<sup>1126</sup>  
The Right Honorable Warren W. Woodcock  
Governor of Madras

The Memorial of J. Charnick  
Esq. Engineer, R. W. S.

Respectfully begs your consideration  
of the following facts connected  
with the recent failure of  
the Pillar Bridge & in consequence  
of your Memorialist's sanction  
in grade in his department.

In this latter connection your  
Memorialist would respectfully  
observe that even by the  
failure of the bridge, alone,  
he is severely punished, but  
that in addition to this, the  
loss of service to pension, the  
loss of pay (a more trifling) &  
above all the public humiliation  
involved in his sanction  
in grade & transfer to the  
charge of a Division, render  
the punishment a very heavy  
one.

your Memorialist does not  
for one moment forget  
that in drawing out the  
design for the bridge he was  
guilty of a grave error in  
failing to fully realize the  
nature of the locality to be  
dealt with, the reason for  
his so failing, he has already  
reported officially, but he may  
have been permitted to mention  
that owing to the large  
extent of the POW situation  
of which he was then in charge,  
he had not a single opportunity  
of seeing the foundation of the  
abutment, which had failed,  
during its execution & he  
was consequently deprived of  
any chance of attaining the  
design which an inspection  
might have afforded him.

Ignoring however all this, your  
Memorialist would specially  
urge for your Excellency's  
consideration the fact, that  
had the bridge been built  
at the site your Memorialist

first suggested, there can be  
no question, but that it would  
now be standing safely.

But if on consideration of these  
various circumstances & if  
notwithstanding his 24 years  
Zuland & as he had every reason  
to believe, hitherto after a long  
of service, your Excellency  
still considers that, in the  
interests of discipline & order  
your Memorialist must alone be  
held responsible & must accept  
his punishment, still, he cannot  
believe that his subordination  
in the Department by a junior  
is intended to be permanent,  
but that on the occurrence  
of the next vacancy, at latest  
he will be restored to his late  
position.

Still, even in this view of the  
case, your Memorialist begs,  
that his punishment may be  
at least so far mitigated,  
as to allow him, in the mean  
time, to remain in charge  
of his present circle, as an Executive  
Lucius & thus afford him

an opportunity of retrieving  
his errors at Kullar by the  
exercise of that experience  
so clearly earned & to utilize  
on other works in this Circle  
the knowledge of them he has  
already acquired & so, at  
the same time, save our  
Memorialist from the further  
humiliation which his  
humoral will entail.

Yours Memorialist is,  
Yours Excellency & faithful servant
