GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.

READ—again the following paper :—

Proceedings of Government, Public Works Department, No. 2189 W., dated 6th Aug. 1892.

READ—also the following papers :—

From T. W. RAWLINS, Esq., Accountant-General, Madras, to the Secretary to Government, Public Works Department, dated Fort St. George, 18th March 1893, No. 852.

In Proceedings of Government, Public Works, No. 2189 W., dated the 6th of August 1892, the pay and allowances of the Paymasters whose services were placed at the disposal of the Public Works Department on account of famine work was directed to be charged to the Civil department.

2. This order was apparently passed with reference to para. 2 of the Revenue Department Memorandum No. 3399, dated 27th July 1892. But it seems to me that following rule 3, chapter 48 of the Civil Account Code therein quoted, the pay and allowances of the Paymasters should be borne by the Public Works Department as they are employed by that department.

3. I have the honour therefore to respectfully request that Government will be pleased to reconsider its order.

Office-note from the Examiner, Public Works Accounts, dated 30th March 1893, No. 1120 C.

There seems no necessity to modify the orders already passed in regard to the incidence of the charge on account of pay and allowances of the Paymasters as even assuming that by reason of their employment in the Public Works Department, the cost should be borne by that department, the final incidence will still have to fall on the Civil department, under G.O., No. 1048 W., dated 31st March 1892, with reference to which the excess establishment due to famine employed in the Public Works Department, should be debited to the Civil department.

From T. W. RAWLINS, Esq., Accountant-General, Madras, to the Secretary to Government, Public Works Department, dated Fort St. George, 21st April 1893, No. 1162.

With reference to your Memorandum No. 1707 C., dated the 12th April 1893, I have the honour to state that the modification of Government Order, No. 2189 W., dated 6th August 1892, is in my opinion desirable in order to secure conformity with the practice in such cases under which the charges pass through the Public Works Accounts in the first instance as famine expenditure incurred in the Public Works Department and are eventually debited to Civil Department through the Exchange account.

Order—dated 5th May 1893, No. 1219 W., Public Works.

In modification of the orders read above it is directed that the pay and allowances of the Paymasters employed by the Public Works Department in connection with famine relief works be charged to the Public Works Department in the first instance, but eventually be debited to the Civil department through the Exchange account.
