2ND MAY 1893, No. 1186 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper:—

From Colonel A. T. FRASER, R.E., Superintending Engineer, III Circle, to the Chief Engineer, Public Works Department, dated Bellary, 21st March 1893, No. 3404.

With reference to G.O., No. 3482 W., dated 20th December 1892, and subsequent correspondence, I have the honour to forward for sanction an estimate prepared by the Executive Engineer, Kurnool, amounting to Rs. 5,680, for special repairs to the Koilkuntla taluk cutcherry (standard plan of 1871).

2. This building had not been repaired for some length of time, and the estimate comprises much ordinary work, such as painting, &c.

3. The greater part of the terraced roofing is sound or only required strengthening of the upper storey party walls now arranged for, but the two rooms where the terrace had to be removed owing to subsidence of foundations will have this replaced by Mangalore tiling.

4. It is expected that work under this estimate will, notwithstanding the unfavorable soil on which the building stands, make it perfectly safe.

ORDER—dated 2nd May 1893, No. 1186 W., Public Works.

The estimate, amounting to Rs. 5,680, for special repairs to the taluk office at Koilkuntla in the Kurnool district, is sanctioned.

2. A sum of Rs. 2,000 was provided for the work in 1892–93 and the grant to the Kurnool division for 1893–94 under Provincial Civil Buildings, Repairs, is Rs. 3,000. The Superintending Engineer, III Circle, will apply for any additional allotment that may be required for the completion of the work in the current official year.

3. This sanction has been registered as Provincial No. 14 W. of 1893–94 and classified as Civil Buildings, Repairs.

TECHNICAL NOTE. B 1914

Name of work Special repairs to the Taluq office at Koilkuntla in the Kurnool Dist.

Amount of Estimate Rs 5680

With reference to G.O. No. 3482 W dated 20th Decr. 1892, the Supdg Engineer III Circle submits for sanction an estimate amounting to Rs 5680 for special repairs to the Taluq Office at Koilkuntla in the Kurnool Dist.

The east wing of the Taluq office occupied by the clerks & the Court room have been reported unsafe for occupation owing to various cracks in the walls & timber work, due chiefly to settlement of foundations & to the thrust of the arches over: & to avoid any damage to the roof timbers & the timber work of these two rooms have been demolished last year.

The estimate under review provides for the following works & for making the building habitable

habitables

(a) to remove the damaged arches in the Court house & clerks room.

(b) to underpin the foundations of the verandahs & main walls all round with concrete & fill above with river sand finished q earth

(c) to remove the existing clods stone flooring & earth filling & relay the same with river sand & floor as before with slabs & concrete.

(d) to remove the dismantled terrace arch with mangalore tiles laid on teak rafters supported by teak trusses & ceiled with ½" pine planks complete.

(e) to build up masonry pillars in lieu of dismantled arches in the record & both Registrars office to support the existing terrace.

(f) to clean the existing pilasters & walls & fill in cracks & to replaster the wall faces.

(g) to relay the clods drain around the building with cement to prevent penetration

(h) necessary ordinary repairs to main building & outhouses such as shifting tiles, plastering walls, painting doors & windows, wood oiling woodwork, whitewashing terracing &c. &c.

Many of the rates cannot be checked.

118-6
55

checked & the following are in excess of the Original Schedule

(a) Pointing with cement 5.... against 3....
(b) Plastering 2 coats — 4.12.. - do - 3....
(c) - do - - Sunki — 5.8.. - do - 3.8..
(d) Whitewashing 2 coats ..4.. - do - ..3.6
(e) Blue washing - do - ..6.. - do - ..4..

If schedule rates be adopted the saving will be Rs 330, but data lists are furnished for items b, c, d & e these data lists have been appreciably altered in the S.E's office but the abstract estimate has not been altered accordingly. Thus, para 7 of the abstract, last item, the data for circular metal work, as reduced being 8 Rs per 100 Cft against Rs 11 entered in estimate, again the reduced data for plastering being Rs 3.10.. against Rs 4.14.. provided in the abstract & so on. if the rates be altered according to the reduced data the saving will be Rs 300.

The quantities in labour has been reduced in the data lists but according to Mr. Sages data they agree.

The plan & estimate have not been countersigned by the Collector of the Dist. but the repairs are in progress in anticipation of sanction of the estimate
