Collector.

Sir,

With reference to orders of Government contained in their No 4274 of 17th February 1893, against items 17 in the Provincial Objectionable Items statement in respect of estimates for the period ending 30th November 1892, I have the honor to state that, from the records of the late Kalahasti Sub Division, it is observed that an estimate for Rs 11,100 for constructing Kalahasti Rajagunta road was submitted to the Collector by the Executive Engineer in

in charge of that Sub Division with his letter No 1011 of 12-12-91, but the estimate did not appear to have been sanctioned. On a reference made to the Collector on the subject he reported in his letter No $\frac{5029}{\text{Rev. 91}}$ of 92 dated 7-11-92 (Copy herewith) that the estimate was not sanctioned as the distress was over, and that the work was considered unnecessary to be taken up as already work; but as Rs 5,785 have already been incurred on the work, I request that you will move Government to authorize the Examiner to admit the outlay without an Estimate.

I have &c.
