From the Superintending Engineer, II Circle, dated 8th June 1892, No. 90 B.C.

From Captain H. A. STREET, R.I.M., Presidency Port Officer, to the Chief Secretary to Government, dated Madras, 14th July 1892, No. 1447/229 G.

With respect to Marine Department Reference, dated 29th June 1892, on current No. 583 (herewith returned), I have the honour to annex in the margin the names of the lighthouses at which quarters are provided for Superintendents of Lighthouses. No specific order appears to have been passed by Government in respect to Lighthouse Superintendents being entitled to free quarters, but, as a matter of fact, the quarters in question have always been occupied free of rent. For the efficient management of a light and proper supervision over the work of the lightkeepers, especially at night, it is imperatively necessary that Superintendents should be located in the near vicinity of the lighthouses in their charge, and considering the isolated position of the Lighthouses and that the pay at present drawn by the several Superintendents has been fixed at as low a rate as possible after due regard to their duties and responsibilities, the dearness of provisions, the inconvenience of living in out-of-the-way places and other circumstances, I submit the men should be permitted to continue occupying their quarters free of rent as hitherto. I may add that in the other presidencies on the Burma coast and in Ceylon Lighthouse Superintendents are allowed quarters at the public expense for them to reside in.
