READ—the following papers :—

From Brigadier-General E. H. EYRE, Quartermaster-General, Madras Army, to the Secretary to Government, Military Department, dated Ootacamund, 8th February 1893, No. 201 M.W.

Adverting to G.O. No. 108 of the 11th ultimo, I am desired to submit for sanction, duly approved by the Commander-in-Chief, plans and estimate, the latter, amounting to Rs. 9,830, for constructing an armoury with magazine and store-room and quarters for the Serjeant Instructor attached to the South Indian Railway Volunteer Corps at Cuddalore.

2. The proportionate cost of the accommodation to be provided for the Serjeant Instructor is Rs. 5,380, towards which an allotment of Rs. 3,195 is made in the preliminary issue of the ensuing financial year's Military Works budget estimate. The balance of the estimate, viz., Rs. 4,450, represents the cost of that portion of the building proposed to be set apart as an armoury and magazine, &c. Ordinarily this sum should be provided from Corps funds, but in order that due encouragement may be given to a deserving Volunteer Corps, the Commander-in-Chief recommends that the latter amount also be borne by the State, the charge being met from the grant which it is presumed will be allotted by the Government of India for the provision of similar buildings during 1893–94.

No. 1066, Military.

Retransmitted to the Quartermaster-General with the request that Government may be informed what arrangements are now made for the armoury, magazine, &c., of the corps and for the Serjeant Instructor's quarters and whether house-rent is drawn for the latter.

(By Order.)
