Route 15/30

In my report on my examination of the Western Sale Division office dated 30.1.1893, I made the following remark under the heading "General Remarks".

"The present alterations in the method of preparing and checking accounts introduced by the Examiner P.W. Accounts have produced work in Subordinate's offices but practically made no difference in the Sale Division office. In fact in the latter office, an additional Register of Bills is maintained. The work in this office is very heavy for one clerk and the result of my experience for the last two years is that an additional temporary clerk on Rs 15 should be attached to this Sale Division office for the working season (ie) for the 6 months from 15th March to 15th September

September. The present clerk P. Kutumba Row is a passed accountant, so manager better than most clerks would", against which you wrote "make a special application for an additional clerk."

I herewith send a proposition form for an additional temporary clerk on Rs 15 for the Western Delta Division for the period from 1st April to 15th September 1893 and request that the appointment may be sanctioned.

No 2795/D
15-2-93.

Submitted to the Chief Engineer, Public Works Department for favor of inclusion in the statement of temporary establishment of this circle dated 22-11-1892, and obtaining the sanction of Government.

To W.

Entries in column "Present Scale" of the proposal statement have been checked and found correct.

(1) The rate of pay of watcher for District Munsiff's Court at "Karambadi" in the Kistna Western Division has not been fixed - vide foot note in G.O.No. 2044 W. dated 23rd. September 1892.

(2) The scale of establishment for the Kistna Eastern Division apparently requires revision with reference to G.O. No. 292 W. dated 6th. February 1893, sanctioning the abolition of the Gudivada Division as a separate Division.

(3) It is observed from the statement that a portion of the establishment has been omitted as being chargeable to works under Circular No. 4270 C. dated 27th. September 1892 from the Chief Engineer P.W. Department. The Circular quoted calls for lists of such establishment & does not decide the incidence of charge.
