upkeep of water-pandals in the district.

44. *Grant IV.*—The total estimated expenditure under this grant is Rs. 31,090 against Rs. 27,968 and Rs. 30,235, the budget and the revised estimates, respectively, of the current year. The following are some of the more important variations :—

45. *Establishment in the Collector's office.*—Increased provision is made under this head with reference to the revised scale of the Local Audit Establishment sanctioned in G.O., dated 31st May 1892, Mis. No. 1289 L. The pay of the attender attached to the Local Fund Account department is also proposed to be raised from Rs. 7 to

Rs. 8 per mensem. The work he has to do is disproportionately heavy, as he has to work not only in the Local Fund Account department, but also under the Local Audit clerks. The other Local Fund attenders are paid Rs. 8 per mensem, and there is no reason why an exception should be made in the case of this man.

46. *Local Board's Office establishment.*—The provision made under this head amounts to Rs. 8,532 (exclusive of Rs. 1,288 provided for the temporary survey establishment for surveying and demarcating zemindari *puntas* under the Rajahmundry, Ellore and Cocanada Taluk Boards. The increase is due to the following new proposals, to which the sanction of Government is solicited :—

(1) The increase of pay of the attender and the muchi of the District Board's office from Rs. 8 and 9, respectively, to Rs. 10 each per mensem. These are hard-worked servants and merit the increase proposed. The muchis in Government offices get Rs. 10 per mensem at the lowest and the highest pay of an attender is Rs. 12. The attender of the District Board's office does clerical work and is a very useful person.

(2) The entertainment of an additional clerk on Rs. 10 per mensem in the office of the Narsápur Taluk Board, as the work of the office has of late very much increased, and as the existing establishment cannot cope with it. There are already three unions under its control, and three more are proposed to be newly formed, which will undoubtedly throw an additional amount of work on the Taluk Board's office.

(3) The entertainment of an additional clerk on Rs. 12 per mensem in the Cocanada Taluk Board's office, for the same reasons as those given above. There are two large endowed choultries under the control of the Taluk Board, giving rise to a good deal of correspondence, and the ferries that have been transferred to its management have also added to the work of the office.

The Rajahmundry Taluk Board's office has already been allowed an additional hand. The Ellore Taluk Board has not applied for any addition.

(4) The increase of pay of the Union clerks and bill collectors in the following unions from Rs. 10 and 5, respectively, to Rs. 12 and Rs. 6 each :—

(*a*) Amalapur and Manadapeta unions under the Rajahmundry Taluk Board.
(*b*) Tanuku union under the Ellore Taluk Board.
(*c*) All the unions under the Cocanada Taluk Board.

There has been a general complaint that the Union clerks and bill collectors are not adequately paid. Their work is heavy and their responsibilities are great. They are required to furnish cash security of Rs. 100 and Rs. 50, respectively, and have to pay interest at a high rate on the sums borrowed for this purpose.

The District Board is in favour of the proposal, and my own opinion is that the increases are necessary. Though under section 134 (1) of the Madras Local Board's Act, the Union Panchayats concerned are themselves competent to fix the pay of their servants, subject to the approval of the Presidents of Taluk Boards, the question being now a general one is submitted for the approval of Government.

(5) The entertainment of the following establishments in the newly proposed unions under the Narsápur Taluk Board :—

	Scale proposed.	Per mensem.

Narsápur Union	One Union clerk	12
	One Bill collector	5
Nagaram Union	One Union clerk	10
	One Bill collector	5
Akividu Union	One Union clerk	10
	One Bill collector	5

With reference to the remarks made in paragraph 27 *supra* in the case of the Local Fund Engineering establishment, the District Board has formulated a scale of establishment to be adopted for the offices of the District and Taluk Boards. These offices

perform most important and onerous duties, and in order to obtain good men and get good work for them, it is considered necessary to improve the prospects of the establishments. In view, therefore, to avoid the necessity for proposals from year to year to raise the pay of particular individuals, it has been considered advisable to have a scale fixed once for all under which each man may if he does good work earn a regular increment to his pay. The following is the scale that has commended itself to the Board. I request that Government may be pleased to sanction the same. No increments will begin till 1894–95 :—

Temporary Survey Establishment.—The Survey establishment for surveying and demarcating (with a view to align the *puntas* in zemindari villages) entertained by the Rajahmundry, Ellore and Cocanada Taluk Boards, the continuance of which during the current year was sanctioned in G.O., dated 4th June 1892, Mis. No. 1347 L., is proposed to be continued for one year more, by the end of which time it is probable that the work which is now in progress will be completed. Provision is accordingly made on this account.

47. The grand total of the estimated expenditure under all grants, including the reserve of Rs. 62,261 calculated at 10 per cent. of the receipts (excluding the receipts from the endowed institutions), amounts to Rs. 8,00,846, and the budget closes with a balance of Rs. 1,71,190, distributed among the several funds as shown below :—

		RS.
District Fund ..	General	18,344
	Canal and Ferry fund	67,660
Taluk Funds ..	General	22,425
	Endowment	56,857
Union Funds ..	General	5,904
	Endowment	..
	Total ..	1,71,190

The balances available for general purposes under the District and Taluk Funds including Union Funds, respectively, are 6·3 and 8·5 per cent. of the estimated receipts.

From Surgeon-Lieut.-Colonel J. A. LAING, Sanitary Commissioner, Madras, to the Chief Secretary to Government, dated Fort St. George, 11th January 1893, No. 45-S.

I have the honour to state, for the information of Government, that the Godávari District Board has, in its budget for the ensuing year, allotted Rs. 13,988 and Rupees 48,691 for vaccination and sanitation respectively against Rs. 11,700 and Rs. 46,571

in the current year's budget. The arrangements recently made by the District Board for the extension and improvement of animal vaccination account for the enhanced provision made for vaccination, while the proposed organization of a sanitary inspecting agency costing in the aggregate Rs. 6,760 explains the increase under Sanitation. In regard to this latter proposal I would request Government to let the provision stand pending the passing of final orders on the scheme for the re-organization of the Vaccination department.

From Surgeon-Major-General W. F. DEFABECK, M.D., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 26th January 1893, No. 93.

I have the honour to state that the allotment made in Grant III of the Godávari District Board budget estimate for the year 1893–94 for the maintenance of the dispensaries including the four new institutions proposed to be opened at Gollalamamidada, Bendamurlunka, Achanta and Akividu is adequate and calls for no remarks, the President, District Board, having explained the variations between the current year's grant and the estimate in paragraph 38 of his letter to Government, No. 174, dated 22nd December 1892.

From D. DUNCAN, Esq., M.A., D.Sc., Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 3rd February 1893, No. 934.

Referring to the educational portion of the Godávari District Board budget for 1893–94, I have the honour to submit the following remarks :—

2. *Receipts.*—Credit taken for the following grants from Provincial funds should be disallowed :—

(i) *Building Grant, Rs.* 10,250.—There is absolutely no money available for payment on this account in the ensuing year.

(ii) *Furniture Grant, Rs.* 2,002.—Rs. 500 of this amount may be allowed to stand. A larger sum cannot be spared to one district during one year. Moreover, petty articles of furniture required for Lower Primary schools and classes constitute a legitimate charge on Local Funds and Government aid is not contemplated by the Code in such cases.

3. *Charges.*—The provision for education is sufficient, but the following alterations are necessary in the charges budgeted under Grant II :—

(i) Rs. 550 allotted for three Local Fund clerks to be attached to the Sub-Assistant-Inspectors' offices for doing Local Fund educational work should be struck out. Any extra charge in this direction will be borne by Provincial funds.

(ii) It is desirable that the Board Primary school, Amalápuram—the only Primary school retained on the salary system—should be placed on the salary-results system. The net cost of the three marginally-noted Secondary schools is high.

	Receipts.	Expenditure.
	RS.	RS.
Pithápuram	1,200	2,790
Peddápuram	1,400	1,992
Dowlaishweram	1,100	1,566

(iii) If further reduction in expenditure is considered necessary, it may be made in the charges on account of itinerating gymnastic instructors.

4. Proposals submitted by Mr. Grigg for the provincialization of the inspecting schoolmasters agency will not likely be approved by Government in the present state of the finances of the department, and I would accordingly recommend that the reconstitution of the establishment on the lines suggested by the Board be approved. The maximum pay proposed (Rs. 40) is not, in my opinion, too high for an efficient itinerating subordinate officer of standing and experience.

ORDER—dated 20th February 1893, No. 371 L., Local and Municipal.

The estimated Local Fund receipts and charges of the Godávari district for 1893–94, as passed by Government, are compared below with the budget and revised estimates for 1892–93 and the actuals of 1891–92 :—

2. The following errors and discrepancies occur in the budget statements and the President's letter :—

(1) In column 3 of Statement I-A showing the estimate for 1892–93, the grant expected from Provincial funds on account of education under the District fund is incorrectly given as Rs. 186 instead of Rs. 180.

(2) In Statement I-B, the allotment of Rs. 200 for special tools required for repairing ballacuts on the Kovur-Munjair junction canal should have been shown under (*d*) Tools and Plant and not under Repairs—Communications.

(3) In the last column of the same statement, the balances under the Union and Endowment funds at the close of 1891–92 are given as Rs. 7,185 and Rs. 63,499 respectively, and in the note at foot of Statement IX the opening balances of these funds for 1892–93 are entered as Rs. 7,723 and Rs. 62,961, but according to the figures reported by the Accountant-General for the preparation of the General Review for 1891–92, the correct amounts would appear to be Rs. 13,264 and Rs. 63,537.

(4) In columns 19 and 35 of Statement IV-A, the total number of masters for the several schools in the Bhímavaram taluk and that of servants for the schools in the Tanuku taluk are incorrectly given as 68 and 40 instead of 71 and 41.

(5) In column 34 of the same statement, the pay of the servant of the Razole school in the Narsápur taluk for the current year is incorrectly shown as Rs. 6 instead of Rs. 9.

(6) In columns 38 and 44 of the same statement, the totals under rents and miscellaneous charges of schools in the Ellore taluk are incorrectly given as Rs. 346 and Rs. 159 respectively instead of Rs. 366 and Rs. 162.

(7) In column 44 of the same statement, Rs. 3 are erroneously entered for the Dowlaishweram school which is proposed to be closed.

(8) In the abstract at foot of the same statement, the grant from Provincial funds on account of the schools in the Tuni taluk is incorrectly given as Rs. 202 instead of Rs. 192.

(9) In Statement V, columns 36 and 37 contain no entries in the case of the itinerating hospital assistant, though the amounts which should have appeared in them have been included in columns 38 and 39.

(10) In columns 16 and 17 of the same statement, two servants costing Rs. 84 are incorrectly shown against the Bhímavaram choultry instead of a gumastah on Rs. 72 and a sweeper on Rs. 12 as stated in paragraph 41 (5) of the President's letter.

(11) The sums of Rs. 100 and Rs. 300, which from Statement VII would appear to be allotted for other purposes from the funds of the Padagatlapalli and Razole choultries, should not have been included in Statement V.

(12) In Statement VII, the transactions of the several markets under the Rajahmundry Taluk Board have been shown in gross instead of separately for each market.

(13) In Statement VIII, the grant for sanitation on account of the Dowlaishweram Union is given as Rs. 2,390 instead of Rs. 2,490 as in Statement VI, and in the foot-note the charges on account of improvement of water-supply in the several unions under the Rajahmundry Taluk Board appear as Rs. 1,300 instead of Rs. 1,400 according to Statement VI. The total allotment for sanitation in all unions and the closing balance under Union funds are in consequence entered as Rs. 21,919 and Rs. 5,904 instead of Rs. 22,019 and Rs. 5,804.

(14) The President's covering letter does not explain the following alterations of establishments shown in the proposition statement :—

(*a*) Increase of pay to the teachers in the schools named below :—

(i) *Rajahmundry Taluk Board.*—Pasalapudi, Kutukuluru, Podagatlapalli, Kottalanka and Tanelanka.

(ii) *Cocanada Taluk Board.*—Tirupati, Eleswaram, Jaggampeta, Mallavaram, Kirlampudi and Allipudi.

(iii) *Ellore Taluk Board.*—Lakkavaram.

(iv) *Narsápur Taluk Board.*—Jennuru, Pempalem, Nagaram, Appanapalle, Poduru, Sivakodu, Narsápur, Nedipudi, Penumadam, Lankalagannavaram, Panditavilluru, Akividu, Toleru, Vissakoderu and Kakivada.

(*b*) Reduction of the pay of the servant attached to the Kollanka school from Rs. 9 to Rs. 3.

(*c*) Reduction proposed in the pay of the servant attached to the Chintalapudi dispensary.

(*d*) Entertainment of a peon for the Dowlaishweram Union.

(15) In paragraph 8 of the President's letter the budget estimate under law charges is stated to have been raised from Rs. 20 to Rs. 1,050, but according to the details furnished the correct figure would appear to be Rs. 1,070.

(16) In paragraph 27 of the same letter the proposed scale of the Local Fund Engineer is given as Rs. 600—10—700, while in the proposition statement it is entered as Rs. 650—700.

(17) Paragraph 35 of the same letter refers to an intended reduction in the pay of the servant attached to the Chintalapudi school, but no such alteration is shown in the proposition statement.

(18) In paragraph 40 of the same letter the entertainment of an additional scavenger on Rs. 5 is proposed for the Razole village, but in the proposition statement an additional scavenger on Rs. 4 and an increase of Re. 1 to the pay of the present one are shown.

(19) In the same paragraph the number of additional sweepers to be entertained by the Ellore Taluk Board has not been given.

The necessary corrections have been made with reference to clauses (1), (2), (4) to (10), (13) and (19). The discrepancies noticed in clauses (3) and (14) to (18) should be explained as soon as possible. There is still room for improvement in the preparation of the budget statements, and with the exercise of proper care the numerous errors to which it has been necessary to draw attention could have been avoided.

REVISED ESTIMATE FOR 1892–93.

3. Owing to short outlay in 1891–92 under Grant I, the opening balance exceeded the budget figure by more than a lakh and a half, and the current year's receipts and charges are now estimated at Rs. 6,44,510 and Rs. 8,01,890, respectively, against Rs. 6,31,434 and Rs. 8,16,980 adopted in the budget. The variations in both cases are explained in the President's letter from which it appears that the increase under receipts is chiefly due to the realization of arrears under land cess and that

under charges to the large allotments for incomplete works of the previous year. The proposal to withdraw Rs. 16,015 from the allotment of Rs. 76,751 originally made to the Taluk Boards is approved. Notwithstanding the remark in paragraph 3 of G.O., dated 20th February 1892, No. 453 L., the actual outlay on public works and sanitation for the first six months of the year amounted to only 18 and 25 per cent. of the respective allotments. Every effort should be made to utilize the allotments within the year. The allotment of Rs. 2,200 for the construction of a steam house boat for the use of the Local Fund Engineer will be allowed to stand until, on receipt of the further information called for from the President, orders can be passed on the subject. The payment of a contribution of Rs. 2,000 to the Rajahmundry Municipal Council was sanctioned in G.O., dated 24th December 1892, No. 3050 L. The additional grant of Rs. 830 applied for on account of law charges is sanctioned.

BUDGET ESTIMATE FOR 1893-94.

4. The receipts for the ensuing year are taken at Rs. 6,52,920 against Rupees 6,44,510 entered in the revised estimate for the current year, the increase occurring chiefly under Land-cess, House-tax, School fees, Market rents, Public Works receipts and Educational grants. The Government approves the resolve of the District Board to forego the Local Fund share of tolls payable by the Ellore Municipality. The proposals to constitute the villages of Narsápur, Nagaram and Akividu into unions and to include certain villages in two of the existing Unions Gundugolanu and Kovvali, levying house-tax in the former at the maximum rates from 1st April 1893, are approved and the draft notification as amended by Government will be published in the Fort St. George and Godávari District Gazettes. The contribution of Rupees 10,250 from Provincial funds on account of building grants, for which credit has been taken, will be struck out and a reduction of Rs. 1,500 will, with reference to paragraph 2 (1) and (2) of the Director's letter, be made in the estimated grant for furniture.

5. (1) *Grant I.*—The charges are put down at Rs. 8,00,840 for the next year against Rs. 8,01,890, the revised estimate for the current year. No new work should be undertaken before the plans and estimates for them have been sanctioned by competent authority. The contribution to the Public Works Department for the scrutiny of Local Fund plans and estimates will be reduced from Rs. 1,190 to Rs. 360 with reference to the information furnished by that department. The proposed re-organization of the Local Fund Engineering establishment and the grant of an enhanced rate of travelling allowance to the Assistant Engineers referred to in paragraph 27 of the President's letter should form the subject of a separate communication, to be accompanied by a statement showing the area of the charges of the Assistant Engineers and Supervisors.

(2) *Grant II.*—The proposed revision of the Local Fund inspecting agency is sanctioned. The provision of Rs. 550 made for three clerks to be attached to the Sub-Assistant Inspectors of Schools will be struck out with reference to paragraph 3 (1) of the Director's letter, and his suggestions in clauses (ii) and (iii) of the same paragraph will be referred to the Local Boards for consideration. The alterations in the school establishments referred to in paragraphs 34 and 35 of the President's letter are sanctioned.

(3) *Grant III.*—The proposal to open new dispensaries at Gollalamamidada, Bendamurlanka, Achanta and Akividu, with establishments as shown in the proposition statement, is sanctioned and also the entertainment of the additional staff required for the Tallapudi, Chintalapudi and Narsápur hospitals. The changes in the scavenging and choultry establishments proposed in paragraphs 40 and 41 of the President's letter are sanctioned with the exception of those relating to unions in the case of the former and to the gumastahs of Vijeswaram and Peddápuram choultries in that of the latter. The present pay of these gumastahs is high enough and under section 134 (1) of the Local Boards Act the Union Panchayats are themselves competent, subject to the approval of the Presidents of the Taluk Boards, to sanction the establishments required for the Union villages. The provision of Rs. 6,760 for the sanitary inspecting agency alluded to in paragraph 40 of the President's letter will be disallowed.

These sanitary inspecting agencies have been found useless in other districts in which they have been tried, and the appointment of hospital assistants to have charge of them and in addition to be itinerating medical practitioners is likely to be a failure for both purposes. It would be much better for the District Board to devote the money to the extension of medical relief by starting new dispensaries and converting existing ones into hospitals. The expenditure of the District Board on hospitals and dispensaries is very small for so wealthy and populous a district as the Godávari.

(4) *Grant IV.*—In the circumstances stated, the proposals contained in paragraphs 45 and 46, clauses (1), (2) and (3) of the President's letter regarding the establishments in the Collector's and the Local Boards' offices are sanctioned. As regards paying the clerks and bill collectors employed in unions at a higher rate than in the scale laid down in paragraph 3 of G.O., dated 6th September 1886, No. 1091 L.F., that order states what should in ordinary circumstances be regarded as the maximum pay of certain servants, and it is for the Presidents of Taluk Boards to act on their own responsibility in deciding whether to give or to withhold approval to such proposals as may be placed before them. The District Board was not competent to express an opinion and the matter should not have been placed before it. The proposal to fix a scale for the staff of the offices of the District and Taluk Boards should be brought forward separately. The continuance of the temporary survey establishment for another year is sanctioned.

6. *Balance.*—The budget, as revised by Government, closes with a balance of Rs. 1,67,910, distributed among the several funds as shown below :—

		RS.
District fund ..	General	19,720
	Canal and Ferry funds	67,660
