G.O., dated 4th April 1893, No. 698, Judicial.

Read—the following paper:—

From the Inspector-General of Police, Madras, dated 9th March 1893, No. 1239.

With reference to G.O., No. 433, Judicial, dated 28th February 1893, communicating to me G.O., No. 240 W., dated 2nd February 1893, I have the honour to bring to the notice of Government that in my letter No. 6388, dated 13th October 1892, I solicited the approval of Government in the Judicial Department to the list of works therewith submitted as the authority required for the Public Works Department to prepare plans and estimates for them in accordance with the procedure laid down in G.O., No. 433, Public, dated 27th June 1892, which contains the same instructions as G.O., No. 2806 W., dated 7th October 1892, to which my attention is now drawn by Government in the Public Works Department. I beg that the approval of Government in the Judicial Department may be declared for the list of works above referred to.

ENCLOSURES.

From Colonel C. A. PORTEOUS, Inspector-General of Police, to the Chief Secretary to Government, dated Madras, 13th October 1892, No. 6388.

With reference to G.O., No. 433, dated 27th June 1892, Public, I have the honour to submit, for approval, a list of police works proposed for 1893–94 for construction by the Public Works Department. Several works to the aggregate value of Rs. 1,04,694 have been brought forward by Superintendents, but only a few considered by me as more urgent than others have been selected and included in the list.

LIST of proposed police works for construction by the Public Works Department for 1893–94.

Number.	District.	Name of the work.	Estimated cost excluding cost of site.	Remarks.
			RS.	
1	Nellore ..	Second-class police station house at Allûru.	2,120	The present station is inconveniently held in the verandah of the Sub-Magistrate's cutcherry. The late Superintendent (Colonel Wilton) recommended this work as urgent.
2	Do. ..	Ten additional tiled huts at Moolapet.	3,790	There were 80 huts for reserve men constructed in 1864–65 departmentally with mud walls and tiled roof; 65 of them deteriorated from time to time and their materials were disposed of. At present there are only 15 old huts and 10 recently constructed under G.O., No. 1834 W., dated 19th July 1886. The Superintendent recommends that the rest may be constructed at the rate of 10 huts at a time.
3	Madura ..	Third-class station house at Mukulam.	1,092	The construction of a station house is indispensable as the old station was washed away in 1884. This is an important station through which many prisoners pass.
4	Do. ..	Sixty-five tiled huts for the reserve men at Madura.	16,250	The old military buildings, 45 in number, transferred to the Police Department, having deteriorated, 38 huts have been departmentally constructed since 1880. As it would take several years to construct by departmental agency the required number of huts and this is a large work requiring professional supervision, it is recommended that the work be undertaken by the Public Works Department.

5	Tinnevelly.	Third-class station house at Nathampatty.	1,260	In G.O., No. 1428, dated 7th July 1891, J.D., the transfer of police station from Vadagupatty to Nathampatty was sanctioned and to give effect to it these buildings are urgently required. The Superintendent recommends immediate removal of the station from the former to the latter place.
		Four tiled huts at Nathampatty.	1,360	
6	Salem ..	Fifteen additional tiled huts at Vániyámbadi.	3,000	Of the required number of huts, viz., 30 at this station, only 15 have been sanctioned and appropriation of Rs. 2,000 made this year in G.O., R. No. 750, dated 27th June 1892, J.D. (No. 1756 W., dated 13th June 1892); the remaining 15 huts are herein included for sanction.
7	Do. ..	Five tiled huts at Thumbal.	1,200	There are no huts at present and men suffer much from want of proper accommodation. Thumbal is situated in a jungle and is unhealthy.
8	Malabar ..	Three tiled huts at Koroth in Wynaad.	1,700	The present huts built in 1869 have fallen into a state of disrepair, the walls having sunk and become hollow and the roof sagged. They are reported by the Assistant Superintendent not worth repairing.
9	Do. ..	Adding a room to the upper storey of the police office at Calicut.	2,000	The present accommodation in the office of the Superintendent of Police not being sufficient for himself and his office establishment including stores, records, armoury, &c., it is proposed after consultation with the Executive Engineer to add a room to the upper storey.
10	North Arcot.	Third-class station house at Naiknari.	1,130	In G.O., No. 2572, dated 19th December 1891, J.D., transfer of station from Chintamukalapalli to Naiknari was sanctioned and to give effect to this order a station house is urgently wanted.
11	Do ..	Third-class station house at Pernampett.	1,130	A thatched hut with mud walls built by villagers about 15 years ago is being used as a station house at this place. It is an insecure building quite unsuited to the place which is rising in importance.

P. W. DEPARTMENT.

READ the following:—

Proceedings from the Judicial Dept: No 698 dy 4th April 93.

FOR ORDERS.

with his letter No 6388 dy 13th Oct 92 the Inspector General of Police submitted a list of works "for construction by the D. P. W. during 1893-94". The list was considered in connection with the budget programme for that year, and of the 12 works brought forward only 4 were selected for entry in the budget.

* For these 4. plans and estimates have been called for in G.O. Nº 240. W & 2 ª Feby: 93.

2. The Inspector General of Police now requests that plans & estimates may be prepared for the remainder, and the order in the Judl Dept: Nº 698 & 4 ª April 1893 (which has been issued without countersignatures of the P.W. Dept:) confirms the request.

3. Orders are solicited whether it is really necessary that the time of P.W. officers should be taken up in preparing plans & estimates for works which have, for financial reasons, been excluded from the budget. It is submitted that the preparation of estimates may be deferred until there is some prospect of providing funds for the works.

4. One of the objects of the procedure laid down in G.O. 433 Public & 27 ª June 92 seems to be that proposals for new buildings shall be considered in detail. The general approval given in Judicial Department endorsement Nº 1680 & 26 ª October 92 was, therefore,

held to apply to the inclusion of the works in the budget, if money was available and the paper was dealt with accordingly in the P.W.D.
